INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Genesee Gateway Local Development Corporation
Batavia, New York

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying consolidated financial statements of Genesee Gateway Local Development Corporation (GGLDC) and its wholly owned subsidiary Genesee Agri-Business, LLC (GABLLC) as of and for the year ended December 31, 2021, and the related notes to the consolidated financial statements, which collectively comprise the GGLDC's basic financial statements, as listed in the table of contents.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the respective financial position of the GGLDC as of December 31, 2021, and the respective changes in financial position and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of GGLDC and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about GGLDC's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The Risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of GGLDC's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about GGLDC's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion & Analysis on pages 4 – 9 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, and historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplemental Information

Our audit was conducted for the purpose of forming opinions on the consolidated financial statements that collectively comprise GGLDC's basic financial statements. The accompanying supplementary information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and the other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 29, 2022; on our consideration of GGLDC's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of GGLDC's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering GGLDC's internal control over financial reporting and compliance.

Other Reporting Required by New York State Public Authorities law

In accordance with New York State Public Authorities Law, we have also issued our report dated March 29, 2022, on our consideration of GGLDC's compliance with Section 2925 of New York State Public Authorities Law. The purpose of that report is to determine whether GGLDC obtained and managed its investments in compliance with its own policies and relevant sections of the New York State Public Authorities Law.

Genesee Gateway Local Development Corporation
Management's Discussion and Analysis
Year Ended December 31, 2021

This section of the Genesee Gateway Local Development Corporation's (GGLDC) annual financial report presents our discussion and analysis of the GGLDC's financial performance during the fiscal year that ended on December 31, 2021 and should be read in conjunction with the financial statements and accompanying notes.

Overview of the Financial Statements

This annual financial report is made of two parts: first, management's discussion and analysis and secondly, the basic financial statements. The GGLDC is a 501(c)3 non-profit organization whose mission is to assist local economic development efforts by making real estate development investments to bolster shovel-ready tech and industrial park development and to provide tax and other related financial assistance to commercially viable projects in Genesee County thereby enabling the continued development of a sustainable long-term economy.

GGLDC follows enterprise fund reporting. These statements are presented in a manner similar to a private business, such as a property management company. While detailed sub-fund information is not presented, separate accounts are maintained for each fund to control and manage transactions for specific purposes and to demonstrate that the GGLDC is meeting its contractual obligations.

The financial reporting entity includes organizations, functions and activities over which appointed officials exercise oversight responsibility. The Genesee Agri-Business, LLC (GABLLC) has been included in the reporting entity. The GABLLC is a single member LLC whose only member is the GGLDC. The GABLLC owns the 250-acre Genesee Valley Agri-Business Park (GVAB) located in the Town of Batavia. The GVAB is a shovel ready park dedicated to food processing companies. This park is home to Upstate Niagara Cooperative's food processing facility, a food processing support company, Markttec Products, Inc., and a dairy processing plant, HP Hood.

Affiliated Entities

The Genesee County Industrial Development Agency D/B/A Genesee County Economic Development Center (GCEDC), was established by the Genesee County Legislature in 1970 under New York State's General Municipal Law. The GCEDC is a component unit of Genesee County (the County). The GCEDC's mission is to be the driving force in fostering community economic success by providing comprehensive support, technical assistance and access to financial resources to businesses thereby enabling growth, expansion and retention of our existing business base and to market our community as "business friendly" facilitating new business attraction in order to build a sustainable long-term economy.

Activities

The activities of the GGLDC are organized on the basis of nine divisions, each of which are internally considered a separate accounting entity. A brief overview of the separate divisions of the GGLDC follows:

The Operating Fund accounts for general administration of the GGLDC.

Gateway II Fund: Gateway II Corporate Park, located in the Town of Batavia, is a 57 acre site that is ideal for distribution, warehouse, light manufacturing, office and construction equipment industries needing quick access to the New York State Thruway. The shovel-ready park is home to Ashley Furniture's distribution center and Gateway GS, LLC that has three of five proposed spec buildings at the site, with two currently under construction. Ashley Furniture purchased an approximate 2-acre parcel and Mega Properties purchased the remaining vacant acreage at the park in 2021.

Buffalo East Fund: The Buffalo East Tech Park (BETP) is a 67-acre site located directly off Exit 48A of the New York State Thruway in the Town of Pembroke. Strategic advantages of the park include access to workforce from both the Buffalo and Rochester regions and low-cost hydro-power options for occupants. The GCEDC/GGLDC and the Town of Pembroke, in cooperation with the Village of Corfu, completed the expansion of the wastewater treatment facility's capacity by construction a new 150,000 gpd treatment plant. Current tenants include Yancey's Fancy and Professional Turf Services. There are another 12 acres that are covered under purchase and sale agreements that were approved in early 2021, with closing anticipated to occur in mid-2022.

Ag Park Fund is a one of a kind, 250-acre agri-business and food processing park focused on attracting food processing and related companies to the site. The park is currently home to HP Hood, Upstate Niagara and Marktec Industries. In 2021, HP Hood purchased an additional 40 acres. The park is fully shovel ready. Several other companies are currently looking at the park for the potential construction/location of their production facilities.

MedTech Park Fund - MedTech Park, a 34-acre shovel-ready park located in the Town of Batavia, is home to the Dr. Bruce A. Holm MedTech Centre. The park is equipped with electric, gas and broadband and is dedicated to life science and medical device companies. Marketing the shovel-ready acreage available at the MedTech Park continued in 2021. YSG Solar will be constructing a community solar farm on approximately 7 acres at the MedTech Park in early 2022.

WNY STAMP Fund - WNY STAMP (Science and Technology Advanced Manufacturing Park) is a 1,250-acre advanced manufacturing park located 5 miles north of I-90 Exit 48A in the Town of Alabama. The GGLDC currently owns 53 acres within the STAMP site. Most of the WNY STAMP site is owned by the GCEDC and development activities are currently being undertaken by the GCEDC.

MedTech Centre Fund - MedTech Centre is a 43,000 square foot building known as the Dr. Bruce A. Holm Upstate MedTech Centre and is located within the 34-acre MedTech Park near Genesee Community College (GCC). GCC's School of Nursing occupies the entire second floor. UMMC's Summit Physical and Occupational Therapy Center is located on the first floor of the building and serves residents of Genesee and surrounding counties. GCEDC and GGLDC offices are also located on the first floor. A medical device company, First Wave Technologies, is currently occupying a portion of the accelerator space within MedTech Centre. The GGLDC also has the Innovation Zone space that is available to companies in the community offering office space and video conferencing abilities at a low cost. It also creates a welcoming environment for young entrepreneurs to get together, share their ideas and cultivate new business opportunities.

Economic Development Loan Fund – This fund accounts for activity related to a subrecipient agreement between the GCEDC and Genesee County, along with a grant agreement between the GGLDC and Genesee County. GCEDC revolving loan funds have been directed to the GGLDC by Genesee County for the disbursement and administration of approved loans. The GGLDC is using the repayments on those County approved loans to provide additional loans to qualifying businesses.

Batavia Micropolitan Area Redevelopment Fund - This is a loan fund established to foster investments in business districts across the Batavia Micropolitan area which facilitates redevelopment of underutilized buildings and sites.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the Genesee Gateway Local Development Corporation (the GGLDC) have been prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the GGLDC's accounting policies are described below.

A. REPORTING ENTITY

The GGLDC was created in 2004 with a focus on economic development opportunities related to real estate and corporate park development. The corporation is a public instrumentality formed exclusively for charitable purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code. The Genesee County Industrial Development Agency D/B/A Genesee County Economic Development Center (GCEDC) is the sole member of the corporation.

The financial reporting entity includes organizations, functions, and activities over which appointed officials exercise oversight responsibility. Oversight responsibility is determined on the basis of financial interdependency, selection of governing agency, designation of management, ability to significantly influence operations, and accountability for fiscal matters. Genesee Agri-Business, LLC has been included in the reporting entity as a blended component unit.

The financial reporting entity consists of (a) the primary entity which is the GGLDC, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary entity is such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The decision to include a potential unit in the GGLDC's reporting entity is based on several criteria including legal standing, fiscal dependency, and financial accountability, in accordance with U.S. GAAP.

Management has determined that the GGLDC is not a component unit of the GCEDC in accordance with U.S. GAAP.

B. BASIS OF PRESENTATION

The GGLDC's basic financial statements consist of three statements that provide information about the GGLDC's activities. The first statement is the consolidated statement of net position which lists all of the GGLDC's assets and liabilities, with the difference reported as net position. The second statement is the consolidated statement of revenues, expenses and changes in net position which details how the GGLDC's net position changed during the current year based on the reporting of the revenues and expenses recognized by the GGLDC. The third statement is the consolidated statement of cash flows which reports the activities that provide or use the cash and cash equivalents of the GGLDC.

The accounts of the GGLDC are organized on the basis of sub-funds or account groups. A separate sub-fund is used to account for each development project and an operating fund is used for all resources over which the board of directors has discretionary control to carry out the operations of the GGLDC. The following sub-funds are used: Operating fund, Gateway II fund, Buffalo East fund, Ag Park fund, Med Tech Park fund, WNY STAMP fund, Med Tech Centre fund, Economic Development Loan fund, and Batavia Micropolitan Area Redevelopment Loan fund.

C. CONSOLIDATED FINANCIAL STATEMENT PRESENTATION

These consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

D. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The GGLDC's financial statements are prepared in conformity with accounting principles generally accepted in the United States as applied to government units. The GASB is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The financial statements of the GGLDC are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place. Nonexchange transactions, in which the GGLDC gives or receives value without directly receiving or giving equal value in exchange, include grants. Revenue from grants is recognized in the fiscal year in which all eligibility requirements have been satisfied.

E. NET POSITION

Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and related debt.
- b. Restricted - Consists of net positions with constraints on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted - All other net positions that do not meet the definition of "restricted" or "net investment in capital assets."

F. INCOME TAXES

The GGLDC is exempt from federal income taxes under Section 115 of the Internal Revenue Code. Accordingly, no provision for income taxes has been made on the accompanying financial statements.

G. CASH AND CASH EQUIVALENTS

The GGLDC's cash and cash equivalents consists of cash on hand, demand deposits, and short-term investments with original maturities of three months or less from date of acquisition.

H. ACCOUNTS RECEIVABLE

Accounts receivable are reported at their net realizable value. Generally accepted accounting principles require the establishment of an allowance for uncollectible accounts. No allowance for uncollectible accounts receivable has been provided since management believes that such allowance would not be necessary.

I. LOANS RECEIVABLE

Loans receivable are shown net of the allowance for bad debts in accordance with generally accepted accounting principles. Receivables for loans are reviewed periodically by management to update the provisions for uncollectible amounts. These provisions are estimated based on an analysis of the aging of the receivable and any other factors known by management.

J. DUE TO/FROM OTHER FUNDS

During the course of operations, numerous transactions occur between individual sub-funds that may result in amounts owed between sub-funds. Those related to goods and service type transactions are classified as "due to and from other funds". All balances are eliminated on the Combining Statement of Net Position.

K. LAND HELD FOR DEVELOPMENT AND SALE

Land held for development and sale is valued at cost.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

L. EQUITY INVESTMENT IN GENESEE AGRIBUSINESS, LLC (GAB, LLC)

Equity Investment in GAB, LLC represents the GGLDC's investment in Genesee Agri-Business, LLC. The GGLDC utilizes the equity method of accounting for its investment in GAB, LLC which results in the Equity Investment balance being increased or decreased by GGLDC's share of GAB, LLC's change in net position plus any contributions made by GGLDC.

M. UNEARNED REVENUE

The GGLDC reports unearned revenue on its statement of net position. Unearned revenue arises when a potential revenue does not meet both the measurable and available criteria for recognition in the current period. Unearned revenue also arises when resources are received by the GGLDC before it has a legal claim to them, as when grant monies are received prior to the occurrence of qualifying expenditures. In subsequent periods, when both recognition criteria are met, or when the GGLDC has legal claim to the resources, the liability for unearned revenue is removed and revenue is recognized.

N. CAPITAL ASSETS

Capital assets are recorded at acquisition cost and depreciated over the estimated useful lives of the respective assets using the straight-line method. The cost of repairs, maintenance and minor replacements is expensed as incurred, whereas expenditures that materially extend property lives are capitalized. When depreciable property is retired or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts and any gain or loss is reflected in income.

Capitalization thresholds (the dollar value above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets reported in the GGLDC are as follows:

	<u>Capitalization Threshold</u>	<u>Depreciation Method</u>	<u>Estimated Useful Life</u>
Furniture and equipment	\$1,000	straight-line	5-7 years
Buildings and improvements	\$1,000	straight-line	30-40 years

O. STATEMENT OF CASH FLOWS

For the purposes of the consolidated statement of cash flows the GGLDC considers cash and cash equivalents to be all unrestricted and restricted cash accounts including demand accounts and short-term investments with original maturities of three months or less from the date of acquisition.

P. ACCOUNTING PRONOUNCEMENTS

The GGLDC has evaluated GASB 89, *Accounting for Interest Cost Incurred before the End of a Construction Period* and GASB 98, *The Annual Comprehensive Financial Report*, and have determined that there is no significant impact for the year ended December 31, 2021.

Q. USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 2. DEPOSITS AND INVESTMENTS

The GGLDC's investment policies are governed by State statutes. In addition, the GGLDC has its own written investment policy. GGLDC monies must be deposited in Federal Deposit Insurance Corporation (FDIC)-insured commercial banks or trust companies located within the State. The GGLDC is authorized to use interest bearing demand accounts and certificates of deposit. Permissible investments include obligations of the United States Treasury and its agencies, repurchase agreements and obligations of the State and its localities.

Collateral is required for demand deposits and certificates of deposits not covered by federal deposit insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of the State and its municipalities and school districts and obligations issued by other than New York State rated in one of the three highest rating categories by at least one nationally recognized statistical rating organization.

As of December 31, 2021, cash balances of \$44,099 in the GGLDC were not fully collateralized or covered by FDIC insurance. GGLDC's cash balances were fully collateralized as of January 25, 2022. Oversight of investment activity is the responsibility of the GGLDC's Treasurer.

Interest Rate Risk

Interest rate risk is the risk that the fair value of investments will be affected by changing interest rates. The GGLDC's investment policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

GENESEE GATEWAY LOCAL DEVELOPMENT CORPORATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Credit Risk

The GGLDC's policy is to minimize the risk of loss due to failure of an issuer or other counterparty to an investment to fulfill its obligations. The GGLDC's investment and deposit policy authorizes the reporting entity to purchase the following types of investments:

- Interest bearing demand accounts.
- Certificates of deposit.
- Obligations of the United States Treasury and United States agencies.
- Obligations of the State of New York and its localities.

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a failure of a depository financial institution, the reporting entity may not recover its deposits. In accordance with the GGLDC's investment and deposit policy, all deposits of the GGLDC including interest bearing demand accounts and certificates of deposit, in excess of the amount insured under the provisions of the Federal Deposit Insurance Act (FDIC) shall be secured by a pledge of securities with an aggregate value equal to 100% of the aggregate amount of deposits. The GGLDC restricts the securities to the following eligible items: Obligations issued, fully insured or guaranteed as to the payment of principal and interest, by the United States Treasury and United States agencies.

Restricted net position – assets are reported as restricted when constraints are placed on asset use either by external parties or by law through constitutional provision or enabling legislation.

- *Restricted for Med Tech Centre* – represents funds required to be set aside for replacement/repair fund by an outside regulatory agency.
- *Restricted for Buffalo East* – represents funds remaining of the payments received towards the CBA with Darien Lake.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
Genesee Gateway Local Development Corporation
Batavia, New York

We have audited in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Genesee Gateway Local Development Corporation ("GGLDC") and its wholly owned subsidiary, Genesee Agri-Business, LLC ("GAB, LLC") as of and for the year ended December 31, 2021, and the related notes to the consolidated financial statements, which collectively comprise GGLDC's basic financial statements, and have issued our report thereon dated March 29, 2022.

Internal Control over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered GGLDC's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of GGLDC's internal control. Accordingly, we do not express an opinion on the effectiveness of GGLDC's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's consolidated financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether GGLDC's consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of GGLDC's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE
WITH INVESTMENT GUIDELINES FOR PUBLIC AUTHORITIES**

To the Board of Directors
Genesee Gateway Local Development Corporation
Batavia, New York

We have examined the Genesee Gateway Local Development Corporation's (GGLDC) compliance with the New York State Comptroller's Investment Guidelines for Public Authorities and Section 2925 of the New York State Public Authorities Law (collectively, the "Investment Guidelines") for the year ended December 31, 2021. Management of GGLDC is responsible for the GGLDC's compliance with the specified requirements. Our responsibility is to express an opinion on GGLDC's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether GGLDC complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether GGLDC complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination of GGLDC's compliance with specified requirements.

In our opinion, GGLDC complied, in all material respects, with the aforementioned requirements for the year ended December 31, 2021.

This report is intended solely for the information and use of the Board of Directors, management and others within GGLDC and the New York State Authorities Budget Office, and is not intended to be and should not be used by anyone other than these specified parties.
