RESOLUTION OF THE GENESEE COUNTY INDUSTRIAL DEVELOPMENT AGENCY D/B/A GENESEE COUNTY ECONOMIC DEVELOPMENT CENTER (i) MAKING A DETERMINATION WITH RESPECT TO THE FREIGHTLINER & WESTERN STAR OF BATAVIA LLC PROJECT (THE "COMPANY") PROJECT PURSUANT TO SEQRA, (ii) AUTHORIZING THE NEGOTIATION, EXECUTION AND DELIVERY OF AN AGENT AGREEMENT, LEASE AGREEMENT, LEASEBACK AGREEMENT, TAX AGREEMENT AND RELATED DOCUMENTS; (iii) AUTHORIZING FINANCIAL ASSISTANCE TO THE COMPANY IN THE FORM OF (A) A SALES AND USE TAX EXEMPTION FOR PURCHASES AND RENTALS RELATED TO THE ACQUISITION, CONSTRUCTION, RECONSTRUCTION, RENOVATION AND EQUIPPING OF THE PROJECT, (B) A REAL PROPERTY TAX ABATEMENT STRUCTURED THROUGH A TAX AGREEMENT, AND (C) A MORTGAGE RECORDING TAX EXEMPTION AS AUTHORIZED BY NEW YORK STATE LAW; AND (iv) AUTHORIZING THE EXECUTION AND DELIVERY OF A MORTGAGE AND RELATED DOCUMENTS.

C. Yunker made a motion to approve Freightliner & Western Star of Batavia, LLC. – Final Resolution No. 07/2017-02 as presented; the motion was seconded by P. Zeliff. Roll call resulted as follows:

P. Battaglia -	Yes	C. Yunker -	Yes

M. Davis -	Absent	M. Gray -	Yes
J. Rizzo -	Absent		

The item was approved as presented.

3.3 2% Tax Cap Legislation – S. Hyde shared since the 2% tax cap legislation has been in effect there have been difficulties recoding Payment In lieu of Taxes (PILOT) properties into the “Tax Levy Growth Factor” due to how the law was written. As a result, communities that are successful in attracting new economic growth through incentives provided by an Industrial Development Agency (IDA) are penalized, thereby preventing taxing jurisdictions – especially school districts – from gaining tax revenue they would otherwise receive if the project did not receive assistance from an IDA.

New recommended legislation has passed both the Assembly and the Senate in the 2017 session, and will generate additional revenue for school districts and other local governments. It will treat Industrial Development Agencies (IDA) projects the same as other property for purposes of the two percent real property tax cap. The new legislation would correct this inequity by allowing properties that are subject to a PILOT agreement to be included in the Tax Levy Growth Factor.

4.0 Audit & Finance Committee – M. Gray

4.1 May 2017 Financial Statements – The May 2017 financial statements were reviewed with the Committee earlier today. A brief overview was given; all expenditures are in line with the budget, except as noted. The financial statements are being recommended for approval by the Committee.

M. Gray made a motion to approve May 2017 Financial Statements as presented; the motion was seconded by P. Zeliff. Roll call resulted as follows:

4.2 2018 Budget Timeline – L. Farrell shared the 2018 budget timeline with the Board to ensure that the budget is approved by the September deadline for submission to the County.

4.3 Corfu Waste Water Treatment Facility Expansion Funding - The GGLDC's Buffalo East Tech Park (BETP) is currently in the Town of Pembroke's sewer district that discharges into the Village of Corfu's Waste Water Treatment Facility (WWTF). That facility is designed to handle 135,000 gallons per day (gpd) of waste flow. The plant is currently at, or near, capacity. The GGLDC approved paying for 50% of a CPL contract to split with the Town of Pembroke to design, engineer and permit an expansion to that facility, not to exceed \$100,000 in October of 2016. The total estimated cost of the expansion is approximately \$4,000,000. The Town has asked the GCEDC/GGLDC if they can contribute any funds towards the construction of the expansion. The GCEDC currently has approximately \$97,500 remaining from a Town of Pembroke grant where the funds are restricted in their use for infrastructure and development costs at the BETP. This funding is contingent upon the Town of Pembroke modifying their original Local Law from 2009 to include language to allow these funds to be utilized towards infrastructure, including a possible expansion/construction of a WWTF.

The Committee is recommending approval of a commitment of the balance of the restricted funds to go towards the Town of Pembroke's design, engineering, permitting and construction costs of the WWTF expansion in Corfu, currently approximately \$97,500, contingent upon the Town of Pembroke modifying their original Local Law from 2009 to include language to allow these funds to be utilized towards infrastructure, including a possible expansion/construction of a WWTF.

4.4 Sandvoss GAIN! Loan Fund Request - Sandvoss Farms has requested making a second loan from the GAIN! Loan fund. Empire State Development (ESD) has given approval to make a second loan to Sandvoss Farms in the amount of for \$170,749, contingent upon GCEDC approval.

Sandvoss Farms, LLC processes pasteurized cheese, milk and yogurt from raw goat's milk produced on their farm in East Bethany, NY. They will be using the funds to construct a new refrigeration and storage facility, and site work to improve access and traffic flow. A new hoop house will be built for feed and material storage and a new goat nursery facility. Additional funds for the project will come from a National Grid grant, a NYSERDA grant and an equity contribution from the owners in the form of cash.

The \$170,749 term loan will have an interest rate of 1% per annum and will be amortized over a 10-year term. The loan will be secured by a first position lien filing against the property being constructed as well

as a personal guarantee of the members/owners. The project will allow the company to continue to expand their operations. This loan was reviewed by the Committee and is brought forth to the Board without recommendation. M. Gray suggested tabling this item to next month's agenda given that P. Battaglia would need to abstain on this item and therefore the item would not pass.

5.1 Nothing at this time.

6.0 STAMP Committee – P. Zeliff

6.1 Access Roadway – Recommendation of Award – P. Zeliff shared that a total of six bids were received for the access road construction from Route 77/63. The low bidder was Keeler Construction of Albion, NY with a Base Bid amount of \$1,577,620, Alternate Bid 1 amount of \$111,600 for top course and striping for the access road and an Alternate Bid 2 of \$432,845 for the NYS Route 77/63 turn lane. Clark Patterson Lee has reviewed their qualifications and have discussed their bid in detail. They feel the bid received is a true representation of the costs to complete this project and that the contractor is qualified to complete to the work.

The Committee recommends accepting the bid and award the contract to Keeler Construction for a Base Bid amount of \$1,577,620, Alternate Bid 1 amount of \$111,600 and an Alternate Bid 2 amount of \$432,845, for a total contract award amount of \$2,122,065. 6.2 Purchase of Mitigation Credits - P. Zeliff shared that in connection with the construction of the access roadway, there are unavoidable impacts to wetlands and it is necessary to have a culvert crossing where three "tributaries" converge on the site. These impacts have been permitted by the US Army Corps of Engineers (USACE) through a Nationwide permit. The USACE has issued this permit to authorize permanent impacts to approx. .41 acres of federally-regulated wetlands and 254 linear feet of

stream. Impacts to wetlands greater than .10 acres trigger mitigation requirements. As a condition of this permit, the USACE has directed the GCEDC to purchase .5 credits from the Ducks Unlimited In-Lieu Fee Mitigation Program in the Niagara River Service Area. The GCEDC must supply a copy to the USACE of the signed Credit Sale Letter verifying acceptance of the full payment for the appropriate credits prior to commencement of construction. The credit purchase is a one-time fee. There are no further cost requirements associated with monitoring or contingency. Liability for the mitigation requirement transfers to Ducks Unlimited upon credit purchase.

The Committee recommended approval to purchase the appropriate mitigation credits in the amount of \$41,500.

P. Zeff made a motion to approve the Purchase of Mitigation Credits as presented; the motion was seconded by C. Yunker. Roll call resulted as follows:

P. Battaglia -	Yes	C. Yunker -	Yes
M. Wiater -	Absent	P. Zeff -	Yes
M. Davis -	Absent	M. Gray -	Yes
J. Rizzo -	Absent		

The item was approved as presented.

6.3 Long-Term Management Plan – P. Zeff shared that this was discussed at the Committee meeting today. There were some changes that need to be made and will be brought back before the Committee next month for a final review before bringing it to the full Board.

6.4 Material Testing for Roadway – P. Zeff shared that in connection with the construction of the entrance road at STAMP, Clark Patterson Lee has recommended that construction testing services be performed on the work by an independent third party. They have requested three quotes that would include the following work:

- a. Witness proof rolling of subgrade soils prior to placement of subbase materials
 - b. Compaction testing of select fill material
 - c. Compaction testing of subbase materials
 - d. Compaction testing of asphalt courses
- The low bidder was SJB Services, Inc. with a bid of \$10,000

The Committee recommended approval of a contract with SJB Services, Inc. for Materials Testing for Roadway Construction at STAMP not to exceed \$10,000. This will be covered under the \$33M ESD grant.

P. Zeff made a motion to approve the Material Testing for Roadway as presented; the motion was seconded by C. Yunker. Roll call resulted as follows:

P. Battaglia -	Yes	C. Yunker -	Yes
