INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Genesee County Industrial Development Agency
D/B/A Genesee County Economic Development Center
Batavia, New York

Report on the Financial Statements

We have audited the accompanying financial statements of Genesee County Industrial Development Agency D/B/A Genesee County Economic Development Center ("GCEDC"), (A Component Unit of Genesee County, New York) as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the GCEDC's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the GCEDC's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the GCEDC's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

MEMBERS: American Institute of Certified Public Accountants, New York State Society of Certified Public Accountants

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the GCEDC as of December 31, 2016, and the respective changes in financial position and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion & Analysis on pages 3 – 8 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, and historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplemental Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the GCEDC's financial statements. The supplementary information in Section C of the financial statements are presented for purposes of auditing analysis and are not a required part of the financial statements, but is supplemental information required by the Office of New York State Comptroller.

This supplementary information is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such supplementary information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and the other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information in Section C is fairly stated in all material respects in relation to the financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 30, 2017 on our consideration of GCEDC's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering GCEDC's internal control over financial reporting and compliance.

Overview of the Financial Statements

This annual financial report is made of two parts: first management's discussion and analysis and secondly, the basic financial statements. The Genesee County Industrial Development Agency D/B/A Genesee County Economic Development Center (GCEDC) was established by the Genesee County Legislature in 1970 under New York State's General Municipal Law. The GCEDC is a component unit of Genesee County (the County).

The GCEDC follows enterprise fund reporting. These statements are presented in a manner similar to a private business, such as a property management company. While detailed sub-fund information is not presented, separate accounts are maintained for each fund to control and manage transactions for specific purposes and to demonstrate that the GCEDC is meeting its contractual obligations.

Financial Analysis of the GCEDC

Net Position – The following table summarizes the GCEDC's financial position at December 31:

	2016	2015	% Increase / (Decrease)
Current Assets	\$ 3,916,539	\$ 3,429,926	14%
Noncurrent Assets	\$ 11,710,501	\$ 9,569,885	22%

Current Liabilities	\$ 1,508,335	\$ 2,149,167	(30%)
Noncurrent Liabilities	\$ 5,672,815	\$ 3,924,284	45%
Total Liabilities	\$ 7,181,150	\$ 6,073,451	18%
Deferred Inflows of Resources	\$ 102,505	\$ 40,119	156%
Net Position:			
Invested in Capital Assets	\$ 3,745	\$ 5,374	(30%)
Unrestricted	\$ 8,480,844	\$ 6,644,855	28%
Restricted	\$ 340,278	\$ 338,246	1%
Total Net Position	\$ 8,824,867	\$ 6,988,475	26%

Current assets increased by \$486,613 (14%) which is primarily attributable to the following:

- Grants receivable is higher at 12/31/16. An Empire State Development Grant supports design, engineering and permitting for the Science and Technology Advanced Manufacturing Park (WNY STAMP).
- Collection of a project participation fee from Empire Pipeline in December of 2016 led to an increase in cash and cash equivalents. The associated fee revenue will not be recognized until the company receives approval from the Federal Energy Regulatory Commission (FERC).

Noncurrent assets increased by \$2,140,616 (22%) which is largely attributable to an increase in land held for development and sale. Additions for 2016 were related to design, engineering and permitting for the initial infrastructure at WNY STAMP.

Current liabilities decreased by \$640,832 (-30%) which is attributable to a decrease in balances outstanding on lines of credit. Lines of credit were utilized to provide bridge financing filling the timing gap created by reimbursement based grants and loans committed by ESD and other funding sources. Lines of credit are paid down as these funding sources are received.

Noncurrent liabilities increased by \$1,748,531 (45%). The GCEDC obtained a \$1,371,486 loan from Empire State Development (ESD) in 2016 to fund property acquisition at the WNY STAMP site. The loan has a 0% interest rate with no principal due for five years. At the end of the fifth year, ESD will make a determination as to how to proceed.

Net position increased overall by \$1,836,392 (26%) which is mostly attributable to grant revenue recognized in 2016 with no offsetting expense. Empire State Development grant funds reimburse for WNY STAMP expenditures that are capitalized and recorded as Land Held for Development and Sale on the Statement of Net Position.

The following table summarizes GCEDC's results of operations for the fiscal years ended December 31:

Financial Highlights

Total Non-Operating Revenue (Expense)	\$ 2,409,960	\$ 722,553	234%
Change in Net Position	\$ 1,836,392	\$ 556,052	230%

The \$295,037 (-27%) decrease in operating revenues is attributable to significantly lower fee revenue in 2016.

Total operating expenses increased by \$112,030 (9%) in 2016 and is mainly attributable to the GASB No. 68 and No. 71 adjustment to NYS retirement pension expense (\$60,183). GASB No. 68 and No. 71 were implemented to improve accounting and financial reporting by state and local government for pensions.

Total net non-operating revenue of \$2,409,960 in 2016 is due to grant revenue recognized that supported the design, engineering and permitting expenditures related to WNY STAMP. No offsetting expense is recorded as property is capitalized on the GCEDC's Statement of Net Position.

Significant grant income recognized in 2016 includes:

- \$2,780,916 ESD grant supports the design, engineering and permitting to WNY STAMP.
- \$30,983 PILOT Increment Financing that flows through the GCEDC in support of development at the AppleTree Acres Business Park.
- \$205,780 PILOT Increment Financing that flows through the GCEDC in support of development at the Genesee Valley Agri-Business Park.
- \$31,388 National Grid strategic economic development outreach program grant used for WNY STAMP marketing expenses.

- \$265,000 Genesee Finger Lakes Regional Council GAIN loan funds.
- \$310,000 ESD grant supports land acquisition at the Leroy Food & Technology Park.

Operating Activities

The operation activities of the GCEDC are organized on the basis of divisions, each of which are considered a separate accounting entity.

A brief overview of the separate divisions of the GCEDC is as follows:

The Operating Fund of the GCEDC accounts for all sales, business and economic development, management and administrative activities that are used to promote and encourage economic development within Genesee County including the strategic marketing/business attraction program. The operating fund also accounts for all other operations of the GCEDC over which the board of directors has governing control. An annual commitment from Genesee County provides funds to cover a portion of baseline payroll costs of GCEDC's operations. The GCEDC generates much of its own funding via project fees.

Following are just a few of the noteworthy projects assisted by the GCEDC during 2016:

- **Oakfield Hospitality, LLC** purchased 3.1 acres in Gateway I Corporate Park for construction of a new hotel. This project has a total capital investment of \$5.8M and has pledged the creation of 10 new jobs.
- **Alpina Foods, Inc.** expanded their existing facility in Batavia, NY to house a new bottle filling machine and packaging equipment. The project has a total capital investment of \$1.1M.
- **Genesee County Chamber of Commerce** renovated an existing facility located in Batavia, New York to be their new office location, along with a brand new visitor's center. This project has a total capital investment of \$930,000 and has pledged the creation of one new job.
- **CLP Darien Lake** constructed a new six flume racing water slide and replaced a roller coaster train. This project has a total capital investment of \$2.9M.

The **Real Estate Development & Management Fund** is responsible for corporate park property development and management activities associated with the Apple Tree Acres Corporate Park, Gateway I Corporate Park, Oatka Hills Corporate Parks I & II and LeRoy Food & Technology Park.

The Real Estate Development & Management Fund also interacts with affiliated entities (Genesee Gateway Local Development Corporation and Genesee Agri-Business, LLC), which are responsible for the development and management of the next generation of corporate parks consistent with the community based economic development strategic plan.

- **Apple Tree Acres**, located in Bergen, is a 185 acre park that is home to Liberty Pumps, Leonard Bus Company and Ad Tech Graphics. With Apple Tree's location directly on Route 33, Route 490 and near the I-90 interchange, the park is an ideal spot for traditional or advanced manufacturers or distribution centers. In 2015, Insurance Auto Auctions purchased 33 acres and constructed a 10,000 sq. ft. facility with parking area to hold their auctions. The park is fully shovel-ready with gas, electric, water and sewer infrastructure.
- **Genesee Gateway Corporate Park (Gateway I)**, located in the Town of Batavia, is a 56 acre Corporate Park. The park is currently home to hotels, manufacturers, distribution/ warehouse operations and financial institutions. Gateway I offers immediate access to Interstate I-90. In 2016, the GCEDC sold its last developable lot to Oakfield Hospitality for construction of a new hotel to be open in 2017. In 2017, the GCEDC dedicated the remaining two parcels of land to the Town of Batavia and no longer owns any property in Gateway I.

- **The Oatka Hills Corporate Park I & II**, strategically located at Exit 47 of the NYS Thruway I-90 and exit 1 of I-490, has 40 acres between two parcels of land. The site location is located within a 30-minute drive of five counties, providing easy access to a population of 2.2 million people. Immediate access to major highways reduces distribution and transportation costs, resulting in significant savings potential.
- **The LeRoy Food & Technology Park**, in 2016 the GCEDC purchased 73 acres located in the Town of LeRoy at the corner of West Bergen Road and Route 19 for the development of a new greenfield site for food processing companies and light manufacturers. The SEQR process will be completed in early 2017 with the construction and deployment of infrastructure to occur thereafter.

Revolving Loan Fund #1 (“RLF #1”) was established with grant funds that the County received from the federal Small Cities Program in 1985 and 1986. Since 1985, the GCEDC has administered the fund pursuant to a perpetual agreement with the County and in accordance with Community Development Block Grant (“CDBG”) guidelines. Funds are available to County business owners as a means to fill a financing gap in local development projects and are typically loaned at 80% of the New York Prime lending rate over a three to seven-year term. These funds were defederalized in 2009 and are no longer subject to CDGB guidelines.

Revolving Loan Fund #2 (“RLF #2”) was established with funds that Genesee County received in 2003 from a \$650,000 grant from the New York Governor’s Office for Small Cities. Under an agreement with the County, GCEDC was authorized to administer the loan fund for the purpose of lending funds to eligible business firms in Genesee County that will create or retain employment. An amended agreement with the County was entered into with Genesee County in 2013 restricting the GCEDC’s use of the related funds to necessary administrative costs as part of a defederalization process. Future loan requests will be submitted to the County for approval and funds will be redirected to the GGLDC for loan disbursement and administration.

WNY STAMP Fund: WNY STAMP (Science and Technology Advanced Manufacturing Park) is a 1,250 acre advanced manufacturing park located 5 miles north of I-90 exit 48A in the Town of Alabama. The site is considered New York’s 2nd Mega-Site. It holds great potential to be the Western New York home for Nano-Tech enabled manufacturing leveraging the \$10+ billion investment in Nano-Tech that New York State has made to date. At full build-out, the site could employ nearly 10,000 workers and 30,000 regionally when including the supply chain and construction employment effect and could be home to advanced manufacturing companies making technologies like photovoltaic cells (solar cells), semiconductors (computer chips) or flat panel displays.

The GCEDC has utilized a combination of loans and grants from New York State to acquire 1,016 acres at the WNY STAMP site.

The GCEDC attended SemiCon West, which is the annual event for the microelectronics industry. It’s the premier event for the display of new products and technologies, and it is co-located with InterSolar North America. This was an excellent opportunity for WNY STAMP to partner with NY Loves Nano to showcase and promote New York State to the west coast and the rest of the world. The GCEDC has also prepared printed advertising materials while updating and maintaining the information on our website as it relates to WNY STAMP.

During 2016 the GCEDC saw site visits from multiple companies and has seen significant interest in the site. The GCEDC was also successful in getting \$33M appropriated in New York State’s 2014-2015 budget for WNY STAMP that will enable the construction of infrastructure to meet a company’s needs once a commitment to construct their facilities is made. In 2016, the GCEDC began full design, engineering and permitting for the initial infrastructure at WNY STAMP to support the first tenant. The GCEDC has been utilizing the funds available in the \$33M for this effort. The GCEDC expects construction of infrastructure to begin in 2017.

Workforce Development Fund accounts for all activity related to supplying the County with well educated, highly skilled workforce and to assist in training existing employees. National Fuel provided a grant in 2013 to support workforce development initiatives.

GAIN Loan Fund was created in 2016 when the GCEDC entered into an agreement whereby the GCEDC is acting as a subrecipient to the Genesee/Finger Lakes Regional Planning Council (G/FLRPC) for a portion of a \$3M Empire State Development (ESD) grant. Under the agreement with G/FLRPC, the GCEDC is authorized to administer a GAIN Loan Fund for the purpose of lending funds to eligible agricultural businesses in Genesee County. In 2016 the GCEDC made two loans out of these funds, and anticipates loaning out the balance of its allocation in 2017.

Affiliated Entities

The **Genesee Gateway Local Development Corporation (GGLDC)** was formed in 2004 as a “Public Charitable” tax exempt entity that focuses on real estate and related large scale development which complement the GCEDC’s economic development mission. The GCEDC is the sole member of this corporation. The GGLDC is reported as a related entity in the GCEDC’s audited financial statements. Pursuant to Government Accounting Standards Board Statement No. 14, as amended by No. 39, the GGLDC has not been included as a component unit of the GCEDC.

The **Genesee Agri-Business LLC (GABLLC)**, is a single member LLC whose only member is the GGLDC. The GABLLC owns the 250 acre Genesee Valley Agri-Business Park located in the Town of Batavia. The GABLLC is a shovel ready park dedicated to food processing companies. This park is home to a yogurt plant, Alpina Foods, Inc., along with food processing support company Marktec Products, Inc. In 2016, Dairy Farmers of America (DFA) acquired a 363,000 square foot manufacturing facility located within the Genesee Valley Agri-Business Park.

Capital Assets

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Genesee County Industrial Development Agency D/B/A Genesee County Economic Development Center (GCEDC) have been prepared in conformity with generally accepted accounting principles in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the GCEDC's accounting policies are described below.

A. REPORTING ENTITY

The accompanying financial statements include assets, liabilities, net position, and the financial activities of the GCEDC, a component unit of Genesee County.

The GCEDC is a public benefit corporation of the State of New York (the State) created in 1970 by a resolution of the Genesee County Legislature to facilitate economic development in the County of Genesee, New York. The D/B/A name was adopted in 2003.

The financial reporting entity includes organizations, functions, and activities over which appointed officials exercise oversight responsibility. Oversight responsibility is determined on the basis of financial interdependency, selection of governing agency, designation of management, ability to significantly influence operations, and accountability for fiscal matters. No other organizations have been included in the reporting entity.

The financial reporting entity consists of (a) the primary entity which is the GCEDC, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary entity is such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete as set forth in GASB Statement No. 14 as amended by GASB Statement No. 39. The decision to include a potential unit in the GCEDC's reporting entity is based on several criteria set forth in GASB Statement No. 14, as amended by GASB Statement No. 39, including legal standing, fiscal dependency, and financial accountability.

B. BASIS OF PRESENTATION

The GCEDC follows enterprise fund reporting. Enterprise funds are used to account for business-like activities. These activities are financed primarily by user charges and the measurement of financial activity focuses on a net income measurement similar to the private sector.

The accounts of the GCEDC are organized on the basis of sub-funds or account groups, each of which is considered a separate accounting entity. The operations of each sub-fund are accounted for within a separate set of self-balancing accounts that comprise its assets, liabilities, net position, revenues, and expenses and which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations. Detailed sub-fund information is not presented on the Combined Statement of Net Assets, but is included in the supplementary information. The following sub-fund types are used:

Operating fund accounts for all resources over which the board of directors has discretionary control used to carry out the operations of the GCEDC.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revolving loan fund #1 (RLF #1) was established with funds from federal programs. The GCEDC uses the funds in a custodial nature, lending money to businesses located in Genesee County for construction and rehabilitation of industrial properties, purchase of machinery and equipment, and working capital. The funds accounted for in RLF #1 were defederalized in 2009 and are no longer restricted.

Revolving loan fund #2 (RLF #2) was established with federal funds provided to the GCEDC solely through the Office of Small Cities/Community Development Block Grant Program. See Note 11.

All RFL #2 funds received from the Office of Small Cities/Community Development Block Grant Program, all interest earned on the deposits of these funds, all loan repayment proceeds, and all other program income is required to be held in a separate bank account. The funds are not to be commingled with any other funds held by the GCEDC.

Real estate development/management fund was established to break out funds earmarked for the development of land, infrastructure and buildings.

The WNY STAMP fund was established in 2012 to record activity related to land purchases and development of the Western New York Science and Technology Advanced Manufacturing Park (WNY STAMP).

Workforce Development fund was re-established in 2013 to record the activity related to supplying Genesee County with well educated, highly skilled workforce and to assist in training existing employees.

GAIN Loan fund was established in 2016 to record activity related to implementation of a Growing the Agriculture Now! (GAIN) revolving loan fund grant awarded to Genesee/Finger Lakes Regional Planning Council (G/FLRPC). See Note 12.

C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The financial statements of the GCEDC are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place. Nonexchange transactions, in which the GCEDC gives or receives value without directly receiving or giving equal value in exchange, include grants. Revenues from grants are recognized in the fiscal year in which all eligibility requirements have been satisfied. The GCEDC is engaged only in business-type activities as defined in GASB Statement No. 34. The GCEDC applies all applicable GASB pronouncements, as well as, Financial Accounting Standards Board's (FASB) Accounting Standards Codification unless these standards conflict with or contradict GASB pronouncements.

D. REVENUE AND EXPENSE CLASSIFICATION

The GCEDC distinguishes operating revenues and expenses from nonoperating items in its financial statements. Operating revenues and expenses generally result from providing services in connection with the GCEDC's principal on-going operations. The GCEDC's operating expenses include project and program costs and related administration expenses. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. INCOME TAXES

The GCEDC is a quasi-governmental organization. The GCEDC is not subject to federal or state income taxes, nor is it required to file federal or state income tax returns, therefore, no provision for income taxes is reflected in these financial statements.

F. CASH AND CASH EQUIVALENTS

The GCEDC's cash and cash equivalents consists of cash on hand, demand deposits, and short-term investments with original maturities of three months or less from date of acquisition.

G. LOANS AND MORTGAGES RECEIVABLE

Loans and mortgages receivable are shown net of the allowance for bad debts in accordance with generally accepted accounting principles. Receivables for loans and mortgages are reviewed periodically by management to update the provisions for uncollectible amounts. These provisions are estimated based on an analysis of the aging of the receivable and any other factors known by management.

H. PREPAID EXPENDITURES

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

I. DUE TO/FROM OTHER FUNDS

During the course of operations, numerous transactions occur between individual sub-funds that may result in amounts owed between sub-funds. Those related to goods and service type transactions are classified as "due to and from other funds". All balances are eliminated on the Combined Statement of Net Position.

J. LAND HELD FOR DEVELOPMENT AND SALE

Land held for development and sale is valued at cost.

K. CAPITALIZED FINANCE CHARGE ON INDEBTEDNESS

Major outlays for land and land improvements are reported on the Statement of Net Position as land held for development and sale. A portion of the finance charges incurred during the construction phase of the WNY STAMP business park are reflected in the capitalized value of the asset acquired or constructed. The total finance charges expensed and capitalized for the WNY STAMP business park for this fiscal year were \$9,311 and \$34,572, respectively.

L. CAPITAL ASSETS

Capital assets are recorded at acquisition cost and depreciated over the estimated useful lives of the respective assets using the straight-line method. The cost of repairs, maintenance and minor replacements is expensed as incurred, whereas expenditures that materially extend property lives are capitalized. When depreciable property is retired or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts and any gain or loss is reflected in income.

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capitalization thresholds (the dollar value above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets reported in the GCEDC are as follows:

	<u>Capitalization Threshold</u>	<u>Depreciation Method</u>	<u>Estimated Useful Life</u>
Software	\$1,000	straight-line	3 years
Furniture and equipment	\$1,000	straight-line	5-7 years
Buildings and improvements	\$1,000	straight-line	30-40 years

M. INSURANCE

The GCEDC is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, personal injury liability, and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Judgments and claims are recorded when it is probable that an asset has been impaired or a liability has been incurred and the amount of loss can be reasonably estimated. Settled claims from these risks have not yet exceeded commercial insurance coverage for the past three fiscal years. No claims were made in 2016.

N. UNEARNED REVENUES

Unearned revenues arise when potential revenues do not meet both the measurable and available criteria for recognition in the current period. Unearned revenues also arise when resources are received by the GCEDC before it has a legal claim to them, as when grant monies are received prior to incurring qualifying expenditures. In subsequent periods, when both recognition criteria are met, or when the GCEDC has legal claim to resources, the liability for unearned revenues is removed and revenues are recognized.

O. COMPENSATED ABSENCES

GCEDC employees are entitled to accrue a maximum of 60 days of sick leave. No compensation for accrued sick leave will be paid in the event of termination of employment. Up to five days of unused vacation days may be carried over to the following year with approval. Upon termination of employment, employees will be paid for accumulated unused vacation days.

P. INTERFUND TRANSFERS

The operations of the GCEDC give rise to certain transactions between sub-funds, including transfers of expenditures and revenues to provide services and construct assets or to re-allocate funds.

Q. NET POSITION

Equity is classified as net position and displayed in three components:

- a. Investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation.
- b. Unrestricted - All other net assets that do not meet the definition of "invested in capital assets" or "restricted".
- c. Restricted - Consists of net assets with constraints on the use either by (1) external groups such as creditors, grantors, contributors, laws or regulations of other governments, or (2) laws through constitutional provisions or enabling legislation.

R. STATEMENT OF CASH FLOWS

For the purposes of the statement of cash flows the GCEDC considers cash to be all unrestricted and restricted cash accounts including demand accounts and certificates of deposit with an original maturity of generally three months or less.

S. USE OF ESTIMATES

The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

T. ACCOUNTING PRONOUNCEMENTS

During the fiscal year ended December 31, 2016, the GCEDC adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 72, *Fair Value Measurement and Application*; Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*; Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*; Statement No. 77, *Tax Abatement Disclosures* Statement No. 78, *Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans*; and Statement No. 79, *Certain External Investment Pools and Pool Participants*.

The primary objective of Statement No. 72 is to define fair value, how fair value is measured, what assets and liabilities should be measured at fair value, and what information about fair value should be reported in the notes to the financial statements.

The primary objective of Statement No. 76 is to identify – in the context of the current governmental financial reporting environment – the hierarchy of generally accepted accounting principles (GAAP).

The primary objective of Statement No. 77 is to require governments that enter into tax abatement agreements to disclose information about the tax abatement agreements and those that are entered into by other governments.

The GCEDC has evaluated Statements No. 73, 77, 78 and 79 and have determined that they have no impact on the GCEDC's operations.

The GASB has issued the following new pronouncements:

- Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other than Pension Plans*, which will be effective for the year ending December 31, 2017;
- Statement No. 75, *Accounting and Financial reporting for Postemployment Benefits Other than Pensions*, which will be effective for the year ending December 31, 2018;
- Statement No. 80, *Blending Requirements for Certain Component Units-an amendment of GASB Statement No. 14*, which will be effective for the year ending December 31, 2017;
- Statement No. 81, *Split-Interest Agreements*, which will be effective for the year ending December 31, 2017;
- Statement No. 82, *Pension Issues-an amendment of GASB Statements No. 67, 68 and 73*, which will be effective for the year ending December 31, 2018; and
- Statement No. 83, *Certain Asset Retirement Obligations*, which will be effective for the year ending December 31, 2019.

The GCEDC is currently reviewing these statements and plans on adoption, as required.

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

U. DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

In addition to assets, the Combined Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/ expenditure) until then. The GCEDC only has one item that qualifies for reporting in this category. It is related to pensions reported in the combined Statement of Net Position. See details of deferred pension outflows in Note 8.

In addition to liabilities, the Combined Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The GCEDC has only one type of item that qualifies for reporting in this category. It is related to pensions reported in the combined Statement of Net Position. See details of deferred pension inflows in Note 8.

NOTE 2 - CASH AND INVESTMENTS

The GCEDC's investment policies are governed by State statutes. In addition, the GCEDC has its own written investment policy. GCEDC monies must be deposited in Federal Deposit Insurance Corporation (FDIC)-insured commercial banks or trust companies located within the State. The GCEDC is authorized to use interest bearing demand accounts and certificates of deposit. Permissible investments include obligations of the United States Treasury and its agencies, repurchase agreements and obligations of the State and its localities.

Collateral is required for demand deposits and certificates of deposits not covered by federal deposit insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of the State and its municipalities and school districts.

As of December 31, 2016, cash balances were fully collateralized.

Investment and Deposit Policy

The GCEDC follows an investment and deposit policy, the overall objective of which is to adequately safeguard the principal amount of funds invested or deposited; conformance with federal, state and other legal requirements; and provide sufficient liquidity of invested funds in order to meet obligations as they become due. Oversight of investment activity is the responsibility of the GCEDC's Treasurer.

Interest Rate Risk

Interest rate risk is the risk that the fair value of investments will be affected by changing interest rates. The GCEDC's investment policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

NOTE 2 - CASH AND INVESTMENTS (Continued)

Credit Risk

The GCEDC's policy is to minimize the risk of loss due to failure of an issuer or other counterparty to an investment to fulfill its obligations. The GCEDC's investment and deposit policy authorizes the reporting entity to purchase the following types of investments:

- Interest bearing demand accounts.
- Certificates of deposit.
- Obligations of the United States Treasury and United States agencies.
- Obligations of the State of New York and its localities.

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a failure of a depository financial institution, the reporting entity may not recover its deposits. In accordance with the GCEDC's investment and deposit policy, all deposits of the GCEDC including interest bearing demand accounts and certificates of deposit, in excess of the amount insured under the provisions of the Federal Deposit Insurance Corporation (FDIC) shall be secured by a pledge of securities with an aggregate value equal to 100% of the aggregate amount of deposits. The GCEDC restricts the securities to the following eligible items:

- Obligations issued, fully insured or guaranteed as to the payment of principal and interest, by the United States Treasury and United States agencies.
- Obligations issued or fully insured or guaranteed by the State of New York and its localities.

NOTE 5 - UNEARNED REVENUE

The GCEDC collected a project participation fee of \$362,500 from Empire Pipeline, Inc. in December 2016. The fee revenue is not earned until the company receives approval from the Federal Energy Regulatory Commission (FERC).

In April 2009, the GCEDC received a \$400,000 grant from the Town of Pembroke to support the development of the Buffalo East Tech Park. As of December 31, 2016, \$305,499 of these funds were expended. The balance of \$94,501 will be recognized in the year the improvements are made and the funds are expended.

The GCEDC received a \$100,000 Workforce Development grant from National Fuel in 2013. As of December 31, 2016, \$49,075 of these funds were expended. The balance of \$50,925 will be recognized in the year that qualifying expenditures are made.

Interest received in advance related to loans receivable totaled \$54 at December 31, 2016.

Annual administrative fees of \$2,000 were received in advance at December 31, 2016.

NOTE 6 - LINES OF CREDIT

In September 2008, the GCEDC obtained a revolving line of credit from the Bank of Castile for \$350,000 to assist in covering cash flows related to reimbursable grants and short term debt requirements. Collateral consists of accounts receivable held by the GCEDC. A 4.75% interest rate will be charged on any outstanding balance. This agreement is subject to annual review and renewal. At December 31, 2016, there were no funds drawn against this line of credit.

In December 2013, the GCEDC obtained a revolving credit note from First Niagara Bank (now Key Bank) for \$3,500,000 to assist in covering cash flows related to land acquisition costs to be reimbursed by Empire State Development grants and loans. This financing is secured by the pledge of, security interest in, and lien and charge on the dedicated loans, grants and revenues from Empire State Development dedicated to the WNY STAMP Project. A variable interest rate equal to the LIBOR Rate plus 2.05%, with a floor of 2.05%, will be charged on any outstanding balance. In December 2014, the maximum principal amount available under the note was reduced from \$3,500,000 to \$2,500,000. At December 31, 2016, there was a balance of \$681,991 against this credit note. In March 2016, this revolving credit note was expanded to \$16,000,000.

NOTE 7 – LOANS PAYABLE

In September 2014, the GCEDC obtained two loans totaling \$2,100,000 from Empire State Development (ESD) to fund WNY STAMP land acquisition in the Town of Alabama. The loans have a 0% interest rate with no principal payment due for the first five years. At the end of the fifth year, ESD will make a determination as to whether to (1) require a full principal balloon payment; (2) waive the obligation to repay the loans; or (3) extend the loans for another five year term with payment terms to be determined.

In February 2015, the GCEDC obtained a \$1,725,001 loan from ESD to fund additional WNY STAMP land acquisition in the Town of Alabama. The loan has a 0% interest rate with no principal payment due for the first five years. At the end of the fifth year, ESD will make a determination as to whether to (1) require a full principal balloon payment; (2) waive the obligation to repay the loan; (3) extend the loan for another five year term with payment terms to be determined.

In May 2016, the GCEDC obtained a \$1,371,486 loan from ESD to fund additional WNY STAMP land acquisition in the Town of Alabama. The loan has a 0% interest rate with no principal payment due for the first five years. At the end of the fifth year, ESD will make a determination as to whether to (1) require a full principal balloon payment; (2) waive the obligation to repay the loan; (3) extend the loan for another five year term with payment terms to be determined.

PENSION OBLIGATIONS

New York State and Local Employees' Retirement System (ERS)

PLAN DESCRIPTION

The GCEDC participates in the New York State and Local Employees' Retirement System (ERS), which is referred to as New York State and Local Retirement System (the System). This is a cost-sharing multiple-employer defined benefit retirement system. The System provides retirement benefits as well as death and disability benefits. The net position of the System is held in the New York State Common Retirement Fund (the Fund), which was established to hold all net assets and record changes in net position allocated to the System. The Comptroller of the State of New York serves as the trustee of the Fund and is the administrative head of the System. The Comptroller is an elected official determined in a direct statewide election and serves a four year term. System benefits are established under the provisions of the New York State Retirement and Social Security Law (NYSRSSL). Once a public employer elects to participate in the System, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. The GCEDC also participates in the Public Employees' Group Life Insurance Plan (GLIP), which provides death benefits in the form of life insurance. The System is included in the State's financial report as a pension trust fund. That report, including information with regard to benefit's provided, may be found at www.osc.state.ny.us/retire/publications/index.php or obtained by writing to the New York State and Local Retirement System, 110 State Street, Albany, NY 12244.

FUNDING POLICY

The System is noncontributory, except for employees who joined ERS after July 27, 1976 who contribute three percent (3%) of their salary for the first ten years of membership, and employees who joined on or after January 10, 2010, who generally contribute three percent (3%) to three and one half percent (3.5%) of their salary for their entire length of service. In addition, employee contribution rates under ERS Tier VI vary based on a sliding salary scale. The Comptroller annually certifies the actuarially determined rates expressly used in computing the employers' contributions based on salaries paid during the system's fiscal year ending March 31st.

PENSION LIABILITIES, PENSION EXPENSE, AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS

At December 31, 2016, the GCEDC reported a liability as follows for its proportionate share of the net pension liability. The net pension liability was measured as of March 31, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The GCEDC's proportion of the net pension liability was based on a projection of the GCEDC's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined.

NOTE 8 - PENSION PLAN (Continued)

For the year ended December 31, 2016, the GCEDC recognized a pension expense of \$156,303. At December 31, 2016 the GCEDC's reported deferred outflows of resources and deferred inflows of resources related to pensions arose from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 2,407	\$ 56,461
Changes of assumptions	127,022	-
Net difference between projected and actual earnings on pension plan investments	282,584	-

GCEDC's contributions subsequent to the measurement date	<u>68,850</u>	<u>-</u>
Total	<u>\$ 481,482</u>	<u>\$ 102,505</u>

GCEDC contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

ACTUARIAL ASSUMPTIONS

The total pension liability as of the March 31, 2016 was determined by using an actuarial valuation as of April 1, 2015, with update procedures used to roll forward the total pension liability to March 31, 2016. The actuarial valuation used the following actuarial assumptions.

Inflation	2.5%
Salary increases	3.8
Investment rate of return (net of investment expense, including inflation)	7.0
Cost of living adjustments	1.3

NOTE 8 - PENSION PLAN (Continued)

Annuitant mortality rates are based on April 1, 2010 – March 31, 2015 System experience with adjustments for mortality improvements based on the Society of Actuaries' Scale MP-2014.

The actuarial assumptions used in the April 1, 2015 valuation are based on the results of an actuarial experience study for the period April 1, 2010 – March 31, 2015.

The long term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected return, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation as of March 31, 2016 are summarized below:

<u>Asset Class:</u>	<u>Target Asset Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic equity	38.0%	7.3%
International equity	13.0	8.6
Private equity	10.0	11.0
Real estate	8.0	8.3
Absolute return strategies	3.0	6.8
Opportunistic portfolio	3.0	8.6
Real assets	3.0	8.7
Bond and mortgages	18.0	4.0
Cash	2.0	2.3
Inflation-indexed bonds	2.0	4.0
Total	100.0%	

DISCOUNT RATE

The discount rate used to calculate the total pension liability was 7.0%. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based upon the assumptions, the Systems' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore the long term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

SENSITIVITY OF THE PROPORTIONATE SHARE OF THE NET PENSION LIABILITY TO THE DISCOUNT RATE ASSUMPTION

The following tables presents the GCEDC's proportionate share of the net pension liability calculated using the discount rate of 7.0%, as well as what the GCEDC's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.0%) or 1-percentage point higher (8.0%) than the current rate:

	1% Decrease <u>(6.0%)</u>	Current Assumption <u>(7.0%)</u>	1% Increase <u>(8.0%)</u>

Employers' total pension liability	\$172,303,544
Plan net position	156,253,265
Employers net pension total	<u>\$ 16,050,279</u>
Ratio of Plan net position to the employers' total pension liability	90.7%

PREPAIDS TO THE PENSION PLAN

Employer contributions are paid annually based on the System's fiscal year which ends on March 31st. Prepaid retirement contributions as of December 31, 2016 represent the employer contribution for the period of January 1, 2017 through March 31, 2017 based on paid wages multiplied by the employer's contribution rate, by tier. Prepaid retirement contributions as of December 31, 2016 amounted to \$22,950.

NOTE 9 - OUTSTANDING INDUSTRIAL REVENUE BONDS

Assets acquired with bond proceeds secure bonds issued by the GCEDC. The borrowing company leases the assets from the GCEDC, retiring the bonds through the required lease payments. The bonds are not an obligation of the County of Genesee or the State of New York. The GCEDC does not record the assets or liabilities resulting from the completed bond issue in its accounts; its function is to arrange the financing between the borrowing company and the bondholder(s). A trustee bank controls all funds.

NOTE 10 - OUTSTANDING CIVIC FACILITY REVENUE BONDS

Structured similar to Industrial Revenue Bonds, Civic Facility bonds are tax-exempt bonds issued for projects undertaken by not-for-profit "civic facilities" owned or occupied by not-for-profit corporations organized and existing under the laws of or authorized to conduct activities in this state.

NOTE 11 - COMMUNITY DEVELOPMENT BLOCK GRANT

In 2003, the GCEDC entered into a grant/loan agreement whereby the GCEDC is acting as a sub-recipient to Genesee County for a \$650,000 Community Development Block Grant (CDBG) awarded from the Governor's Office For Small Cities. Under the agreement with Genesee County, GCEDC is authorized to administer Revolving Loan Fund #2 for the purpose of lending funds to eligible business firms in Genesee County that will create or retain employment. See Note 3.

In 2012, the GCEDC entered into an agreement with Genesee County amending the sub recipient agreement in place for the purpose of restricting the GCEDC's use of the related funds to necessary administrative costs.

NOTE 12 – GAIN LOAN FUND

In 2016, the GCEDC entered into an agreement whereby the GCEDC is acting as a sub-recipient to the Genesee/Finger Lakes Regional Planning Council (G/FLRPC) for a portion of a \$3,000,000 ESD grant. Under the agreement with G/FLRPC, the GCEDC is authorized to administer a GAIN Loan Fund for the purpose of lending funds to eligible businesses in Genesee County. As of December 31, 2016, GCEDC's allocation of the total grant was \$442,888, of which loans totaling \$244,139 were approved and \$172,077 was disbursed. See Note 3.

NOTE 13 - SALE LEASE BACK - GCEDC

Pursuant to an Industrial Revenue Bond and a First Amended Lease Agreement between R.J. Properties, LLC and the GCEDC dated August 1, 2008, R.J. Properties paid the GCEDC \$280,000 representing the purchase price of 12.82 acres of land at Apple Tree Acres Corporate Park. In consideration, the GCEDC leases title and interest in the land to the company. The lease agreement will terminate on August 1, 2028 and title of the land will be conveyed to the company.

NOTE 14 - RELATED PARTY TRANSACTIONS

The GCEDC has related party relationships with the Genesee Gateway Local Development Corporation (GGLDC) and the Genesee Agri-Business, LLC (GAB, LLC).

The GCEDC entered into a lease agreement with the Genesee Gateway Local Development Center, a related party, in July of 2009 to occupy 3,100 square feet of office space at the Med Tech Centre building. The term of the lease was for 15 years and commenced in June 2010, upon substantial completion of the building. This lease was amended in October 2015 to include an additional 1,400 square feet space. The annual rent is \$17,597 to be paid in equal monthly installments. At December 31, 2016, the GCEDC had a \$2,832 security deposit with the GGLDC as required by the lease agreement.

The GGLDC is a guarantor on four loans totaling \$5,196,487 to the GCEDC from Empire State Development. The loans have a 0% interest rate with no principal payment due for the first five years. At the end of the fifth year, Empire State Development will make a determination as to whether to (1) require a full principal balloon payment; (2) waive the obligation to repay the loans; or (3) extend the loans for another five year term with payment terms to be determined.

The GGLDC granted \$300,000 to the GCEDC in 2016 to support the continuing economic development program.

The GCEDC is a co-borrower on a \$3M loan to the GGLDC from the United States Department of Agriculture received on September 3, 2010. The loan has an interest rate of 4% and a term of 30 years. There was an outstanding balance of \$2,625,323 at December 31, 2016.

The GCEDC is a co-borrower on a \$700,000 line of credit that the GGLDC obtained from Five Star Bank in 2011. The line carries an interest rate equal to prime rate, with a floor of 4%. At December 31, 2016, there were no funds drawn against this line.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
Genesee County Industrial Development Agency
D/B/A Genesee County Economic Development Center
Batavia, New York

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Genesee County Industrial Development Agency D/B/A Genesee County Economic Development Center ("GCEDC") as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise GCEDC's basic financial statements, and have issued our report thereon dated March 30, 2017.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the GCEDC's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the GCEDC's internal control. Accordingly, we do not express an opinion on the effectiveness of the GCEDC's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the GCEDC's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the GCEDC's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the GCEDC's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the GCEDC's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
