3.4 Local Labor Waiver Request for Ellicott Station Project –

Ellicott Station is currently constructing its housing project in the City of Batavia. Since the project is more than $5 million in construction costs, it is subject to our Local Labor Policy. In connection with the Local Labor Policy there is a waiver request process that can be made for certain contractors that do not have to be local. The situations that would allow a company to request a waiver are as follows:

"It is understood that at certain times, Workers residing within the Local Labor Area may not be available with respect to a Project. Under this condition, the Company is required to contact the Agency to request a waiver of the Local Labor Requirement (the "Local Labor Waiver Request") based on the following circumstances: (i) warranty issues related to installation of specialized equipment or materials whereby the manufacturer requires installation by only approved installers; (ii) specialized construction for which qualified Local Labor Area Workers are not available; (iii) documented lack of Workers meeting the Local Labor Area requirement; or (iv) cost differentials in bids whereby use of local labor significantly increases the construction cost of the project. Prior to the granting of said waiver, the lowest bidding contractor which bid said construction project using local labor would have the right of first refusal to bid and match the lowest bid as a remedy to ensure compliance with this policy. Comprehensive documentation and justification will be required including documented evidence and verification by GCEDC staff or agents that the "right of first refusal" remedy has been affected unsuccessfully.

The Agency shall evaluate the Local Labor Waiver Request and make its determination related thereto based upon the supporting documentation received with such waiver request."

The consultant hired by the GCEDC to oversee the compliance with the Local Labor Policy, Loewke Brill Consulting Group, has reviewed the waiver request and recommended approval. Loewke Brill's recommendation and back-up documentation was included in the Board packet for review.

- We received project origination fees from Mega Properties and Just Chez.
- Expenditures are as expected for this time of year.
- We received a payment from Empire Pipeline for approximately $448,000, which is under a CBA. We were able to make a timely payment in the first quarter to the County on the $4M loan provided for the STAMP project as these funds are the dedicated source for repayment.

6.2 Revised Land Lease Agreement for STAMP Farming - The GCEDC has previously approved a standard lease agreement for any farming activities on any of our corporate parks. While discussing some options with a farmer at STAMP to assist with our land management plans as well as the potential for a tenant to commit to STAMP and potentially impact the land prior to the crop being harvested, the farmer has made a request for the STAMP Committee to consider a revision in the lease agreement for 2022. Farming the land at the STAMP site helps with overall maintenance of the property as well as preventing any wetlands from expanding or other things which could cause issues for potential development. The farmer at STAMP is concerned that if he is only reimbursed for the cost of the crop, and not the fair market value, if the lease is cancelled early for a project to start construction, being reimbursed of cost for his crop would have a severe negative impact on his farming operations. His request is to change the reimbursement to be based on the fair market value of the crop that is impacted.

Fund commitment: None.

This was recommended for approval by the Committee.

C. Yunker made a motion to approve the Revised Land Lease Agreement with Norm Giess for STAMP Farming as presented; the motion was seconded by M. Clattenburg. Roll call resulted as follows:

6.3 NYPA Facilities Study - Upon completion of the SIS study, NYPA required that a Facilities Study (FS) be completed on the proposed substation. NYPA completed the study and requested a deposit of $100,000 for this work at the signing of the Facilities Study in 2020. This payment and agreement were approved in February of 2020. The original agreement had a scheduled FS completion date of May of 2020. The final Q580 FS Report Rev. 6 was issued on April 7, 2022. It took almost 2 years to finalize the FS due to the major change in the configuration of the Q580 STAMP Station and the associated additional studies needed to justify/confirm the reliability and operability of the revised configuration.

Fund commitment: An increase of $53,000 covered under the existing $8 million NYESD grant.

This was recommended for approval by the Committee.

C. Yunker made a motion to approve the payment of an additional $53,000 for the Facilities Study Agreement as presented; the motion was seconded by M. Clattenburg. Roll call resulted as follows:

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE GENESEE COUNTY INDUSTRIAL DEVELOPMENT AGENCY D/B/A GENESEE COUNTY ECONOMIC DEVELOPMENT CENTER AS FOLLOWS:
Section 1. The Company has presented an Application in a form acceptable to the Agency. Based upon the representations made by the Company to the Agency in the Application, the Agency hereby finds and determines that:

(A) By virtue of the Act, the Agency has been vested with all powers necessary and convenient to carry out and effectuate the purposes and provisions of the Act and to exercise all powers granted to it under the Act; and

(B) It is desirable and in the public interest for the Agency to appoint the Company as its agent for purposes of acquiring, constructing and equipping the Project; and

(C) The Agency has the authority to take the actions contemplated herein under the Act; and

(D) The action to be taken by the Agency will induce the Company to develop the Project, thereby increasing employment opportunities in Genessee County, New York and otherwise furthering the purposes of the Agency as set forth in the Act; and

(E) The Project will not result in the removal of a facility or commercial, industrial, or manufacturing plant of the Company or any other proposed occupant of the Project from one area of the State to another area of the State or result in the abandonment of one or more plants or facilities of the Company or any other proposed occupant of the Project located within the State; and the Agency hereby finds that, based on the Application, to the extent occupans are relocating from one plant or facility to another, the Project is reasonably necessary to discourage the Project occupans from removing such other plant or facility to a location outside the State and/or is reasonably necessary to preserve the competitive position of the Project occupans in their respective industries; and

(F) The Town of Batavia Planning Board (the "Board") has conducted a review of the Project pursuant to Article 8 of the Environmental Conservation Law and 6 N.Y.C.R.R. Part 617 (collectively referred to as "SEQRA"). The Board issued a Negative Declaration on April 19, 2022 (the "Negative Declaration"), determining that the Project does not pose a potential significant adverse environmental impact. The Agency, having reviewed the materials presented by the Company, including, but not limited to, the Short Environmental Assessment Form and the Negative Declaration, further determines that the Project does not pose a potential significant adverse environmental impact and thus ratifies the Negative Declaration previously issued by the Board pursuant to 6 N.Y.C.R.R. Part 617.7. A copy of the Negative Declaration issued by the Board is attached hereto as Exhibit B.

Section 2. The Public Hearing held by the Agency on Monday, May 23, 2022, at 3:00 p.m., concerning the Project and the Financial Assistance was duly held in accordance with the Act, including but not limited to the giving of at least ten (10) days published notice of the Public Hearing (such notice also provided to the Chief Executive Officer of each affected tax jurisdiction), affording interested parties a reasonable opportunity, both orally and in writing, to present their views with respect to the Project.
Section 3. The Agency is hereby authorized to provide to the Company the Financial Assistance in the form of (a) a sales and use tax exemption for purchases and rentals related to the acquisition, construction, reconstruction, renovation and equipping of the Project and (b) a partial real property tax abatement structured through the Tax Agreement.

Section 4. Based upon representations and warranties made by the Company in the Application, the Agency hereby authorizes and approves the Company, as its agent, to make purchases of goods and services relating to the Project, that would otherwise be subject to State and local sales and use tax in an amount up to $1,860,000, which result in State and local sales and use tax exemption benefits ("Sales and Use Tax Exemption Benefits") not to exceed $148,800. The Agency agrees to consider any requests by the Company for an increase to the amount of Sales and Use Tax Exemption Benefits authorized by the Agency upon being provided with appropriate documentation detailing the additional purchases of property or services.

Section 5. Pursuant to Section 875(3) of the Act, the Agency may recover or recapture from the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project, any Sales and Use Tax Exemption Benefits taken or purported to be taken by the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project, if it is determined that: (i) the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project, is not entitled to the Sales and Use Tax Exemption Benefits; (ii) the Sales and Use Tax Exemption Benefits are in excess of the amounts authorized to be taken by the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project; (iii) the Sales and Use Tax Exemption Benefits are for property or services not authorized by the Agency as part of the Project; or (iv) the Sales and Use Tax Exemption Benefits are taken in cases where the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project, fails to comply with a material term or condition to use property or services in the manner approved by the Agency in connection with the Project. As a condition precedent of receiving Sales and Use Tax Exemption Benefits, the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project, shall (i) cooperate with the Agency in its efforts to recover or recapture any Sales and Use Tax Exemption Benefits, and (ii) promptly pay over any such amounts to the Agency that the Agency demands.

Section 6. Subject to the Company executing the Project Agreement and the delivery to the Agency of a binder, certificate or other evidence of liability insurance policy for the Project satisfactory to the Agency, the Agency hereby authorizes the Company to proceed with the acquisition, construction and equipping of the Project and hereby appoints the Company as the true and lawful agent of the Agency: (i) to acquire, reconstruct, renovate and equip the Project; (ii) to make, execute, acknowledge and deliver any contracts, orders, receipts, writings and instructions, as the stated agent for the Agency with the authority to delegate such agency, in whole or in part, to agents, subagents, contractors, and subcontractors of such agents and subagents and to such other parties as the Company chooses; and (iii) in general, to do all things which may be requisite or proper for completing the Project, all with the same powers and the same validity that the Agency could do if acting in its own behalf; provided, however, the Project
Agreement shall expire on **July 1, 2023** (unless extended for good cause by the President/CEO of the Agency) if the Lease Agreement, the Leaseback Agreement and the Tax Agreement contemplated have not been executed and delivered.

**Section 7.** The President/CEO, Chair, Vice Chair and/or Senior Vice President of Operations of the Agency are hereby authorized, on behalf of the Agency, to negotiate and enter into (A) the Project Agreement, (B) the Lease Agreement, pursuant to which the Company leases the Project to the Agency, (C) the related Leaseback Agreement, pursuant to which the Agency leases its interest in the Project back to the Company, and (D) the Tax Agreement; provided, however, (i) the rental payments under the Leaseback Agreement include payments of all costs incurred by the Agency arising out of or related to the Project and indemnification of the Agency by the Company for actions taken by the Company and/or claims arising out of or related to the Project and (ii) the terms of the Tax Agreement are consistent with the Agency's Uniform Tax Exemption Policy or the procedures for deviation have been complied with.

**Section 8.** The President/CEO, Chair, Vice Chair and/or Senior Vice President of Operations of the Agency are hereby authorized, on behalf of the Agency, to execute, deliver and record the Mortgage securing an aggregate principal amount necessary to complete the Project, and any security agreement, UCC-1 Financing Statements and all documents reasonably contemplated by these resolutions or required by any lender identified by the Company (the "Lender") to assist with the undertaking of the Project, the acquisition of the Facility and/or the finance or re-finance the Facility or equipment and other personal property and related transactional costs (hereinafter, with the Project Agreement, Lease Agreement, Leaseback Agreement, Tax Agreement and the Mortgage, collectively called the "Agency Documents"); and, where appropriate, the Secretary or Assistant Secretary of the Agency is hereby authorized to affix the seal of the Agency to the Agency Documents and to attest the same, all with such changes, variations, omissions and insertions as the President/CEO, Chair, Vice Chair and/or Senior Vice President of Operations of the Agency shall approve, the execution thereof by the President/CEO, Chair, Vice Chair and/or Senior Vice President of Operations of the Agency to constitute conclusive evidence of such approval; provided in all events recourse against the Agency is limited to the Agency’s interest in the Project.

**Section 9.** The officers, employees and agents of the Agency are hereby authorized and directed for and in the name and on behalf of the Agency to do all acts and things required and to execute and deliver all such certificates, instruments and documents, to pay all such fees, charges and expenses and to do all such further acts and things as may be necessary or, in the opinion of the officer, employee or agent acting, desirable and proper to effect the purposes of the foregoing resolutions and to cause compliance by the Agency with all of the terms, covenants and provisions of the documents executed for and on behalf of the Agency.

Part 3 Determination of Significance

For every question in Part 2 that was answered “moderate to large impact may occur”, or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☑ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

Cyber Liability

Information received from Lawley:

Please see the attached proposal for your 22-23 Cyber renewal. Coverage is through Atbay written with Trisura, Atbay’s new supporting writing company. The change to Trisura is a result of the everchanging Cyber market. It’s a common practice to use additional writing companies in order to provide competitive products.

Atbay/Trisura offered a renewal quote of $10,289.17 for the 22-23 term. Limits and retention are per expiring; however, the carrier did add a Biometric Information Violation Exclusion. This has been a common exclusion that carriers have added to Cyber policies going forward. As long as you do not collect or house biometric data and that this is not part of your services, this should not affect coverage.

Please be advised that terms may change depending on if the STAMP entities are included. I’ve passed the STAMP information to the carrier and am waiting for their thoughts as to whether the entities should be included now, or, when they become active. I’ll be sure to provide an update as soon as one is received from the carrier.

In order to bind, the carrier has requested a signed & dated Total Cost form. I will send this to you Docusign should you want to bind coverage. I do want to note that your information was sent to market, but we have not yet received additional quote options for the renewal. Should an alternate option become available, I’ll be sure to provide a revised proposal and from there we can discuss coverage comparison and updated binding requirements.

**Fund Commitment:** $10,289.17 ($5,144.59 EDC / $5,144.58 LDC)

Consulting assistance on local labor policy reporting and conformity for projects

At the October 1, 2019 meeting, the GCEDC staff presented a sample proposal from Loewke Brill Consulting Group, Inc. on how they could assist companies that will have to report to the GCEDC under the local labor reporting requirements, including assistance with waiver requests and finding local contractors to bid their projects. Attached is an example fee structure that Loewke Brill Consulting provided to the GCEDC.

The GCEDC Staff had requested a quote for the costs related to a project in the Ag Park. A copy of the application for incentives were sent to Loewke Brill for them to calculate the fee. They submitted the following:

$19,520 - 18 Inspections ($325 per visit), 18 Monthly Reports ($690 per month), 1 time set up fee ($1,250)

The time period was determined by what the projects listed for the duration of construction in their applications. GCEDC staff has the following recommendation which is consistent with prior approvals:

1. The GCEDC will pay for the set up fee, monthly inspections and reporting, not to exceed the construction timeline in the application. If it runs over that the company should be responsible.
2. The company will pay for any waiver requests that get submitted and sent to the Board for consideration.

**Fund Commitment:** $19,520.

**Committee Action Request:** Recommend to the full Board to move forward with a proposal from Loewke Brill Consulting a project at the Ag Park.

NOTE: THESE POLICIES AND PROCEDURES APPLY ONLY TO GOODS AND SERVICES PAID FOR BY THE CENTER FOR ITS OWN USE AND ACCOUNT. THEY DO NOT APPLY TO GOODS OR SERVICES (SUCH AS, BUT NOT LIMITED TO, BOND COUNSEL OR CENTER COUNSEL) PROCURED IN CONNECTION WITH SALE LEASEBACK OR A BOND ISSUANCE, FOR WHICH GOODS AND SERVICES A COMPANY PAYS.
1. **INTRODUCTION**

The policies and procedures set forth herein have been developed by the Genesee County Economic Development Center (the "Center") pursuant to New York State General Municipal Law Section 104-b regarding the procurement of Goods and Services not required by law to be procured pursuant to competitive bidding.

These policies and procedures apply only to Goods and Services paid for by the Center for its own use and account. They do not apply to Goods or Services (such as, but not limited to, Bond Counsel or construction services) for a project for which the Center will not be the project operator or occupant.

The Center adopted these policies and procedures at a meeting held April 14, 1994.

2. **DECLARATION OF POLICY**

Goods and Services which are not required by law to be procured pursuant to competitive bidding must be procured in a manner so as to assure the prudent and economical use of Center moneys in the best interest of the Center, to facilitate the acquisition of Goods and Services of maximum quality at the lowest possible cost under the circumstances and to guard against favoritism, improvidence, extravagance, fraud and corruption. To further these objectives, the Board of the Genesee County Economic Development Center has adopted the policies and procedures set forth herein governing all procurement of Goods and Services which are not required to be procured pursuant to competitive bidding.

3. **DEFINITIONS**

The following terms shall have the following meanings:

1. "Center" shall mean the Genesee County Economic Development Center.

2. "Competitive Quotations" means the procurement of Goods and/or Services, in accordance with the provisions of Section "6" herein.

3. "Contract" shall mean a public work Contract, a purchase Contract, or, generally a Contract for Goods or Services in accordance with the provisions herein.

4. "County" shall mean the County of Genesee, New York.
5. "Goods" shall mean products, materials, supplies, equipment, apparatus and other like items, and the necessary Services related to these items.

6. "Board" shall mean the Board of Directors of the Center.

7. "Procurement" or "procure" shall mean the obtaining, through Contract or agreement of Goods and/or Services in accordance with these policies and procedures.

8. "Procurement Officer" shall mean the Chief Financial Officer of the Center or such other officer or employee of the Center designated by the Board to carry out the general and specific provisions of the policies and procedures set forth herein.

9. "Professional Services" means for those Services requiring special or technical skills, training, expertise, or licensing, or such Services which involve the use of professional judgment and/or a high degree of creativity, or which involve a relationship of personal trust or professional confidence including, but not limited to, engineering, architectural, medical, financial and legal services.

10. "Services" shall mean, generally, labor and/or construction to be performed.

11. "Sole Source Goods or Services" shall mean Goods or Services for which the Procurement Officer has determined that there is only one possible source from which to procure the desired Goods or Services, including, but not limited to, certain patented Goods or Services, or public utilities; provided, however, the Procurement Officer must certify that such Goods or Services are available from only one source so that no possibility of competition exists, including a showing that, at least (a) the unique benefits of the desired Goods or Services as compared to other such Goods or Services available in the marketplace, (b) no other Goods or Services provide substantially equivalent or similar benefits, and (c) considering the benefits received, the cost of the Goods or Services is reasonable, when compared to conventional methods;

12. "State" shall mean the State of New York.

13. "Vendor" shall mean a supplier or prospective supplier of Goods or Services.
4. **DETERMINATION OF PROCUREMENT**

The Procurement Officer is hereby designated to be responsible for determining whether a procurement of Goods or Services is subject to Competitive Quotations or is exempt from such procurement, and the Procurement Officer is authorized to determine that the nature of a particular project or class of projects is exempt from the procurement policies described herein. The Center hereby finds and determines that Professional Services are, in all cases, exempt from these procurement policies and procedures, as solicitation of alternate proposals and quotations is not in the best interest of the Center in situations in which special skills and expertise are required.

5. **NO COMPETITIVE BIDDING**

As of the date of adoption of these policies and procedures, the Center is not subject to the competitive bidding requirements of Section 103 of the General Municipal Law.

6. **COMPETITIVE QUOTATIONS**

6.1. **Written Descriptions Required**

Upon a determination by the Procurement Officer that Goods or Services are to be procured through competitive or verbal quotations, the Procurement Officer shall cause to be made a written description for each such Goods or Services to be procured. Such description need not necessarily include detailed specifications but may be generic or in outline form or describe the result sought by the Center. Such written description shall contain that information deemed necessary for the procurement of the desired Goods or Services in accordance with the policies of the Center, including a statement that the requested bid or quotation price shall include a statement whether cost of delivery is included, a statement that the Center reserves the right to reject all bids or quotations, waive minor deviations, consider alternative bids or quotations, negotiate price and terms with those making a bid or quotation (provided that negotiations with all those making a bid or quotation will be on substantially the same basis and regarding substantially the same matters), subject to the same terms and conditions of the written descriptions being sought by the Center and a statement regarding security and/or insurance, if required.
6.2. Soliciting Written Competitive Quotations

1. If the cost of the Goods or Services to be procured, based upon the written description prepared for the desired Goods or Services, will require an expenditure of more than $5,000, but less than $10,000, the desired Goods or Services shall be procured through Competitive Quotations solicited from not less than two Vendors.

2. If the cost of the Goods or Services to be procured, based upon the written description prepared for the desired Goods or Services, will involve an expenditure of more than $10,000, the desired Goods or Services shall be procured through Competitive Quotations solicited from not less than three Vendors.

3. If, following reasonable efforts, insufficient numbers of Vendors exist for the solicitation of the requisite number of Competitive Quotations, then the Procurement Officer shall cause to be solicited Competitive Quotations from less than the requisite number of Vendors; provided, however, that the basis and other facts and circumstances or such efforts and/or findings relating to this provision shall be placed in writing.

4. The Procurement Officer shall cause to be made a record of the written description, the solicitation of the Competitive Quotations, the Competitive Quotations received and any other documents or materials prepared or received in connection with the procurement of Goods and Services of the Center.

5. Competitive Quotations need not be sealed and need not be opened and read at a stated time.

6. The Procurement Officer need not recommend the procurement of goods and services from the Vendor offering the lowest dollar quotation, but may recommend to the Board determinations of which quotations will fulfill or meet the best interests or needs of the Center, and each recommended determinations may be based on such factors as, without limitation, quality, features or options, reliability or reputation of the Vendor, availability of service, delivery time and location of the Vendor (local vis-a-vis non-local, in-state vis-a-vis out-of-state or country); and the Procurement Officer may negotiate terms and price with all Vendors submitting quotations (provided that all such negotiations will be on substantially the same basis and regarding substantially the same matters), and the determination of the Board pursuant to the Procurement Officer’s recommendations made in good faith shall be final.
6.3. Exceptions

1. General Exceptions. The following Goods and Services may be procured by the Center without soliciting competitive quotations:

   a. Services performed by inmates, or Goods manufactured, in correctional facilities operated by the New York State Department of Correctional Services or in local correctional facilities of this State; provided, however, that the procurement of such Goods and Services shall be in accordance with Section 186 of the Correction Law;

   b. Goods and Services produced or assembled by the blind or other severely handicapped; provided, however, that the procurement of such Goods and Services shall be in accordance with Section 175-B of the State Finance Law;

   c. Goods procured by the County in accordance with subdivision (2) of Section 408-a of the County Law; provided, however that no such procurement shall be made from the County when Competitive Quotations have already been received, unless such procurement may be made upon the same terms, conditions and specifications of a lower price through the County;

   d. Goods in excess of $500.00 procured by the State through the New York State Office of General Services, subject to rules established by such Office, in accordance with Section 163 of the State Finance Law; provided, however, that no such procurement shall be made from such Office when Competitive Quotations have already been received, unless such procurement may be made upon the same terms, conditions and specifications at a lower price through such Office;

   e. Surplus and/or second hand Goods which are being offered for purchase from the Federal or State governments or any other political subdivision or public benefit corporation within the State of New York.

2. Special Exceptions. Upon a determination that Goods or Services are (i) Professional Services, (ii) Sole Source Goods or Services or (iii) Goods or Services deemed by the Procurement Officer, in his or her sole discretion, not in the best interest of the Center to be procured in accordance with the Competitive Quotation requirements set forth herein, the Procurement Officer may procure such Goods or Services in such manner as the Procurement Officer determines to be in the best interest of the Center and which otherwise is in accordance with the policies of the Center, as set forth in Section “2” herein.
6.4. **Authorization**

The procurement of goods and services which will involve an expenditure of less than $5,000 may be approved by the Procurement Officer. Authorization for individual expenditures of $5,000 and over shall require the formal review and approval of the Center’s Board.

6.5. **Entering Into the Contract**

1. Except as provided in Section “6.5.2” herein, upon receipt of the requisite number of Competitive Quotations, the Procurement Officer shall recommend to the Board that the Center enter into a Contract, or enter into an agreement, for such Goods or Services to the Vendor that submitted the Competitive Quotation with the lowest dollar offer for such Goods or Services, but subject to the provisions of Section “6.2.6” hereof.

2. If the Procurement Officer shall recommend to the Board that the Center enter into a Contract for Goods or Services to a Vendor that did not submit the Competitive Quotation with the lowest dollar offer, the Procurement Officer shall state the reasons such an award furthers the policy set forth in Section “2” herein and in accordance with Section “6.2.6” hereof.

3. Upon the procurement of Goods or Services in accordance with the provisions of Section “6.3” herein, the Procurement Officer shall recommend to the Board that the Center award a Contract, or enter into an agreement, for such Goods or Services to the Vendor identified by the Procurement Officer.

4. Upon receipt of the recommendation by the Procurement Officer regarding the entering into a Contract, the Board shall authorize the Procurement Officer to cause to be procured such Goods or Services with the recommended Vendor, provided, however, that the Board reserve the right to reject all bids or quotations, waive minor deviations, consider alternative bids or quotations, subject to the same terms and conditions of the written descriptions being sought by the Center.

6.6. **Purchases ($5,000 or less)**

1. Notwithstanding the provisions set forth herein, the procurement of Goods or Services involving an expenditure of up to five thousand dollars ($5,000.00) may be made without seeking Competitive Quotations; provided, however, that any Center employee authorized to make such a procurement shall use his or her best efforts to obtain the lowest cost for such Goods or Services, but taking into consideration the terms of Section “6.2.6” hereof.
6.7. Policy for Center's Benefit

These policies and procedures are intended solely for the benefit of the Center and are not intended for the economic or other benefit of any particular Vendor making a quotation; and accordingly, no Vendor shall have the right to challenge the determination of the Center to enter into Contracts for Goods and Services in accordance with the policies and procedures herein set forth.

7. MISCELLANEOUS

1. Procurement of Insurance – Procurement of Insurance Brokerage/Agent is subject to this Policy as a professional service. Notwithstanding the foregoing actual insurance policies procured are not subject to requirements of this Policy. Insurance Policies shall be reviewed by the Board annually.

2. Genesee County Business Enterprises – It is the preference of the Center to provide opportunities for the purchase of goods and services from business enterprises located in Genesee County.

3. Minority & Women Owned Business Enterprises (M/WBE) – The Center shall comply with all applicable legal requirements relating to the hiring of such businesses. It is understood that granting agencies may enforce requirements regarding M/WBE participation and the Center may not be able to choose lowest responsible bidders in order to comply in these situations.

4. Effect of Other Procurement Requirements – Where the procurement of a specific good or service is to be accomplished using funds other than the funds of the Center and such funding sources specify different or more restrictive procurement requirements than are provided for in this Policy, the procurement requirements of the funding source will supersede the requirements of this Policy.

5. The Board shall review the policies and procedures herein not later than March 31, 1995, and each year thereafter. Amendments to these policies and procedures may be made at any time during the year.

6. The unintentional failure to fully comply with the provisions of the policies and procedures set forth herein shall not be grounds to void action taken or give rise to a cause of action against the Center, the Board, the Procurement Officer, or any officer or employee of the Center.
Investment Policy

I. Scope

This Investment Policy ("Policy") applies to all moneys and other financial resources available for deposit and investment by the Genesee County Economic Development Center ("Agency") for its own use and account. The Agency adopted this Policy at a meeting held XXXXXXXXX.

II. Investment Objectives

The primary objectives of the Agency’s investment program shall be, in order of priority, to: (1) comply with all applicable provisions of law; (2) safeguard the principal of all deposits and investments; (3) provide sufficient liquidity to ensure that monies invested are available to meet expenditures as they come due; and (4) obtain the maximum rate of return that is consistent with the preceding objectives.

III. Delegation of Authority

The members of the Agency hereby delegate their responsibility for the implementation and administration of the Agency’s deposit and investment programs, including the authority to execute any security and custody agreements required by this Policy, to the Treasurer or his designee who shall establish written procedures for the operation of the programs consistent with this Policy. Such procedures shall regulate subordinate employees and include an adequate internal control structure to provide a satisfactory level of accountability based on a database or record incorporating descriptions and amounts of deposits and investments, transaction dates, interest rates, market prices and other information necessary to manage the portfolio and to identify the sources of all funds being invested.

IV. Internal Controls

The Treasurer is responsible for establishing and maintaining an internal control structure to provide reasonable, but not absolute, assurance that deposits and investments are safeguarded against loss from unauthorized loss or disposition, that such transactions are executed in accordance with proper authorization and recorded properly and, that such transactions are managed in compliance with applicable laws and regulations.

V. Prudence

The Treasurer, his or her subordinates and any other Agency employee having responsibility for the deposit or investment of Agency moneys shall at all times act responsibly as custodian of the public trust. Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their affairs not for speculation, but for investment, considering the safety of principal as well as the income to be derived. All Agency officers and employees involved in the execution of the investment program shall refrain from personal business activity that could conflict with proper execution of the investment program or which could impair their ability to make impartial investment decisions.

VI. Authorized Investments

Except as otherwise may be provided in this Policy, monies not required for immediate expenditure may be otherwise invested in any of the following:

(1) Special time deposits or certificates of deposits in a bank or trust company located and authorized to do business in the State of New York ("bank");
(2) Obligations of the United States of America;
(3) Obligations guaranteed by agencies of the United States of America where the payment of principal and interest is guaranteed by the United States of America;
(4) Obligations of the State of New York;
(5) With the approval of the State Comptroller, obligations issued pursuant to Section 24.00 and Section 25.00 of the Local Finance Law by any municipality or district corporation;
(6) Obligations of a public corporation which are made lawful investments by the Agency pursuant to another provision of law; and
(7) Certificates of participation issued pursuant to General Municipal Law ("GML"), section 109-b.
(8) Investments shall be payable or redeemable at the option of the Agency within such time as the proceeds shall be needed to meet expenditures for the purpose for which the monies were provided and, in the case of obligations purchased with the proceeds of bonds or notes, shall be payable or redeemable at the option of the Agency within two years of the date of purchase.
VII. Deposits

All monies collected by any officer or employee of the Agency shall be deposited in such banks as have been authorized by a resolution of the governing board for that purpose in an amount not to exceed the amount specified in such authorizing resolution. It is the policy of the Agency that all monies collected by any officer or employee of the Agency shall be deposited within two days of receipt and under no circumstance shall deposits occur later than the end of the month in which payment was received.

VIII. Diversification

Although it is the policy of the Agency to diversify its investment portfolio, the opportunity to diversify among types of investments is very limited because of legal constraints. Subject to these constraints, however, investments and deposits shall be diversified by financial institution, maturity and type of investment, a specific bank or trading partner or a specific maturity.

IX. Authorized Banks and Trading Partners

The Treasurer shall maintain a list of banks and other trading partners approved for investment purposes and if appropriate, establish limits on the amount of investments that may be outstanding with any bank or trading partner at any time. All banks and trading partners with which the Agency conducts business must be creditworthy as determined by criteria established by the treasurer. All banks with which the Agency conducts business shall provide their most recent Consolidated Report of Condition (Call Report) to the treasurer at his or her request. Trading partners not affiliated with a bank shall be recognized primary security dealers as designated by the Federal Reserve Bank of New York. The Treasurer is responsible for periodically evaluating the financial position of banks and trading partners with which the Agency does business and, based on such evaluations, for revising the list of eligible banks and trading partners as he or she deems appropriate.

X. Procedures for Securing Deposits, Special Time Deposits and Certificate Of Deposit

(A). Written Security Agreements

Monies of the Agency shall only be deposited, including certificates of deposit and special time deposits, in a bank with which the Agency has entered into a written security agreement. Such security agreement shall require the bank to secure all Agency deposits, in excess of the amount insured by the Federal Deposit Insurance Corporation, in the manner required by the New York State General Municipal Law (“GML”), section 10 and shall: (1) specify which types of eligible securities and other collateral authorized by Appendix “A” of this Policy and GML, section 10 are to be provided by the bank; (2) prescribe the maximum amount of collateral to be provided by the bank at any time; (3) prescribe the manner in which the market value of the collateral shall be determined and require any adjustments to market value as required by GML, section 10; (4) require the bank to provide additional collateral if the market value falls below the required amount; (5) provide that the collateral is being provided by the bank to secure all Agency deposits in the bank, together with agreed upon interest, if any, and any costs or expenses arising out of the collection of such deposits upon default; (6) grant a security interest to the Agency in any securities pledged by the bank to secure deposits; (7) set forth the conditions under which the collateral may be sold, presented for payment, substituted or released; (8) define the events of default that will enable the Agency to exercise its rights against the pledged securities; (9) require that securities pledged to secure deposits and not registered in the name of the Agency be delivered in a form suitable for transfer or with an assignment in blank to a custodial bank with which the Agency has entered into a written custodial agreement; (10) provide for the frequency of valuation of collateral, which shall be no less frequently than monthly; (11) require that the agreement be properly authorized by the Board of Directors of the bank and that the bank maintain such agreement as an official record of the bank; and, (12) contain all such other provisions deemed necessary to enable the Agency to enforce its interest in the collateral in the event of default by the bank.

(B). Custody Agreement

All securities pledged by a bank pursuant to a written security agreement shall be delivered to a bank with which the Agency has entered into a written custody agreement (“Custodian”). The custody agreement shall: (1) specify the manner in which the custodian shall hold securities; (2) require the custodian to hold the securities as agent of, and custodian for, the Agency and to keep such securities separate and apart from the general assets of the custodian and not permit them to become backing for any other deposits or liabilities of the custodian; (3) require the custodian to confirm in writing the receipt, substitution or release of any securities from the Agency’s custody account; (4) provide for the methodology and frequency of valuation of securities held by the custodian; (5) require the custodian to make appropriate entries o/n its books at all times showing the Agency’s interest in the securities; (6) require physical securities be kept in the custodian’s vault and physically segregated from the custodian’s property and other property held by the custodian; (7) require the custodian to subordinate any claims it may have against the pledged securities to the Agency’s interest therein; (8) permit the Agency access to books and records maintained by the custodian with respect to the Agency’s account; and, (9) contain any other provisions deemed necessary and appropriate. A bank shall [not] be permitted to act as custodian of any securities pledged by such bank to secure Agency deposits.

XI. Purchase and Safekeeping of Investments
The Treasurer shall establish operation procedures for making investments with approved banks and trading partners. In the case of investments in certificates of deposit and special time deposits, the procedures shall require the solicitation of quotations from more than one approved bank and whenever practicable, from banks located within Genesee County. In the case of investments in obligations, the procedures shall; (1) require the solicitation of quotes from more than one approved trading partner, except in the purchase of governmental securities at their initial auction; (2) require all purchased obligations, unless registered or inscribed in the name of the Agency, to be purchased through, delivered to, and held in the custody of a bank with which the Agency has entered into a written custodial agreement which complies with the requirements contained in paragraph (b) of section X of this Policy; (3) ensure that obligations are purchased, sold or presented for redemption or payment by a custodian only in accordance with prior written authorization from the officer or employee authorized to make the investment; and, (4) provide that payment of the Agency’s funds shall only be made upon delivery of the purchased obligations to the custodian. The Treasurer is further authorized to purchase obligations; (1) subject to a repurchase agreement in accordance with the procedures enumerated in paragraph XII of this Policy; or (2) pursuant to an ongoing investment program which has been authorized by the members of the Agency and which provides investment advisory and custodial services to the Agency.

XII. Procedures for Repurchase Agreements

The Treasurer is authorized to purchase and sell obligations pursuant to repurchase agreements subject to the following restrictions:

1. No repurchase transaction shall be entered into with any trading partner until the Agency has entered into a written master repurchase agreement with the trading partner;
2. Repurchase agreements shall be entered into only with trading partners approved by the Treasurer pursuant to Section IX of this Policy and shall be subject to any trading limits established for each trading partner;
3. Only obligations of the United States of America and obligations guaranteed by agencies of the United States of America where the payment of principal and interest is guaranteed by the United States of America shall be purchased pursuant to a repurchase agreement;
4. Obligations purchased pursuant to a repurchase agreement shall be held by a custodian, other than the trading partner, pursuant to a written custodial agreement;
5. The price paid for the securities shall not be in excess of the market value of the securities being purchased plus any accrued interest not reflected in the market price.

Master repurchase agreements between the Agency and its trading partners shall: (1) contain procedures which ensure that the Agency obtains a perfected security interest in the purchased securities; (2) defined events of default; (3) prohibit the trading partner from substituting securities for the purchased securities during the term of the repurchase agreement; (4) limit the term of a specific repurchase transaction to a period of not more than thirty days; (5) contain appropriate margin requirements and procedures for timely correction of margin deficiencies or excesses; (6) provide that the Agency shall not make payment for purchased securities purchased until received by the custodian; (7) require that the terms of all specific repurchase transactions, including rate, price and a description of the specific securities being purchased, be confirmed in writing; (8) provide that all specific repurchase transactions shall be subject to the terms of the master repurchase agreement; and, (9) contain such other provisions as are deemed necessary and appropriate. The written custody agreement shall comply with the requirements of paragraph (b) of section X of the Policy.

XIII. Legal Review

All security agreements, custodial agreements, letters of credit, surety bonds and repurchase agreements shall be reviewed by the Agency Counsel or other attorney retained for this purpose to determine their compliance with the requirements of sections 10 and 11 of the GML and this Policy.

XIV. Reports

The Treasurer shall provide quarterly written investment reports to the governing board of the Agency. Such reports shall describe investments in the portfolio and contain any other information deemed necessary for management purposes.

XV. Annual Review

The governing board shall review this Policy at least annually and make any amendments thereto as are deemed necessary.

ADOPTED PURSUANT TO SECTION 2896 OF THE PUBLIC AUTHORITIES LAW

SECTION 1. DEFINITIONS

A. "Contracting officer" shall mean the officer or employee of the Genesee County Economic Development Center (hereinafter, the "Agency") who shall be appointed by resolution to be responsible for the disposition of property.

B. "Dispose" or "disposal" shall mean transfer of title or any other beneficial interest in personal or real property in accordance with section 2897 of the Public Authorities Law.

C. "Property" shall mean personal property in excess of five thousand dollars ($5,000) in value, and real property, and any inchoate or other interest in such property, to the extent that such interest may be conveyed to another person for any purpose, excluding an interest securing a loan or other financial obligation of another party.

SECTION 2. DUTIES

A. The Agency shall:

(i) maintain adequate inventory controls and accountability systems for all property owned by the Agency and under its control;

(ii) periodically inventory such property to determine which property shall be disposed of;

(iii) produce a written report of such property in accordance with subsection B herewith; and

(iv) transfer or dispose of such property as promptly and practicably as possible in accordance with Section 3 below.
B. The Agency shall:

(i) publish, not less frequently than annually, a report listing all real property owned in fee by the Agency. Such report shall consist of a list and full description of all real and personal property disposed of during such period. The report shall contain the price received by the Agency and the name of the purchaser for all such property sold by the Agency during such period; and

(ii) shall deliver copies of such report to the Comptroller of the State of New York, the Director of the Budget of State of New York, the Commissioner of the New York State Office of General Services, and the New York State Legislature (via distribution to the majority leader of the senate and the speaker of the assembly).

SECTION 3. TRANSFER OR DISPOSITION OF PROPERTY

A. Supervision and Direction. Except as otherwise provided herein, the duly appointed contracting officer (the "Contracting Officer") shall have supervision and direction over the disposition and sale of property of the Agency. The Agency shall have the right to dispose of its property for any valid corporate purpose.

B. Custody and Control. The custody and control of Agency property, pending its disposition, and the disposal of such property, shall be performed by the Agency or by the Commissioner of General Services when so authorized under this section.

C. Method of Disposition. Unless otherwise permitted, the Agency shall dispose of property for not less than its fair market value by sale, exchange, or transfer, for cash, credit, or other property, with or without warranty, and upon such other terms and conditions as the Agency and/or contracting officer deems proper. The Agency may execute such documents for the transfer of title or other interest in property and take such other action as it deems necessary or proper to dispose of such property under the provisions of this section. Provided, however, no disposition of real property, any interest in real property, shall be made unless an appraisal of the value of such property has been made by an independent appraiser and included in the record of the transaction and provided further that no disposition of any other property which because of its unique nature or the unique circumstances of the proposed transaction is not readily valued by reference to an active market for similar property, shall be made without a similar appraisal.

D. Sales by the Commissioner of General Services (the "Commissioner"). When the Agency shall have deemed that transfer of property by the Commissioner will be advantageous to the State of New York, the Agency may enter into an agreement with the Commissioner of pursuant to which Commissioner may dispose of property of the Agency under terms and conditions agreed to by the Agency and the Commissioner. In disposing of any such property, the Commissioner shall be bound by the terms hereof and references to the contracting officer shall be deemed to refer to such Commissioner.
E. Validity of Deed, Bill of Sale, Lease, or Other Instrument. A deed, bill of sale, lease, or other instrument executed by or on behalf of the Agency, purporting to transfer title or any other interest in property of the Agency in accordance herewith shall be conclusive evidence of compliance with the provisions of these guidelines and all applicable law insofar as concerns title or other interest of any bona fide grantee or transferee who has given valuable consideration for such title or other interest and has not received actual or constructive notice of lack of such compliance prior to the closing.

F. Bids for Disposal; Advertising; Procedure; Disposal by Negotiation; Explanatory Statement.

(i) Except as permitted by all applicable law, all disposals or contracts for disposal of property made or authorized by the Agency shall be made after publicly advertising for bids except as provided in subsection (iii) of this Section F.

(ii) Whenever public advertising for bids is required under subsection (i) of this Section F:

(A) the advertisement for bids shall be made at such time prior to the disposal or contract, through such methods, and on such terms and conditions as shall permit full and free competition consistent with the value and nature of the property proposed for disposition;

(B) all bids shall be publicly disclosed at the time and place stated in the advertisement; and

(C) the award shall be made with reasonable promptness by notice to the responsible bidder whose bid, conforming to the invitation for bids, will be most advantageous to the Agency, price and other factors considered; provided, that all bids may be rejected at the Agency discretion.

(iii) Disposals and contracts for disposal of property may be negotiated or made by public auction without regard to subsections (i) and (ii) of this Section F but subject to obtaining such competition as is feasible under the circumstances, if:

(A) the personal property involved has qualities separate from the utilitarian purpose of such property, such as artistic quality, antiquity, historical significance, rarity, or other quality of similar effect, that would tend to increase its value, or if the personal property is to be sold in such quantity that, if it were disposed of under subsections (i) and (ii) of this Section F, would adversely affect the state or local market for such property, and the estimated fair market value of such property and other satisfactory terms of disposal can be obtained by negotiation;
(B) the fair market value of the property does not exceed fifteen thousand dollars;

(C) bid prices after advertising therefore are not reasonable, either as to all or some part of the property, or have not been independently arrived at in open competition;

(D) the disposal will be to the state or any political subdivision or public benefit corporation, and the estimated fair market value of the property and other satisfactory terms of disposal are obtained by negotiation;

(E) under those circumstances permitted by subsection (v) below; or

(F) such action is otherwise authorized by law.

(iv) An explanatory statement shall be prepared of the circumstances of each disposal by negotiation of:

(1) any personal property which has an estimated fair market value in excess of fifteen thousand dollars;

(2) any real property that has an estimated fair market value in excess of one hundred thousand dollars, except that any real property disposed of by lease or exchange shall only be subject to clauses (3) and (4) of this subparagraph;

(3) any real property disposed of by lease, if the estimated annual rent over the term of the lease is in excess of $15,000; or

(4) any real property or real and related personal property disposed of by exchange, regardless of value, or any property any part of the consideration for which is real property.

(B) Each such statement shall be transmitted to the persons entitled to receive copies of the report required under all applicable law not less than ninety (90) days in advance of such disposal, and a copy thereof shall be preserved in the files of the Agency making such disposal.

(v) Disposal of Property for less than Fair Market Value ("FMV").

(a) No assets owned, leased or otherwise in the control of the Agency may be sold, leased, or otherwise alienated for less than its FMV except if:

(1) Transferee is a government or public entity and terms of transfer require ownership and use to remain with the government or public entity; or
(2) Purpose of transfer is within purpose, mission or statute of the Agency; or

(3) Written notification to Governor, Speaker, and Temporary President. Such notification is subject to denial. Denial by Governor is in the form of a certification. Denial by legislature is in the form of a resolution. Denial must be made within 60 days of receiving notification during January through June. Provided no denial then Agency may effectuate transfer. If legislature receives the notification in July through December, then legislature may take 60 days from January 1 of the following year. However, the Agency may obtain local approval from the chief executive and legislature of the political subdivision in lieu of the notification to the Governor, Speaker and Temporary President provided the Agency’s enabling legislation provides for such approval and the property was obtained by the Agency from the political subdivision.

(b) If below FMV transfer is proposed, the following information is required to be provided to the authority’s board and the public:

(1) Description of Asset;
(2) Appraisal of the FMV of the asset;
(3) Description of purpose of transfer, the kind and amount of the benefit to the public resulting from the transfer such as jobs and wages created or preserved;
(4) Value received compared to FMV;
(5) Names of private parties to the transaction and value received;
(6) Names of private parties that have made an offer, the value of offer, and purpose for which the asset would have been used.

(c) Board must make a written determination that there is no reasonable alternative to the proposed below-market transfer that would achieve the same purpose of such transfer.

The Guidelines are subject to modification and amendment at the discretion of the Agency board and shall be filed annually with all local and state agencies as required under all applicable law.

The designated Contracting Officer for the Agency is Mark A. Masse.

This policy is hereby adopted and shall be effective immediately as approved and adopted.

Pricing Policy Revision for origination fee on certain projects

Discussion: The GCEDC’s current pricing policy allows an origination fee of 1.25% of the total capital investment/benefitted project amount. With STAMP seeing interest from projects that have significant capital investment/benefitted amounts the GCEDC staff is recommending a revision to the policy to allow for an ability to negotiate the origination fee on these large projects.

Fund Commitment: None.

Board Action Request: Recommend approval of revision to Pricing & Fee Policy as presented.
