1.0 Call to Order

P. Zeliff called the meeting to order at 10:30 a.m. in the Innovation Zone.

1.1 Enter Executive Session
M. Gray made a motion to enter executive session under the Public Officers Law, Article 7, Open Meetings Law Section 105, at 10:31 a.m. for the following reasons:

1. The medical, financial, credit or employment history of a particular person or corporation, or matters leading to the appointment, employment, promotion, demotion, discipline, suspension, dismissal or removal of a particular person or corporation.  
2. Discussions regarding proposed, pending or current litigation

The motion was seconded by C. Yunker and approved by all members present.

R. Crossen joined the meeting at 10:34 a.m. during executive session.

1.2 Enter Public Session
C. Yunker made a motion to enter back into public session at 10:58 a.m., seconded by M. Gray and approved by all members present.

2.0 Chairman’s Report & Activities

2.1 Upcoming Meetings:
   Next Scheduled Board Meeting: Thursday, December 2nd at 4:00 p.m.  
   Audit & Finance Committee Meeting: Tuesday, November 30th at 8:30 a.m.  
   STAMP Committee Meeting: Tuesday, November 30th at 10:30 a.m.

   Employment & Comp Committee Meeting: Thursday, December 16th at 3:00 p.m.  
   Board Meeting: Thursday, December 16th at 4:00 p.m.
2.2 Agenda Additions / Deletions / Other Business -

P. Zeliff made a motion to add agenda item 6.1 as “Reimbursement agreement with the Town of Shelby”; the motion was seconded by C. Yunker. Roll call resulted as follows:

P. Battaglia - Yes (Video Conference)  C. Yunker - Yes
T. Bender - Yes (Video Conference)     P. Zeliff - Yes
M. Clattenburg – Yes (Video Conference) M. Gray - Yes
A. Vanderhoof – Absent

The item was added to the agenda.

2.3 Minutes: October 7, 2021

T. Bender made a motion to approve the October 7, 2021 minutes as presented; the motion was seconded by C. Yunker. Roll call resulted as follows:

P. Battaglia - Yes (Video Conference)  C. Yunker - Yes
T. Bender - Yes (Video Conference)     P. Zeliff - Yes
M. Clattenburg – Yes (Video Conference) M. Gray - Yes
A. Vanderhoof – Absent

The item was approved as presented.

3.0 Report of Management

3.1 Ellicott Station LLC & Ellicott Station Commercial LLC Updated Resolution - The Ellicott Station project has a few updates that need to be approved through a revised resolution. There are three items that have been revised since the original approval:

1. With respect to the mortgage closing later this month, both Ellicott Station, LLC and Ellicott Station Commercial, LLC will each be granting one another access easements to construct each facility. The various leaseback agreements require the IDA consent to such. Included with meeting materials was a resolution whereby the board consents to each entity the necessary easement(s).

2. The estimated amount of the mortgage is being increased from $20 million to $26,250,850 million which will result in an increase to the mortgage tax exemption from $200,000 to $262,508.50.

3. The terms of the Residential PILOT and the Commercial PILOT, specifically, the fixing of the Base Valuation (as defined in the Residential PILOT and Commercial PILOT, respectively) during the Interim Tax Years (as further specified in the Residential PILOT and Commercial PILOT, respectively) results in a benefit to the company which in turn takes the PILOT from 30 years to 33 years. Normally the GCEDC PILOTS have companies pay 100% of any interim assessed value during construction so that does not qualify as a benefit since they are paying 100%. In this instance we are fixing the assessed value during the interim construction period.
which could potentially give rise to a benefit. The GCEDC is seeking Board approval of this difference.

Fund Commitment: None.

Resolution No. 10/2021-01

RESOLUTION OF THE GENESEE COUNTY INDUSTRIAL DEVELOPMENT AGENCY D/B/A GENESEE COUNTY ECONOMIC DEVELOPMENT CENTER (THE "AGENCY") AUTHORIZING (i) THE EXECUTION AND DELIVERY OF AN UP TO $26,250,850.00 AGGREGATE PRINCIPAL AMOUNT MORTGAGE FOR THE ELLOTT STATION LLC PROJECT AND ELLOTT STATION COMMERCIAL LLC PROJECT, (ii) THE AGENCY TO CONSENT TO THE GRANTING OF RECIPROCAL EASEMENTS BY ELLOTT STATION AND ELLOTT STATION COMMERCIAL AND TO EXECUTE ALL NECESSARY DOCUMENTS IN CONNECTION THEREWITH, AND (iii) THE RATIFICATION OF CERTAIN TERMS OF CERTAIN TAX AGREEMENTS RELATING TO THE ELLOTT STATION LLC PROJECT AND ELLOTT STATION COMMERCIAL LLC PROJECT.

P. Battaglia made a motion to approve authorizing resolution #10/2021-01 to address the three items outlined above; item one is contingent upon Harris Beach legal review concurrence of the agreements; the motion was seconded by M. Clattenburg. Roll call resulted as follows:

The item was approved as presented.

4.0 Audit & Finance Committee

4.1 September 2021 Financial Statements - L. Farrell reviewed the September 2021 financial statements with the Board. The following was noted:

- There were large expenditures for STAMP paid using the $33M, $8M and County $4M grant funds in September. On the P & L we recognized $675,000 of grant revenue related to those expenditures.
- We collected the origination fee of approximately $47,000 from Batavia Special Needs.
- Other than the above-mentioned items, there is normal monthly activity on the income statements for all funds.

The financial statements were reviewed in detail by the Committee and are recommended for approval.

M. Gray made a motion to approve the September 2021 Financial Statements as presented; the motion was seconded by P. Zeliff. Roll call resulted as follows:

The item was approved as presented.

4.2 GCEDC 1+3 Budget - L. Farrell presented the 1+3 budget to the Committee for review. She noted that the 2021 projection numbers and 2022 Budget was approved at the last Board meeting. The budget was then extended another 3 years. The 1+3 Budget must be entered into the NYS Public Authorities Reporting Information System (PARIS) online. It was noted that most line items show a 3% increase year over year. The line items with an asterisk are those that could be estimated more accurately as more information was available or schedules were utilized.

C. Yunker noted that given the recent spike in inflation, an estimated 3% increase year over year may not be sufficient. L. Farrell responded that this was also discussed at the Committee level and it is simply a forecast and not a formal approval of the budgets for years 2023-2025.

This was recommended for approval by the Committee.

M. Gray made a motion to approve the GCEDC 1+3 Budget as presented; the motion was seconded by P. Battaglia. Roll call resulted as follows:

The item was approved as presented.

4.3 Auditor Selection - L. Farrell presented an engagement letter from Mostert, Manzanero & Scott, LLC for 2021 audit services for $10,300, which is an increase of 3% from last year’s fee. If a single audit is required, there will be an additional charge of approximately $2,000. She also stated that this is David Brownell’s fifth and final year as engagement partner in charge.

This was recommended for approval by the Committee.

M. Gray made a motion to authorize the engagement letter with Mostert, Manzanero & Scott, LLC for 2021 auditing services, the motion was seconded by P. Battaglia. Roll call resulted as follows:

The item was approved as presented.

4.4 Agricultural Land Lease - The standard agricultural land lease agreement and list of intended lessees was included with meeting materials for review. The list of intended lessees is provided to avoid any conflicts. If there are any changes, an amended list of lessees will be brought forward to the Board for approval. The one-year lease agreement template was originally drafted by Phillips Lytle.
P. Zeliff noted that any lessees that may be impacted by the settlement terms with the Nation that limit the use of pesticides and herbicides must be notified.

This was recommended for approval by the Committee.

M. Gray made a motion to approve the 2022 Agricultural Land Lease agreement as presented; the motion was seconded by T. Bender. Roll call resulted as follows:

P. Battaglia - Yes (Video Conference)  C. Yunker - Yes
T. Bender - Yes (Video Conference)  P. Zeliff - Yes
M. Clattenburg - Yes (Video Conference)  M. Gray - Yes

5.1 Nothing at this time.

6.0 STAMP Committee – P. Zeliff

6.1 Reimbursement agreement with the Town of Shelby – The reimbursement agreement will be brought forward at the next Board meeting.

Fund Commitment – Not to exceed $5,000 to be included in the $8M.

P. Zeliff made a motion to expend up to $5,000 to enter a reimbursement agreement with the Town of Shelby to complete a peer review of the hydrology study that was done for the Sewer Works; the motion was seconded by C. Yunker. Roll call resulted as follows:

P. Battaglia - Yes (Video Conference)  C. Yunker - Yes
T. Bender - Yes (Video Conference)  P. Zeliff - Yes
M. Clattenburg - Yes (Video Conference)  M. Gray - Yes

INITIAL RESOLUTION
(Mega Properties, Inc. Project)

A regular meeting of the Genesee County Industrial Development Agency d/b/a Genesee County Economic Development Center was convened on Thursday, December 2, 2021.

The following resolution was duly offered and seconded, to wit:

Resolution No. 12/2021 - _____

RESOLUTION OF THE GENESEE COUNTY INDUSTRIAL DEVELOPMENT AGENCY d/b/a GENESEE COUNTY ECONOMIC DEVELOPMENT CENTER (THE "AGENCY") (i) ACCEPTING AN APPLICATION WITH RESPECT TO A CERTAIN PROJECT (AS DEFINED BELOW, THE "PROJECT") FOR THE BENEFIT OF MEGA PROPERTIES, INC., (ii) AUTHORIZING A PUBLIC HEARING WITH RESPECT TO THE PROJECT, AND (iii) DESCRIBING THE FORMS OF FINANCIAL ASSISTANCE BEING CONTEMPLATED BY THE AGENCY WITH RESPECT TO THE PROJECT.

WHEREAS, by Title 1 of Article 18-A of the General Municipal Law of the State of New York, as amended, and Chapter 565 of the Laws of 1970 of the State of New York, as amended (hereinafter collectively called the "Act"), the GENESEE COUNTY INDUSTRIAL DEVELOPMENT AGENCY d/b/a GENESEE COUNTY ECONOMIC DEVELOPMENT CENTER (the "Agency") was created with the authority and power to own, lease and sell property for the purpose of, among other things, acquiring, constructing and equipping industrial, manufacturing and commercial facilities as authorized by the Act; and

WHEREAS, MEGA PROPERTIES, INC., for itself or on behalf of an entity formed or to be formed by it or on its behalf (the "Company") has submitted an application (the "Application") to the Agency, a copy of which is on file with the Agency, requesting the Agency's assistance with respect to a certain project (the "Project") consisting of: (i) the acquisition by the Agency of a leasehold or other interest in certain real property located at 4320 Federal Drive in the Town of Batavia, Genesee County, New York (the "Land", being more particularly identified as TMID No. 8-1-66) and the existing improvements located thereon, consisting principally of an approximately 147,000 square foot building (the "Existing Improvements"), (ii) the planning, design, engineering, reconstruction, renovation and rehabilitation of the Existing Improvements for operation as a distribution center, together with related site and exterior improvements (collectively, the "Improvements"), and (iii) the acquisition by the Company in and around the Improvements of certain items of machinery, equipment and other tangible personal property (the "Equipment"; and, together with the Land, the Existing Improvements and the Improvements, the "Facility"); and

WHEREAS, pursuant to Article 18-A of the Act, the Agency desires to adopt a resolution describing the Project and the Financial Assistance (as defined below) that the Agency is contemplating with respect to the Project; and
WHEREAS, it is contemplated that the Agency will (i) hold a public hearing, (ii) designate the Company as agent of the Agency for the purpose of undertaking the Project pursuant to a project agreement (the "Project Agreement"), (iii) negotiate and enter into a lease agreement (the "Lease Agreement"), a leaseback agreement (the "Leaseback Agreement"), a tax agreement (the "Tax Agreement") and related documents, (iv) take or retain a leasehold interest in the Land, the Existing Improvements, the Improvements, the Equipment and the personal property constituting the Project (once the Lease Agreement, the Leaseback Agreement and the Tax Agreement have been negotiated), and (v) provide Financial Assistance to the Company in the form of (a) a sales and use tax exemption for purchases and rentals related to the acquisition, construction, reconstruction, renovation and equipping of the Facility, (b) a partial real property tax abatement structured through the Tax Agreement, and (c) a mortgage recording tax exemption as authorized by the laws of the State (collectively, the "Financial Assistance").

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE GENESEE COUNTY INDUSTRIAL DEVELOPMENT AGENCY D/B/A GENESEE COUNTY ECONOMIC DEVELOPMENT CENTER AS FOLLOWS:

Section 1. The Company has presented an Application in a form acceptable to the Agency. Based upon the representations made by the Company to the Agency in the Application, the Agency hereby finds and determines that:

(A) By virtue of the Act, the Agency has been vested with all powers necessary and convenient to carry out and effectuate the purposes and provisions of the Act and to exercise all powers granted to it under the Act; and

(B) The Agency has the authority to take the actions contemplated herein under the Act; and

(C) The action to be taken by the Agency will induce the Company to develop the Project, thereby increasing employment opportunities in Genesee County, New York, and otherwise furthering the purposes of the Agency as set forth in the Act.

Section 2. The Agency is hereby authorized to conduct a public hearing in compliance with the Act.

Section 3. The officers, employees and agents of the Agency are hereby authorized and directed for and in the name and on behalf of the Agency to do all acts and things required and to execute and deliver all such certificates, instruments and documents, to pay all such fees, charges and expenses and to do all such further acts and things as may be necessary or, in the opinion of the officer, employee or agent acting, desirable and proper to effect the purposes of the foregoing resolutions and to cause compliance by the Agency with all of the terms, covenants and provisions of the documents executed for and on behalf of the Agency.

Section 4. These Resolutions shall take effect immediately.
The question of the adoption of the foregoing Resolution was duly put to a vote on roll call, which resulted as follows:

FINAL RESOLUTION
(Valiant Real Estate USA Inc. Project)

A regular meeting of the Genesee County Industrial Development Agency d/b/a Genesee County Economic Development Center was convened on Thursday, December 2, 2021.

The following resolution was duly offered and seconded, to wit:

Resolution No. 12/2021 -

RESOLUTION OF THE GENESEE COUNTY INDUSTRIAL DEVELOPMENT AGENCY D/B/A GENESEE COUNTY ECONOMIC DEVELOPMENT CENTER (THE "AGENCY") (i) ACKNOWLEDGING THE PUBLIC HEARING HELD BY THE AGENCY ON OCTOBER 5, 2021, WITH RESPECT TO THE VALIANT REAL ESTATE USA INC. (THE "COMPANY") PROJECT (THE "PROJECT"); (ii) MAKING A DETERMINATION WITH RESPECT TO THE PROJECT PURSUANT TO SEQRA (AS DEFINED BELOW); (iii) APPOINTING THE COMPANY AS AGENT OF THE AGENCY; (iv) AUTHORIZING FINANCIAL ASSISTANCE TO THE COMPANY IN THE FORM OF (A) A SALES AND USE TAX EXEMPTION FOR PURCHASES AND RENTALS RELATED TO THE ACQUISITION, CONSTRUCTION, RECONSTRUCTION, RENOVATION AND EQUIPPING OF THE PROJECT, (B) A REAL PROPERTY TAX ABATEMENT STRUCTURED THROUGH A TAX AGREEMENT AND (C) A MORTGAGE RECORDING TAX EXEMPTION AS AUTHORIZED BY THE LAWS OF THE STATE OF NEW YORK; AND (v) AUTHORIZING THE NEGOTIATION, EXECUTION AND DELIVERY OF A PROJECT AGREEMENT, LEASE AGREEMENT, LEASEBACK AGREEMENT, TAX AGREEMENT, MORTGAGE AND RELATED DOCUMENTS WITH RESPECT TO THE PROJECT.

WHEREAS, by Title 1 of Article 18-A of the General Municipal Law of the State of New York (the "State"), as amended, and Chapter 565 of the Laws of 1970 of the State of New York, as amended (hereinafter collectively called the "Act"), the GENESEE COUNTY INDUSTRIAL DEVELOPMENT AGENCY d/b/a GENESEE COUNTY ECONOMIC DEVELOPMENT CENTER (the "Agency") was created with the authority and power to own, lease and sell property for the purpose of, among other things, acquiring, constructing and equipping industrial, manufacturing and commercial facilities as authorized by the Act; and

WHEREAS, VALIANT REAL ESTATE USA INC., for itself or on behalf of an entity formed or to be formed by it or on its behalf (the "Company") has submitted an application (the "Application") to the Agency, a copy of which is on file with the Agency, requesting the Agency's assistance with respect to a certain project (the "Project") consisting of: (i) the acquisition by the Agency of a leasehold interest in certain real property located at Saile Drive in the Town of Batavia, Genesee County, New York (the "Land", being identified as TMID Nos. 4.-1-60 and 4.-1-25.116), (ii) the planning, design, engineering, construction and operation of an
approximately 20,000 square foot facility, consisting of (a) service/repair bays for school buses, (b) office and meeting/training room related space, (c) space for housing school bus related parts, and (d) related site and exterior improvements (collectively, the "Improvements"), and (iii) the acquisition by the Company in and around the Improvements of certain items of machinery, equipment and other tangible personal property (the "Equipment"; and, together with the Land and the Improvements, the "Facility"); and

WHEREAS, it is contemplated that the Agency will (i) designate the Company as agent of the Agency for the purpose of undertaking the Project pursuant to a project agreement (the "Project Agreement"), (ii) negotiate and enter into a lease agreement (the "Lease Agreement"), a leaseback agreement (the "Leaseback Agreement"), a tax agreement (the "Tax Agreement") and related documents with the Company, (iii) take or title to or a leasehold interest in the Land, the Improvements, the Equipment and personal property constituting the Project (once the Lease Agreement, the Leaseback Agreement and the Tax Agreement have been negotiated), and (iv) provide financial assistance to the Company in the form of (a) a sales and use tax exemption for purchases and rentals related to the acquisition, construction and equipping of the Project, (b) a partial real property tax abatement structured through the Tax Agreement, and (c) a mortgage recording tax exemption as authorized by the laws of the State (collectively, the "Financial Assistance"); and

WHEREAS, on September 9, 2021, the Agency adopted a resolution (the "Initial Resolution") pursuant to which the Agency (i) accepted the Application of the Company, (ii) directed that a public hearing be held, and (iii) described the forms of financial assistance being contemplated by the Agency with respect to the Project; and

WHEREAS, pursuant to Section 859-a of the Act, on Tuesday, October 5, 2021, at 3:00 p.m., the Agency held a public hearing with respect to the Project and the proposed Financial Assistance being contemplated by the Agency (the "Public Hearing") wherein interested parties were provided a reasonable opportunity, both orally and in writing, to present their views. (A copy of the Notice of Public Hearing published and forwarded to the affected taxing jurisdictions at least ten (10) days prior to said Public Hearing are attached hereto as Exhibit A); and

WHEREAS, pursuant to the New York State Environmental Quality Review Act, Article 8 of the Environmental Conservation Law and the regulations adopted pursuant thereto at 6 N.Y.C.R.R. Part 617, as amended (collectively referred to as "SEQRA"); the Agency must satisfy the applicable requirements set forth in SEQRA, as necessary, prior to making a final determination whether to undertake the Project; and

WHEREAS, pursuant to Article 18-A of the Act the Agency desires to adopt a resolution approving the Project and the Financial Assistance (as defined below) that the Agency is contemplating with respect to the Project; and

WHEREAS, the Project Agreement, the Lease Agreement, the Leaseback Agreement, the Tax Agreement and related documents will be negotiated and presented to the President/CEO, Chair, Vice Chair and/or Senior Vice President of Operations of the Agency for approval and execution subject to adoption of the resolutions contained herein.
NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE GENESEE COUNTY INDUSTRIAL DEVELOPMENT AGENCY D/B/A GENESEE COUNTY ECONOMIC DEVELOPMENT CENTER AS FOLLOWS:

Section 1. The Company has presented an Application in a form acceptable to the Agency. Based upon the representations made by the Company to the Agency in the Application, the Agency hereby finds and determines that:

(A) By virtue of the Act, the Agency has been vested with all powers necessary and convenient to carry out and effectuate the purposes and provisions of the Act and to exercise all powers granted to it under the Act; and

(B) It is desirable and in the public interest for the Agency to appoint the Company as its agent for purposes of acquiring, constructing and equipping the Project; and

(C) The Agency has the authority to take the actions contemplated herein under the Act; and

(D) The action to be taken by the Agency will induce the Company to develop the Project, thereby increasing employment opportunities in Genesee County, New York and otherwise furthering the purposes of the Agency as set forth in the Act; and

(E) The Project will result in the removal of a facility or commercial, industrial, or manufacturing plant of the Company or any other proposed occupant of the Project from one area of the State to another area of the State or result in the abandonment of one or more plants or facilities of the Company or any other proposed occupant of the Project located within the State; and the Agency hereby finds that, based on the Application and the Company's certifications therein, to the extent occupants are relocating from one plant or facility to another, the Project is reasonably necessary to discourage the Project occupants from removing such other plant or facility to a location outside the State and/or is reasonably necessary to preserve the competitive position of the Project occupants in their respective industries; and

(F) The Town of Batavia Planning Board (the "Board") has conducted a review of the Project pursuant to Article 8 of the Environmental Conservation Law and 6 N.Y.C.R.R. Part 617 (collectively referred to as "SEQRA"). The Board issued a Negative Declaration on November 16, 2021 (the "Negative Declaration"), determining that the Project does not pose a potential significant adverse environmental impact. The Agency, having reviewed the materials presented by the Company, including, but not limited to, the Full Environmental Assessment Form and the Negative Declaration, further determines that the Project does not pose a potential significant adverse environmental impact and thus ratifies the Negative Declaration previously issued by the Board pursuant to 6 N.Y.C.R.R. Part 617.7. A copy of the Negative Declaration issued by the Board is attached hereto as Exhibit B.

Section 2. The Public Hearing held by the Agency on Tuesday, October 5, 2021, at 3:00 p.m., concerning the Project and the Financial Assistance was duly held in accordance with the Act, including but not limited to the giving of at least ten (10) days published notice of the
Public Hearing (such notice also provided to the Chief Executive Officer of each affected tax jurisdiction), affording interested parties a reasonable opportunity, both orally and in writing, to present their views with respect to the Project.

Section 3. The Agency is hereby authorized to provide to the Company the Financial Assistance in the form of (a) a sales and use tax exemption for purchases and rentals related to the acquisition, construction, reconstruction, renovation and equipping of the Project, (b) a partial real property tax abatement structured through the Tax Agreement and (c) a mortgage recording tax exemption as authorized by the laws of the State.

Section 4. Based upon representations and warranties made by the Company in the Application, the Agency hereby authorizes and approves the Company, as its agent, to make purchases of goods and services relating to the Project, that would otherwise be subject to State and local sales and use tax in an amount up to $2,810,000, which result in State and local sales and use tax exemption benefits ("Sales and Use Tax Exemption Benefits") not to exceed $224,800. The Agency agrees to consider any requests by the Company for an increase to the amount of Sales and Use Tax Exemption Benefits authorized by the Agency upon being provided with appropriate documentation detailing the additional purchases of property or services.

Section 5. Pursuant to Section 875(3) of the Act, the Agency may recover or recapture from the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project, any Sales and Use Tax Exemption Benefits taken or purported to be taken by the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project, if it is determined that: (i) the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project, is not entitled to the Sales and Use Tax Exemption Benefits; (ii) the Sales and Use Tax Exemption Benefits are in excess of the amounts authorized to be taken by the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project; (iii) the Sales and Use Tax Exemption Benefits are for property or services not authorized by the Agency as part of the Project; or (iv) the Sales and Use Tax Exemption Benefits are taken in cases where the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project, fails to comply with a material term or condition to use property or services in the manner approved by the Agency in connection with the Project. As a condition precedent of receiving Sales and Use Tax Exemption Benefits, the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project, shall (i) cooperate with the Agency in its efforts to recover or recapture any Sales and Use Tax Exemption Benefits, and (ii) promptly pay over any such amounts to the Agency that the Agency demands.

Section 6. Subject to the Company executing the Project Agreement and the delivery to the Agency of a binder, certificate or other evidence of liability insurance policy for the Project satisfactory to the Agency, the Agency hereby authorizes the Company to proceed with the acquisition, construction and equipping of the Project and hereby appoints the Company as the true and lawful agent of the Agency: (i) to acquire, reconstruct, renovate and equip the Project; (ii) to make, execute, acknowledge and deliver any contracts, orders, receipts, writings
and instructions, as the stated agent for the Agency with the authority to delegate such agency, in whole or in part, to agents, subagents, contractors, and subcontractors of such agents and subagents and to such other parties as the Company chooses; and (iii) in general, to do all things which may be requisite or proper for completing the Project, all with the same powers and the same validity that the Agency could do if acting in its own behalf; provided, however, the Project Agreement shall expire on **September 30, 2022** (unless extended for good cause by the President/CEO of the Agency) if the Lease Agreement, the Leaseback Agreement and the Tax Agreement contemplated have not been executed and delivered.

**Section 7.** The President/CEO, Chair, Vice Chair and/or Senior Vice President of Operations of the Agency are hereby authorized, on behalf of the Agency, to negotiate and enter into (A) the Project Agreement, (B) the Lease Agreement, pursuant to which the Company leases the Project to the Agency, (C) the related Leaseback Agreement, pursuant to which the Agency leases its interest in the Project back to the Company, and (D) the Tax Agreement; provided, however, (i) the rental payments under the Leaseback Agreement include payments of all costs incurred by the Agency arising out of or related to the Project and indemnification of the Agency by the Company for actions taken by the Company and/or claims arising out of or related to the Project and (ii) the terms of the Tax Agreement are consistent with the Agency's Uniform Tax Exemption Policy or the procedures for deviation have been complied with.

**Section 8.** The President/CEO, Chair, Vice Chair and/or Senior Vice President of Operations of the Agency are hereby authorized, on behalf of the Agency, to execute, deliver and record the Mortgage securing an aggregate principal amount not to exceed **$4,500,000**, and any security agreement, UCC-1 Financing Statements and all documents reasonably contemplated by these resolutions or required by any lender identified by the Company (the "Lender") to assist with the undertaking of the Project, the acquisition of the Facility and/or the finance or re-finance the Facility or equipment and other personal property and related transactional costs (hereinafter, with the Project Agreement, Lease Agreement, Leaseback Agreement, Tax Agreement and the Mortgage, collectively called the "Agency Documents"); and, where appropriate, the Secretary or Assistant Secretary of the Agency is hereby authorized to affix the seal of the Agency to the Agency Documents and to attest the same, all with such changes, variations, omissions and insertions as the President/CEO, Chair, Vice Chair and/or Senior Vice President of Operations of the Agency shall approve, the execution thereof by the President/CEO, Chair, Vice Chair and/or Senior Vice President of Operations of the Agency to constitute conclusive evidence of such approval; provided in all events recourse against the Agency is limited to the Agency’s interest in the Project.

**Section 9.** The officers, employees and agents of the Agency are hereby authorized and directed for and in the name and on behalf of the Agency to do all acts and things required and to execute and deliver all such certificates, instruments and documents, to pay all such fees, charges and expenses and to do all such further acts and things as may be necessary or, in the opinion of the officer, employee or agent acting, desirable and proper to effect the purposes of the foregoing resolutions and to cause compliance by the Agency with all of the terms, covenants and provisions of the documents executed for and on behalf of the Agency.

**Section 10.** These Resolutions shall take effect immediately upon adoption.
The question of the adoption of the foregoing Resolution was duly put to a vote on roll call, which resulted as follows:

REPORT OF THE GENESEE COUNTY INDUSTRIAL DEVELOPMENT AGENCY'S PUBLIC HEARING OF VALIANT REAL ESTATE USA INC., HELD ON TUESDAY, OCTOBER 5, 2021 3:00 P.M. AT THE BATAVIA TOWN HALL, CONFERENCE ROOM, 3833 WEST MAIN STREET ROAD, BATAVIA, NEW YORK, GENESEE COUNTY, NEW YORK

I. ATTENDANCE

Chris Suozzi, Sr. VP of Business & Workforce Development – GCEDC
Lauren Casey, Finance Assistant – GCEDC
Krista Galdun, Operations Assistant – GCEDC
Greg Post, Town of Batavia Supervisor

II. CALL TO ORDER

The public hearing of Valiant Real Estate USA Inc. Project was opened at 3:04 p.m. at Batavia Town Hall, 3833 West Main Street Road, in the Town of Batavia, Genesee County, New York.

A notice of this public hearing describing the project was published in the Batavia Daily News, a copy of which is attached and is an official part of this transcript.

III. PROJECT SUMMARY

Valiant Real Estate USA, Inc. is proposing to build a new 20,000 sq. ft. facility on the corner of Saile Drive and Call Parkway in the town of Batavia.

The project is investing $4.5 million and is pledging to create 24 FTEs with an average salary range of $30,000-$75,000 annually plus benefits.

The project is seeking assistance from the GCEDC in the form of a property tax abatement ($160,320), a sales tax abatement ($224,800), and a mortgage tax exemption ($45,000).

IV. COMMENTS

C. Suozzi began the public hearing by providing a summary of the above-outlined project. He then stated the purpose and guidelines for the public hearing. The purpose of the public hearing is to solicit comments and feedback from the public regarding the proposed incentives on the above outlined project. There were no written comments received ahead of time to be included with the written record.

V. ADJOURNMENT

As there were no written or oral comments, the public hearing was closed at 3:14 p.m.

Instructions for Completing Part 1

Part 1 is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either "Yes" or "No". If the answer to the initial question is "Yes", complete the sub-questions that follow. If the answer to the initial question is "No", proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the applicant or project sponsor to verify that the information contained in Part 1 is accurate and complete.

i. Coastal Resources.
   i. Is the project site within a Coastal Area, or the waterfront area of a Designated Inland Waterway? Yes or No |
   ii. Is the project site located in a community with an approved Local Waterfront Revitalization Program? Yes or No |
   iii. Is the project site within a Coastal Erosion Hazard Area? Yes or No |

C. Planning and Zoning

C.1. Planning and zoning actions.

Will administrative or legislative adoption, or amendment of a plan, local law, ordinance, rule or regulation be the only approval(s) which must be granted to enable the proposed action to proceed? Yes or No

- If Yes, complete sections C, F and G.
- If No, proceed to question C.2 and complete all remaining sections and questions in Part 1

C.2. Adopted land use plans.

a. Do any municipally adopted (city, town, village or county) comprehensive land use plan(s) include the site where the proposed action would be located? Yes or No
   If Yes, does the comprehensive plan include specific recommendations for the site where the proposed action would be located? Yes or No

b. Is the site of the proposed action within any local or regional special planning district (for example: Greenway; Brownfield Opportunity Area (BOA); designated State or Federal heritage area; watershed management plan; or other)? Yes or No
   If Yes, identify the plan(s):

   ____________________________________________________________
   ____________________________________________________________

  c. Is the proposed action located wholly or partially within an area listed in an adopted municipal open space plan, or an adopted municipal farmland protection plan? Yes or No
   If Yes, identify the plan(s):

   ____________________________________________________________
   ____________________________________________________________

Page 2 of 13
**C.3. Zoning**

a. Is the site of the proposed action located in a municipality with an adopted zoning law or ordinance? □ Yes □ No

If Yes, what is the zoning classification(s) including any applicable overlay district? The western parcel, Tax ID 4-1-25.116, is zoned Commercial (C). The eastern parcel, Tax ID 4-1-25.116, is zoned Industrial (I).

b. Is the use permitted or allowed by a special or conditional use permit? □ Yes □ No

c. Is a zoning change requested as part of the proposed action? □ Yes □ No

If Yes,
i. What is the proposed new zoning for the site? Rezoning Tax Id: 4-1-25.116 from Industrial (I) to Commercial (C)

**C.4. Existing community services.**

a. In what school district is the project site located? Eba Central School District

b. What police or other public protection forces serve the project site?

Genesee County Sheriff's Office, NYS Troopers

c. Which fire protection and emergency medical services serve the project site?

Town of Batavia Fire Department, Genesee County Emergency Management Services

d. What parks serve the project site?

Batavia Soccer Park, MacArthur Park

---

**D. Project Details**

**D.1. Proposed and Potential Development**

a. What is the general nature of the proposed action (e.g., residential, industrial, commercial, recreational; if mixed, include all components)? Commercial facility (maintenance and sale facility for buses)

b. a. Total acreage of the site of the proposed action? 6.89 acres

c. Total acreage to be physically disturbed? 6.89 acres

d. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor? 6.89 acres

**c. Is the proposed action an expansion of an existing project or use?** □ Yes □ No

i. If Yes, what is the approximate percentage of the proposed expansion and identify the units (e.g., acres, miles, housing units, square feet)? % Units:

**d. Is the proposed action a subdivision, or does it include a subdivision?** □ Yes □ No

If Yes,

i. Purpose or type of subdivision? (e.g., residential, industrial, commercial; if mixed, specify types)

ii. Is a cluster/conservation layout proposed? □ Yes □ No

iii. Number of lots proposed?

iv. Minimum and maximum proposed lot sizes? Minimum Maximum

**e. Will the proposed action be constructed in multiple phases?** □ Yes □ No

i. If No, anticipated period of construction: 6-12 months

ii. If Yes:

- Total number of phases anticipated
- Anticipated commencement date of phase 1 (including demolition) month year
- Anticipated completion date of final phase month year
- Generally describe connections or relationships among phases, including any contingencies where progress of one phase may determine timing or duration of future phases:

f. Does the proposed action include new non-residential construction (including expansions)? ☑ Yes □ No
   If Yes,
   i. Total number of structures
   ii. Dimensions (in feet) of largest proposed structure:
   iii. Approximate extent of building space to be heated or cooled:

h. Does the proposed action include construction or other activities that will result in the impoundment of any liquids, such as creation of a water supply, reservoir, pond, lake, waste lagoon or other storage? ☑ Yes □ No
   If Yes,
   i. Purpose of the impoundment:
   ii. If a water impoundment, the principal source of the water:
      ☑ Ground water ☑ Surface water streams ☑ Other specify:
   iii. If other than water, identify the type of impounded/contained liquids and their source.

   iv. Approximate size of the proposed impoundment. Volume: ___________ million gallons; surface area: ___________ acres
   v. Dimensions of the proposed dam or impounding structure:
   vi. Construction method/materials for the proposed dam or impounding structure (e.g., earth fill, rock, wood, concrete):

D.2. Project Operations

a. Does the proposed action include any excavation, mining, or dredging, during construction, operations, or both? ☑ Yes □ No
   (Not including general site preparation, grading or installation of utilities or foundations where all excavated materials will remain onsite)
   If Yes:
   i. What is the purpose of the excavation or dredging?
   ii. How much material (including rock, earth, sediments, etc.) is proposed to be removed from the site?
      - Volume (specify tons or cubic yards):
      - Over what duration of time?
   iii. Describe nature and characteristics of materials to be excavated or dredged, and plans to use, manage or dispose of them.

   iv. Will there be onsite dewatering or processing of excavated materials?
      ☑ Yes □ No
      If yes, describe.

   v. What is the total area to be dredged or excavated?
   vi. What is the maximum area to be worked at any one time?
   vii. What would be the maximum depth of excavation or dredging?
   viii. Will the excavation require blasting?
      ☑ Yes □ No
      If Yes:
      i. Identify the wetland or waterbody which would be affected (by name, water index number, wetland map number or geographic description): The project is adjacent to an NYSDEC Class C Stream 821-43 and a USFWS wetland classified as PSSI/EM1E and will not affect other resources.

   ix. Summarize site reclamation goals and plan:
      ___________________ ___________________ ___________________ ___________________

b. Would the proposed action cause or result in alteration of, increase or decrease in size of, or encroachment into any existing wetland, waterbody, shoreline, beach or adjacent area? ☑ Yes □ No
   If Yes:
   i. Identify the wetland or waterbody which would be affected (by name, water index number, wetland map number or geographic description): The project is adjacent to an NYSDEC Class C Stream 821-43 and a USFWS wetland classified as PSSI/EM1E and will not affect other resources.
**ii.** Describe how the proposed action would affect that waterbody or wetland, e.g., excavation, fill, placement of structures, or alteration of channels, banks and shorelines. Indicate extent of activities, alterations and additions in square feet or acres:

**iii.** Will the proposed action cause or result in disturbance to bottom sediments?

If Yes, describe:

**iv.** Will the proposed action cause or result in the destruction or removal of aquatic vegetation?

If Yes:
- acres of aquatic vegetation proposed to be removed:
- expected acreage of aquatic vegetation remaining after project completion:
- purpose of proposed removal (e.g., beach clearing, invasive species control, boat access):

- proposed method of plant removal:
- if chemical/herbicide treatment will be used, specify product(s):

<table>

**c.** Will the proposed action use, or create a new demand for water?

If Yes:

- Total anticipated water usage/demand per day: ______________ gallons/day

**i.** Will the proposed action obtain water from an existing public water supply?

If Yes:
- Name of district or service area:
- Does the existing public water supply have capacity to serve the proposal?
- Is the project site in the existing district?
- Is expansion of the district needed?
- Do existing lines serve the project site?

- Describe extension within an existing district be necessary to supply the project?

- Source(s) of supply for the district:

**iv.** Is a new water supply district or service area proposed to be formed to serve the project site?

If Yes:
- Applicant/sponsor for new district:
- Date application submitted or anticipated:
- Proposed source(s) of supply for new district:

**d.** Will the proposed action generate liquid wastes?

If Yes:

- Total anticipated liquid waste generation per day: ______________ gallons/day

**i.** Nature of liquid wastes to be generated (e.g., sanitary wastewater, industrial; if combination, describe all components and approximate volumes or proportions of each):

**iii.** Will the proposed action use any existing public wastewater treatment facilities?

If Yes:
- Name of wastewater treatment plant to be used:
- Name of district:
- Does the existing wastewater treatment plant have capacity to serve the project?
- Is the project site in the existing district?
- Is expansion of the district needed?
- Do existing sewer lines serve the project site?  
  - Yes  
  - No

- Will a line extension within an existing district be necessary to serve the project?  
  - Yes  
  - No

  If Yes:
  - Describe extensions or capacity expansions proposed to serve this project:

iv. Will a new wastewater (sewage) treatment district be formed to serve the project site?  
  - Yes  
  - No

  If Yes:
  - Applicant/sponsor for new district:
  - Date application submitted or anticipated:
  - What is the receiving water for the wastewater discharge?

v. If public facilities will not be used, describe plans to provide wastewater treatment for the project, including specifying proposed receiving water (name and classification if surface discharge or describe subsurface disposal plans):

vi. Describe any plans or designs to capture, recycle or reuse liquid waste:

ii. Volume(s) _____ per unit time _____ (e.g., month, year)

iii. Generally, describe the proposed storage facilities:

q. Will the proposed action (commercial, industrial and recreational projects only) use pesticides (i.e., herbicides, insecticides) during construction or operation? □ Yes □ No

If Yes:
1. Describe proposed treatment(s):

ii. Will the proposed action use Integrated Pest Management Practices? □ Yes □ No

r. Will the proposed action (commercial or industrial projects only) involve or require the management or disposal of solid waste (excluding hazardous materials)? □ Yes □ No

If Yes:
1. Describe any solid waste(s) to be generated during construction or operation of the facility:
   a. Construction: TBD tons per TBD (unit of time)
   b. Operation: TBD tons per TBD (unit of time)

ii. Describe any proposals for on-site minimization, recycling or reuse of materials to avoid disposal as solid waste:
   a. Construction:
   b. Operation:

iii. Proposed disposal methods/facilities for solid waste generated on-site:
   a. Construction: Any waste generated will be disposed of at NYSDEC registered facilities.
   b. Operation: TBD
s. Does the proposed action include construction or modification of a solid waste management facility? ☐ Yes ☐ No
   If Yes:
      i. Type of management or handling of waste proposed for the site (e.g., recycling or transfer station, composting, landfill, or other disposal activities):
         ____________________________________________________________
      ii. Anticipated rate of disposal/processing:
         a. ________ Tons/month, if transfer or other non-combustion/thermal treatment, or
         b. ________ Tons/hour, if combustion or thermal treatment
   iii. If landfill, anticipated site life: ___________________________ years

r. Will the proposed action at the site involve the commercial generation, treatment, storage, or disposal of hazardous waste? ☐ Yes ☐ No
   If Yes:
      i. Name(s) of all hazardous wastes or constituents to be generated, handled or managed at facility:
         ____________________________________________________________
            Waste fuel, solvents, certain types of scrap metal, batteries, waste paint, used towels
      ii. Generally describe processes or activities involving hazardous wastes or constituents:
         ____________________________________________________________
            Bus repair and maintenance
      iii. Specify amount to be handled or generated: TBD tons/month
      iv. Describe any proposals for on-site minimization, recycling or reuse of hazardous constituents:
         All materials classified as hazardous waste associated with the bus repair and maintenance will be recycled or re-used. All recycled materials will be sent to NYSDEC registered facilities.
      v. Will any hazardous wastes be disposed at an existing offsite hazardous waste facility? ☐ Yes ☐ No
         If Yes: provide name and location of facility:

E. Site and Setting of Proposed Action

E.1. Land uses on and surrounding the project site

a. Existing land uses:
   i. Check all uses that occur on, adjoining and near the project site.
      ☐ Urban ☐ Industrial ☐ Commercial ☐ Residential (suburban) ☐ Rural (non-farm)

c. Is the project site presently used by members of the community for public recreation? □ Yes □ No
  If Yes: explain: ________________________________

  i. Are there any facilities serving children, the elderly, people with disabilities (e.g., schools, hospitals, licensed
  day care centers, or group homes) within 1500 feet of the project site?
  If Yes, Identify Facilities:
                _______________________________________

  e. Does the project site contain an existing dam?
     If Yes:
     i. Dimensions of the dam and impoundment:
        - Dam height: __________________________ feet
        - Dam length: __________________________ feet
        - Surface area: _________________________ acres
        - Volume impounded: ____________________ gallons OR acre-feet
     ii. Dam's existing hazard classification:
     iii. Provide date and summarize results of last inspection:
                _______________________________________

  f. Has the project site ever been used as a municipal, commercial or industrial solid waste management facility, or does the project site adjoin property which is now, or was at one time, used as a solid waste management facility? □ Yes □ No
     If Yes:
     i. Has the facility been formally closed?
        - Yes □ No □
        - If yes, cite sources/documentation:
        ii. Describe the location of the project site relative to the boundaries of the solid waste management facility:
                _______________________________________
     iii. Describe any development constraints due to the prior solid waste activities:
                _______________________________________

  g. Have hazardous wastes been generated, treated and/or disposed of at the site, or does the project site adjoin property which is now or was at one time used to commercially treat, store and/or dispose of hazardous waste? □ Yes □ No
     If Yes:
     i. Describe waste(s) handled and waste management activities, including approximate time when activities occurred:
                _______________________________________

  h. Potential contamination history. Has there been a reported spill at the proposed project site, or have any remedial actions been conducted at or adjacent to the proposed site? □ Yes □ No
     If Yes:
     i. Is any portion of the site listed on the NYSDEC Spills Incidents database or Environmental Site Remediation database? Check all that apply:
        □ Yes – Spills Incidents database Provide DEC ID number(s):
        □ Yes – Environmental Site Remediation database Provide DEC ID number(s):
        □ Neither database
     ii. If site has been subject of RCRA corrective activities, describe control measures:
                _______________________________________
     iii. Is the project within 2000 feet of any site in the NYSDEC Environmental Site Remediation database? □ Yes □ No
        If yes, provide DEC ID number(s):
        iv. If yes to (i), (ii) or (iii) above, describe current status of site(s):
                _______________________________________

Page 10 of 13
v. Is the project site subject to an institutional control limiting property uses? □ Yes ☑ No
   - If yes, DEC site ID number:
   - Describe the type of institutional control (e.g., deed restriction or easement):
   - Describe any use limitations:
   - Describe any engineering controls:
   - Will the project affect the institutional or engineering controls in place? □ Yes ☑ No
   - Explain:

E.2. Natural Resources On or Near Project Site

a. What is the average depth to bedrock on the project site? 6.6 feet

b. Are there bedrock outcroppings on the project site? □ Yes ☑ No
   - If Yes, what proportion of the site is comprised of bedrock outcroppings? %

c. Predominant soil type(s) present on project site:
   - Appleton Silt Loam, 0 to 3% slopes 10 %
   - Lima Silt Loam, 0 to 3% slopes 65 %
   - Cylind Silt Loam, 0 to 3% slopes 22 %

---

d. What is the average depth to the water table on the project site? Average: 1.8 feet

---

e. Drainage status of project site soils:
   - ☑ Well Drained: 10 % of site
   - ☑ Moderately Well Drained: 85 % of site
   - ☑ Poorly Drained: 25 % of site

f. Approximate proportion of proposed action site with slopes:
   - ☑ 0-10%: 100 % of site
   - □ 10-15%: % of site
   - □ 15% or greater: % of site

---

g. Are there any unique geologic features on the project site? □ Yes ☑ No
   - If Yes, describe:

---

h. Surface water features.
   i. Does any portion of the project site contain wetlands or other waterbodies (including streams, rivers, ponds or lakes)? □ Yes ☑ No
   ii. Do any wetlands or other waterbodies adjoin the project site? ☑ Yes ☑ No
   iii. Are any of the wetlands or waterbodies within or adjoining the project site regulated by any federal, state or local agency? □ Yes ☑ No
   iv. For each identified regulated wetland and waterbody on the project site, provide the following information:
      - Streams: Name Classification
      - Lakes or Ponds: Name Classification
      - Wetlands: Name Approximate Size
   v. Are any of the above water bodies listed in the most recent compilation of NYS water quality-impaired waterbodies? □ Yes ☑ No
      - If yes, name of impaired water body/ bodies and basis for listing as impaired:

---

i. Is the project site in a designated Floodway? □ Yes ☑ No

j. Is the project site in the 100-year Floodplain? □ Yes ☑ No

k. Is the project site in the 500-year Floodplain? □ Yes ☑ No

l. Is the project site located over, or immediately adjoining, a primary, principal or sole source aquifer? □ Yes ☑ No
   i. Name of aquifer:

---

Page 11 of 13
m. Identify the predominant wildlife species that occupy or use the project site:

Typical suburban/natural species may pass through the project site, including squirrels, rabbits, raccoons, woodchucks, snakes.

n. Does the project site contain a designated significant natural community?  
   If Yes:
   i. Describe the habitat/community (composition, function, and basis for designation):

   ii. Source(s) of description or evaluation:

   iii. Extent of community/habitat:
       - Currently: __________________________ acres
       - Following completion of project as proposed: __________________________ acres
       - Gain or loss (indicate + or -): __________________________ acres

o. Does project site contain any species of plant or animal that is listed by the federal government or NYS as endangered or threatened, or does it contain any areas identified as habitat for an endangered or threatened species?  
   If Yes:
   i. Species and listing (endangered or threatened):

p. Does the project site contain any species of plant or animal that is listed by NYS as rare, or as a species of special concern?  
   If Yes:
   i. Species and listing:

q. Is the project site or adjoining area currently used for hunting, trapping, fishing or shell fishing?  
   If yes, give a brief description of how the proposed action may affect that use:

Spring Creek flows is located west of the project site. Fishing activities occur at the creek.

E.3. Designated Public Resources On or Near Project Site

a. Is the project site, or any portion of it, located in a designated agricultural district certified pursuant to Agriculture and Markets Law, Article 25-AA, Section 303 and 304?  
   If Yes, provide county plus district name/number:

b. Are agricultural lands consisting of highly productive soils present?  
   i. If Yes: acreage(s) on project site? 5 acres

   ii. Source(s) of soil rating(s): NYS Mineral Soil groups 1-4

c. Does the project site contain all or part of, or is it substantially contiguous to, a registered National Natural Landmark?  
   If Yes:
   i. Nature of the natural landmark:  
      □ Biological Community  □ Geological Feature  
   ii. Provide brief description of landmark, including values behind designation and approximate size/extent:

   iii. Are there any further comments concerning the project site?

E.4. Adjacent Agricultural Lands

A.1. Any land within 1 mile of the project site which is under cultivation, orchard, or pasture is either purchased by the developer or the site is developed over the land:

1. List of purchasers:

2. Method of purchase:

3. Basis for designation:

4. Date of purchase:

5. Additional comments:

Page 12 of 13
e. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places? Yes ☐ No ☐

If Yes:
  i. Nature of historic/archaeological resource: ☐ Archaeological Site ☐ Historic Building or District See Attached No Effect Letter from SHPO.
  ii. Name:
  iii. Brief description of attributes on which listing is based:

f. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory? Yes ☐ No ☐

g. Have additional archaeological or historic site(s) or resources been identified on the project site? Yes ☐ No ☐

If Yes:
  i. Describe possible resource(s):
  ii. Basis for identification:

h. Is the project site within five miles of any officially designated and publicly accessible federal, state, or local scenic or aesthetic resource? Yes ☐ No ☐

If Yes:
  i. Identify resource: War of 1812 Bicentennial Peace Garden, Centennial Park, DeWitt Recreational Area
  ii. Nature of, or basis for, designation (e.g., established highway overlook, state or local park, state historic trail or scenic byway, etc.): State Historic Trail, City Park, County Park
  iii. Distance between project and resource: __±___ miles

i. Is the project site located within a designated river corridor under the Wild, Scenic and Recreational Rivers Program 6 NYCRR 666? Yes ☐ No ☐

If Yes:
  i. Identify the name of the river and its designation:
  ii. Is the activity consistent with development restrictions contained in 6NYCRR Part 666? Yes ☐ No ☐

F. Additional Information
Attach any additional information which may be needed to clarify your project.

If you have identified any adverse impacts which could be associated with your proposal, please describe those impacts plus any measures which you propose to avoid or minimize them.

G. Verification
I certify that the information provided is true to the best of my knowledge.

Full Environmental Assessment Form
Part 2 - Identification of Potential Project Impacts

Part 2 is to be completed by the lead agency. Part 2 is designed to help the lead agency inventory all potential resources that could be affected by a proposed project or action. We recognize that the lead agency’s reviewer(s) will not necessarily be environmental professionals. So, the questions are designed to walk a reviewer through the assessment process by providing a series of questions that can be answered using the information found in Part 1. To further assist the lead agency in completing Part 2, the form identifies the most relevant questions in Part 1 that will provide the information needed to answer the Part 2 question. When Part 2 is completed, the lead agency will have identified the relevant environmental areas that may be impacted by the proposed activity.

If the lead agency is a state agency and the action is in any Coastal Area, complete the Coastal Assessment Form before proceeding with this assessment.

Tips for completing Part 2:
- Review all of the information provided in Part 1.
- Review any application, maps, supporting materials and the Full EAF Workbook.
- Answer each of the 18 questions in Part 2.
- If you answer “Yes” to a numbered question, please complete all the questions that follow in that section.
- If you answer “No” to a numbered question, move on to the next numbered question.
- Check appropriate column to indicate the anticipated size of the impact.
- Proposed projects that would exceed a numeric threshold contained in a question should result in the reviewing agency checking the box “Moderate to large impact may occur.”
- The reviewer is not expected to be an expert in environmental analysis.
- If you are not sure or undecided about the size of an impact, it may help to review the sub-questions for the general question and consult the workbook.
- When answering a question consider all components of the proposed activity, that is, the “whole action”.
- Consider the possibility for long-term and cumulative impacts as well as direct impacts.
- Answer the question in a reasonable manner considering the scale and context of the project.

Full Environmental Assessment Form

Part 3 - Evaluation of the Magnitude and Importance of Project Impacts and Determination of Significance

Part 3 provides the reasons in support of the determination of significance. The lead agency must complete Part 3 for every question in Part 2 where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.

Based on the analysis in Part 3, the lead agency must decide whether to require an environmental impact statement to further assess the proposed action or whether available information is sufficient for the lead agency to conclude that the proposed action will not have a significant adverse environmental impact. By completing the certification on the next page, the lead agency can complete its determination of significance.

Reasons Supporting This Determination:

To complete this section:
- Identify the impact based on the Part 2 responses and describe its magnitude. Magnitude considers factors such as severity, size or extent of an impact.
- Assess the importance of the impact. Importance relates to the geographic scope, duration, probability of the impact occurring, number of people affected by the impact and any additional environmental consequences if the impact were to occur.
- The assessment should take into consideration any design element or project changes.
- Repeat this process for each Part 2 question where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.
- Provide the reason(s) why the impact may, or will not, result in a significant adverse environmental impact.
- For Conditional Negative Declarations identify the specific condition(s) imposed that will modify the proposed action so that no significant adverse environmental impacts will result.
- Attach additional sheets, as needed.

Upon review of the information recorded on this EAF, as noted, plus this additional support information and considering both the magnitude and importance of each identified potential impact, it is the conclusion of the [name of agency] as lead agency that:

☑ A. This project will result in no significant adverse impacts on the environment, and, therefore, an environmental impact statement need not be prepared. Accordingly, this negative declaration is issued.

☐ B. Although this project could have a significant adverse impact on the environment, that impact will be avoided or substantially mitigated because of the following conditions which will be required by the lead agency:

There will, therefore, be no significant adverse impacts from the project as conditioned, and, therefore, this conditioned negative declaration is issued. A conditioned negative declaration may be used only for UNLISTED actions (see 6 NYCRR 617.7(d)).

☐ C. This Project may result in one or more significant adverse impacts on the environment, and an environmental impact statement must be prepared to further assess the impact(s) and possible mitigation and to explore alternatives to avoid or reduce those impacts. Accordingly, this positive declaration is issued.

### Significant Events:

1. Unrestricted Cash - Received $2.9M origination fee and $2.06M land sale proceeds from Plug Power in October.
2. Restricted Cash - Includes cash deposited by ESD into imprest accounts related to the $8M and $33M STAMP grants. Additional $9M deposit received in October. Expenditures out of these accounts are pre-authorized by ESD. Also included are funds received from the County per a Water Supply Agreement, to be put towards water improvements located in the Town of Alabama and the Town of Pembroke and other Phase II improvements as identified by the County. These funds are being used to pay for qualifying expenditures.
3. Grants Receivable - ESD $33M grant reimbursement for STAMP permit; National Grid grants support marketing and development activities for STAMP and the LeRoy Food & Tech Park.

4. Accounts Receivable (Current) - Econ. Dev. Program Support Grant; MedTech Centre Property Management; termed out Project Origination Fees from HP Hood to be collected in the next 12 months, etc.

Cleaning Services

Discussion: During 2019, staff reached out to four cleaning companies to obtain quotes for 2020 cleaning services. Commercial Cleaning Services of Western New York, the company that was currently being used, continued to offer a competitive price and we continue to be satisfied with the services. New quotes were not obtained for 2021 or 2022 services. We anticipate getting quotes for cleaning services every three years.

Fund Commitment: Up to $5,500, included in the 2021 GCEDC Budget.

Action Requested: Staff is requesting recommendation from the Committee to continue a contract with Commercial Cleaning Services of Western New York for 2022 cleaning services at a cost not to exceed $5,500 for the year.
Insurance Renewal

Tompkins went out to bid for the Agency’s 2022 insurance renewal. Other markets were explored as listed below, but they were unable to find another carrier that was able to meet the GCEDC & GGLDC’s needs at an affordable rate.

The total premium proposed by Selective is within the amounts included in the EDC and LDC 2022 budgets.

From Joe Teresi:

Per your instructions we did approach other carriers and unfortunately not much has changed with the marketplace. A summary of carrier responses is as follows:

- Acadia Insurance – declined
- AM trust- no response
- Chubb Group- Declined
- Cincinnati Insurance- Declined

E3communications – GCEDC Public Relations

Discussion: e3communications is a professional media and public relations firm/consultant that works with the GCEDC to provide strategic public relations counsel regarding organizational messaging as projects and issues develop, as well as coordination and execution of special events, media relations, promotional materials and social media programming to support the GCEDC’s corporate attraction, expansion and retention missions; as well as the GCEDC’s workforce and entrepreneurial missions.

In 2021, e3communications directly assisted with the launch and coordinated media for the county’s Economic Development Recovery Task Force and GCEDC project announcements, as well as positive media related to the Downtown Revitalization Initiative, project groundbreakings, the GCEDC’s shovel-ready sites, and workforce development projects.

Board Action Request: A renewal of services for the Jan. 1, 2022 to Dec. 31, 2022 period at $1,800 per month. This is an increase of $125 per month, as services were previously $1,675 per month in 2021. This expenditure is anticipated and contained in the 2021 GCEDC Operations/Marketing budget.

RE: 2022 Agreement for Public Relations Services

Dear Mark:

e3communications greatly appreciates the opportunity to continue our work on behalf of the Genessee County Economic Development Center (GCEDC) in 2022.

Please find below the proposed scope of services:

- Provide strategic public relations counsel regarding organizational messaging as issues develop; this would include participating in planning meetings and various other communications with staff e.g. conference calls, emails, etc.

- The writing and review of various materials, including press releases, statements, media alerts, letters, opinion pieces and other materials as determined necessary.

- Act as a liaison with media outlets in following up on the distribution of press releases and other materials; the facilitation of interview requests by reporters as well as editorial board meetings, pitching news editors for stories about organizational initiatives.

- Assist in the coordination and execution of special events such as news conferences, media briefings, etc. This would include developing a program/agenda, writing of scripts, invitations, logistics and other tactics.

- Development and implementation of a robust social media program focusing on Facebook and Twitter. This would include the writing of a monthly schedule of posts for both mediums.

- Monitor and track and distribute relevant news articles and placements and provide monthly report on public relations activities.
All work conducted by e3communications for the Genesee County Economic Development Center in 2022 will be budgeted at $21,600 (monthly fee of $1,800). There is no cap on the number of hours rendered on a monthly basis. A description of the services will be provided in each invoice for the work conducted in that month. **All terms are 30 days payment.**

The terms outlined in this agreement shall remain in effect from January 1, 2022 until December 31, 2022 or until modified or terminated by either party upon thirty (30) days written or verbal notice.

e3communications pledges its confidentiality to the Genesee County Economic Development Center for all work e3communications performs on behalf of the Genesee County Economic Development Center.

If you are in agreement with the terms and conditions outlined above please indicate by signing below. Thank you again for the opportunity to work on behalf of the Genesee County Economic Development Center.

Sincerely,

e3communications

Greater Rochester Enterprise (GRE) – Marketing Support Funding

Greater Rochester Enterprise (GRE) is our regional economic development organization supported by a team of private and public-sector leaders dedicated to improving economic performance Genesee County as part of a nine-county region in the Finger Lakes Region.

GRE’s primary goals are to retain and expand existing business and to professionally market the region as a competitive, vibrant and high-profile place for business location and growth. To support business attraction, expansion, entrepreneurship and innovation, GRE collaborates with local businesses, universities, not-for-profit organizations and government leaders to deliver a unified response to regional economic development opportunities.

GRE also actively markets our region to talented professionals that are sought by companies in Genesee County and those that are pursuing projects at our major industrial parks.

The funding requested to support GRE’s mission enables the GCEDC to fully access to all of GRE’s sales and marketing talent and assets, receive advocacy on behalf of our agency for all our parks, as well as an executive board seat that allows Steve Hyde to serve on GRE’s Board of Directors and on their Governance Committee.

GRE staff have shown a tireless commitment to supporting and advocating for our economic development goals and strategies particularly as it relates to STAMP. Notably, the GRE provides strategy development and advocacy that advanced STAMP as a regional priority both in the Finger Lakes Regional Economic Development Council and at the highest levels of New York State Government.

GRE staff work alongside GCEDC in our efforts to grow our economy and opportunities for rewarding careers for our active workforce and young people. This includes the successful development of Project Gateway’s $232 million project at STAMP and numerous projects actively conducting due diligence for substantial investments in Genesee County.

Board Request: An investment renewal of $50,000 for continued marketing and business development support for one year. This investment cost was anticipated and contained in the 2021 budget.
Invest Buffalo Niagara (InBN) – Marketing Support Funding

Invest Buffalo Niagara (InBN) is our non-profit regional economic development organization supported by a team of private and public-sector leaders dedicated to improving economic performance in Genesee County as part of an eight-county region in Western New York.

InBN’s primary goals are to retain and expand existing business and to professionally market the region as a competitive, vibrant and high-profile place for business location and growth. To support business attraction, expansion, entrepreneurship and innovation, InBN collaborates with local businesses, universities, not-for-profit organizations and government leaders to deliver a unified response to regional economic development opportunities.

InBN also actively markets our region to talented professionals that are sought by companies in Genesee County and those that are pursuing projects at our major industrial parks.

The funding requested to support InBN is an integral partner in our sales/marketing efforts for the attraction of new companies and talent to our community, and advocacy in Western New York for Genesee County, the GCEDC, and the WNY STAMP Mega Site. The GCEDC’s support includes a position on InBN’s board of directors, influencing regional strategy aligned with our goals in Genesee County.

InBN staff have shown a tireless commitment to supporting and advocating for our economic development goals and strategies, particularly as it relates to STAMP.

InBN staff work alongside GCEDC in our efforts to grow our economy and opportunities for rewarding careers for our active workforce and young people. This includes the successful development of Project Gateway’s $232 million project at STAMP and numerous projects actively conducting due diligence for substantial investments in Genesee County.

Board Request: An investment renewal of $25,000 for continued marketing and business development support for one year. This investment cost was anticipated and contained in the 2021 budget.
STAMP Site visualization Services

Discussion: In conjunction with the March 2021 Letter of Resolution between NYSDEC, SHPO and the GCEDC, any project at STAMP that requires a discharge permit for stormwater from NYSDEC must complete an assessment of potential impacts to the Nation’s Territory. This proposal will be to prepare a visual assessment for the power line re-reroute as well as a potential manufacturing facility. This will include photo simulations along with line-of-sight profiles.

1. CPL - $11,500
2. Saratoga Associates - $5,708

Fund Commitment: $5,708 from the $33 million.

Board Action Request: Approval of payment of $5,708 to Saratoga Associates for the visual assessment and profiles.

RE:  PROPOSAL FOR VISUAL IMPACT ANALYSIS  
GENESEE COUNTY ECONOMIC DEVELOPMENT CENTER  
STAMP

Dear Mark:

We are pleased to submit our proposal for a Visual Impact Analysis for the proposed 1250-acre Science and Technology Advanced Manufacturing Park (STAMP) in the Town of Alabama, NY. These efforts will include a visual assessment of the power line reroute and a potential manufacturing tenant located on the north campus of STAMP. Our proposal is based on our intimate knowledge of the STAMP project and our significant involvement in its development over the past fifteen years.

The following Scope of Services is included with our proposal:

**Visual Impact Analysis**

CPL will use drone technology to capture aerial videos and photographs of the powerline reroute and any additional information for the north campus manufacturing facility. We will also use drone technology to program a flight path with exact coordinates of each pole at the anticipated height and capture photographs of a balloon attachment at these locations. The same process will be used for the potential manufacturing facility to delineate the corners of the building.

**Conceptual Renderings**

The drone images and photos captured will be used to develop concept level renderings. The renderings will include basic detail for the designed pole locations and the manufacturing facility. We anticipate that 6-8 images will be developed from several vantage points along the STAMP western border.

**Impact Analysis**

All information gathered in the field and the conceptual plans will be combined into one report. The report will include the conceptual plans and a brief analysis of the impacts to the area.
Summary

Our cost to provide a Visual Impact Analysis service is a lump sum of **$11,500**, including direct expenses.

We appreciate the opportunity to submit our proposal and look forward to working with all those involved. If you have any questions or require additional information, please contact me by phone at (585) 402-7506 or email AKosa@CPLteam.com. We would be happy to meet with you at any time to discuss our approach and qualifications in detail.

Very truly yours,

CPL

Re: Proposal Submission – Project Visualization Services – GCEDC STAMP Site Visualization Services

Dear Mr. Fitzgerald:

Saratoga Associates is pleased to submit this proposal to provide project visualization services for the Genesee County Economic Development Council (GCEDC) Science & Technology Advanced Manufacturing Park (STAMP) site. We understand the primary need is to depict the degree of potential visibility and general visual character of a proposed relocated electric transmission line/corridor and a light manufacturing structure as may be viewed an abutting property.

PRIMARY SCOPE OF SERVICES

Task 1 -- Photo Simulations

Saratoga Associates will provide conceptual photo simulations illustrating the likely degree of visibility and general visual character of the proposed relocated transmission line and possible light manufacturing facility as may be viewed from the abutting property.

Task 1 – Acquire Existing Condition Photographs - To complete this task Saratoga Associates will visit the STAMP site to acquire existing condition photographs. For the purpose of this proposal, we assume permission will be granted by the adjacent property owner allowing Saratoga Associates to take photographs from the abutting property.

Photographs will be taken with a high resolution (26 mega pixel) digital SLR camera. Photo locations will be documented using a hand-held GPS unit.

Task 2 - Photo Simulations - Photo simulations will be prepared by superimposing a rendering of a three-dimensional computer model of the proposed transmission line/corridor and light manufacturing building into the base photograph. The 3D computer model of the project will be developed in Autodesk Civil 3D® and 3D Studio Max® software. The 3D model will be built to a conceptual level of detail commensurate with the best design information currently available for this project.

Simulated perspectives will be aligned with the corresponding base photograph by matching the precise X, Y, and Z coordinates of the field camera position (as recorded by GPS) and the focal
length of the camera lens used. The camera’s target position will be established by aligning
common elements visible in both the digital model and actual photograph (e.g., existing regional
topography and/or structures within view). The 3D model will be rendered using sunlight settings
approximating the date and time of day the base photograph was taken. To the extent
practicable, design details (e.g., precise location, elevation, dimension, form and color) of the
proposed facility will be built into the 3D model and incorporated into the photo simulation.

To the degree such information is available, the project sponsor will provide all necessary site plan
drawings to Saratoga Associates in AutoCad DWG format.

Simulations will be provided in PDF format. Page size will be 11”x17” format on a descriptive title
block. One (1) draft will be submitted to the project sponsor for review prior to the final
document.

For the purpose of this proposal, we assume five (5) simulated vantage points will be provided.

In cases where existing conditions views from the adjacent property will be screened by existing
woodland vegetation to remain the position of the proposed relocated transmission line and light
manufacturing building behind foreground trees will be marked within the existing condition
photograph by a dashed outline.

**Task 3 – Summary Document** - Saratoga Associates will provide a brief written report
documenting the methodology used to develop project visualizations and summarizing potential
project visibility from the adjacent property.

**ALTERNATIVE SCOPE OF SERVICES**

If permission is not granted for Saratoga Associates to photograph from the abutter’s property the
following alternative methods may be used to communicate potential project visibility:

**Alternative 1 – Line-of Sight Profiles** - Line-of-sight profiles can be prepared from a number of
locations on the adjacent property to illustrate the degree of potential project visibility along
specific sight lines. Line-of-sight profiles would include the screening value of existing topography
and vegetation.

For the purpose of this proposal, we assume line-of-sight profiles will be prepared from up to five
(5) view locations.

**Alternative 2 – Virtual Photo Simulations** - Saratoga Associates can also construct fully modeled
virtual views (e.g., not based on an existing condition photograph) from the abutter’s property
approximating system visibility through existing vegetation to remain in leaf-off-season. This
technique may be desirable in cases where it is necessary to communicate a more realistic and
understandable visualization of the future scene than can be achieved by line-of-sight profiles
alone.

For the purpose of this proposal, we assume five (5) simulated vantage points will be provided.
ESTIMATED FEE AND TERMS

Task 1 – Acquire existing condition photography (includes travel time & expense) $1,936
Task 2 – Photographic Simulation (assume 5 views) $3,272
Task 3 – Summary Document $500

Total $5,708

Alternative 1 – Line-of-Sight Profiles $2,032
Alternative 2 – Virtual Photo Simulations $4,232

Saratoga Associates will complete the above scope of service on a time and materials basis with a not-to-exceed budget as presented above. Any work requested exceeding the Scope of Work, or beyond the fee proposed above, must be approved in writing by an authorized representative of the project sponsor before such work is undertaken by Saratoga Associates. Reimbursable expenses will be invoiced at cost plus 10%.

PROJECT SCHEDULE

Saratoga Associates anticipates that the proposed Scope of Services shall be completed within a mutually agreeable time schedule.

If you have any questions or require clarification, please do not hesitate to call.

Very truly yours,

Underground tank removal at STAMP

**Discussion:** During the site work that Plug Power has undertaken at the STAMP site they came upon a previously unknown underground 300 gallon fuel tank. This tank was not identified on the Phase 1 Environmental Site Assessment that the GCEDC had performed prior to acquisition. Plug has sent over the change order with their contractor that shows a cost of $6,309.50.

**Fund Commitment:** $6,309.50 from operations, including land lease revenue received for STAMP for 2021.

**Board Action Request:** Approval of payment of $6,309.50 to Plug Power (or affiliate) for the removal of the underground fuel tank.

TEMPORARY USE AGREEMENT

This TEMPORARY USE AGREEMENT ("Agreement"), made this ___ day of October, 2021, is by and between GENESEE COUNTY INDUSTRIAL DEVELOPMENT AGENCY d/b/a GENESEE COUNTY ECONOMIC DEVELOPMENT CENTER with an office at 99 MedTech Drive, suite 106, Batavia, NY 14020 (hereinafter "Owner"), and NIAGARA MOHAWK POWER CORPORATION d/b/a NATIONAL GRID, a corporation of the State of New York, with a place of business at 144 Kensington Avenue in the City of Buffalo, County of Erie, and State of New York (hereinafter "User").

BACKGROUND:

WHEREAS, Owner has a certain parcel of land located on Crosby Road in the Town of Alabama, County of Genesee, State of New York, created by a Deed recorded in the Genesee County Clerk’s Office on March 20, 2014 at Book 904, Page 578. Said parcel is also known as SBL No. 10-1-42 (hereinafter “Owner’s Property”); and

WHEREAS, User desires the right to temporarily possess and use a portion of Owner’s Property as a storage yard for storing equipment and materials in the area shown on Exhibit A (the “Premises”); and

WHEREAS, Owner desires to grant such temporary use of the Premises and User desires to accept such grant of the Premises subject to the terms and conditions contained herein.

NOW, THEREFORE, in consideration of the mutual covenants and agreements contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged under seal, the parties hereto agree as follows:

1. This term of this Agreement shall be a month-to-month term beginning upon the commencement of activities on the premises and extending until the Premises are no longer needed.

2. During the Term of this Agreement, User shall have the exclusive right to use and possess the Premises for the temporary storage of equipment and materials, together with a non-exclusive right of ingress and egress over, across and upon the Owner’s Property. User may make improvements in said Premises to accommodate the stated activities.

3. The User shall, at the end of the Term, remove its materials and equipment and restore the Premises to substantially the condition it was in when same was delivered to User at the commencement of the Term.
4. The Owner hereby represents and warrants to User that (i) the Owner’s Property (including the Premises) are owned in fee simple and that the Owner has good right to grant and convey the above-described rights to User, (ii) Owner will assist User in securing any governmental/agency approvals which may be required to support the use proposed by this Agreement, and (iii) User shall and may peaceably and quietly have, hold and enjoy the temporary rights granted hereunder during the Term without any manner of hindrance or molestation from the Owner.

**IN WITNESS WHEREOF,** the parties have executed this Temporary Use Agreement the day and year first above written.

Reimbursement Agreement with the Town of Shelby

Discussion: The Town of Shelby has a proposal from their engineering firm, Wendel Companies, to provide a peer review of the engineering and planning efforts regarding the direct discharge into Oak Orchard Creek from the STAMP site.

Fund Commitment: Not to exceed $5,000 to be covered under the $8 million.

Committee Action request: Recommend approval to the full Board the reimbursement agreement with the Town of Shelby.
AGREEMENT

THIS AGREEMENT is entered into the 4th day of November, 2021, between the Town of Shelby ("Town"), with offices at 4062 Salt Works Rd., Medina, NY 14103 on behalf of the Town Council, and the Genesee County Economic Development Center ("GCEDC"), an industrial development agency formed under Section 18-A of the New York State General Municipal Law with offices located at 99 MedTech Drive, Suite 106, Batavia, New York 14020 ("Gcedc"), and Wendel WD Architecture, Engineering, Surveying & Landscape Architecture, PC, with offices located at 375 Essjay Road, Williamsville, NY 14221 ("Wendel"), (collectively, the "Parties").

WHEREAS, the GCEDC and its affiliate, the Genesee Gateway Local Development Corporation ("GGLDC"), have been working for the last several years on the development of the Western New York Science & Technology Advanced Manufacturing Park ("STAMP"), an advanced manufacturing campus on approximately 1,250 acres of land in the Town of Alabama, New York located along the west side of New York State Highway 77/63 (north of Judge Road) approximately five miles north of the I-90/New York State Thruway ("STAMP Site"); and

WHEREAS, the GCEDC, and the Town of Shelby have had several discussions in regards to a potential sewer district to service the Stamp site; and

WHEREAS, JM Davidson Engineering, DPC completed discharge impact study to analyze the impact of discharging treated waste water from STAMP site at various volumes up to six million gallons per day; and

WHEREAS, the Town of Shelby has requested that there be an independent peer review of the findings related to the impact of the proposed infrastructure provided by GCEDC at GCEDC’s expense up to $5,000. The Town of Shelby has requested Wendel to provide a proposal limited to performing a peer review of the engineering and planning efforts undertaken to confirm the findings; and

WHEREAS, the Town of Shelby will incur expenses for professional services provided by Wendel relative to the Project; and

WHEREAS, the Town of Shelby requires reimbursement for expenses related to such services, and the GCEDC is willing to provide such reimbursement pursuant to the terms of this Agreement.

NOW, THEREFORE, in consideration of the promises and the mutual covenants and conditions herein contained, the receipt and sufficiency of which are acknowledged by the Parties, it is agreed as follows:

Section 1 Eligible Expenses. GCEDC agrees to reimburse the Town of Shelby for all expenses for professional services provided by Wendel, relating to the Project pursuant to the attached proposal (Exhibit A) from Wendel in an amount not to exceed $5,000 (hereinafter “Eligible Expenses”); Provided that certain outside (non-Wendel) contractors’ costs, as indicated in the proposal, are estimates, and as to those contracts, entered into by Wendel with express prior approval of the GCEDC the extra cost thereof, if any, will be reimbursed by GCEDC, as eligible expenses in the amounts approved by Wendel.
Section 2 Ineligible Expenses. The GCEDC shall not be obligated to reimburse the Town of Shelby for any fees, costs, charges, disbursements and/or expenses which are not Eligible Expenses.

Section 3 Payment/Reimbursement Process. Wendel shall submit periodic vouchers for work completed to date with an estimate as to the percentage of the work completed, backed up by reasonable detail of work represented thereby. The Town shall forward the vouchers to GCEDC upon receipt. The GCEDC shall within 30 days, audit such vouchers, and obtain any clarification it deems necessary from Wendel, and then forward as advance reimbursement the amounts vouchered to Town, which shall upon receipt, and after the next monthly Town Board meeting, pay Wendel. The Town may submit invoices for Eligible Expenses to the GCEDC for reimbursement along with a written request for payment ("Request for Payment"). Each Request for Payment with supporting invoices shall be sent by the Town to the GCEDC's address pursuant to Section 5 of this Agreement. The GCEDC reserves the right to request any additional forms and documentation that New York State may need to complete their review and reimbursement process.

Section 4 It is agreed that certain design, studies and permits may expire prior to actual construction, if any. Any work involving extension, re-study, re-permitting due to passage of time are not covered by this Agreement.

Section 5 Termination. GCEDC is obtaining funding for the work covered by this Agreement. If GCEDC's sources of funds are no longer available for any reason, GCEDC may notify the Town of Shelby and Wendel that the Agreement is immediately suspended, and no additional work shall be performed by Wendel unless and until funds become available. Provided however, all work performed by Wendel percentage increments prior to the Notice of Suspension shall be paid for by GCEDC, regardless of outside funding by the procedure set forth in Paragraph 3.

Section 6 Request to Proceed. Wendel shall proceed with its work upon receipt of a request to proceed from GCEDC addressed to the Town of Shelby.

Section 7 Notices. All notices provided for herein shall be directed to the Parties at the addresses set forth above, or at any other address provided in writing to the counter-party's current address of record. The Parties agree to update notice information as necessary.

Section 8 Choice of Law. This Agreement shall be governed by, and construed in accordance with, the internal laws of the State of New York, without regard to principles of conflict of laws.

Section 9 Waiver. A waiver of any of the terms and conditions hereof shall not be deemed a continuing waiver, but shall apply solely to the instance to which the waiver is directed. No waiver of any of the terms of this Agreement shall be valid unless in writing, designated as such, and eradicated by the parties. Any forbearance or delay on the part of either party in enforcing any of its rights under this Agreement will not be construed as a waiver of such right to enforce same for such occurrence or any other occurrence.

Section 10 Entirety of Agreement. The entire Agreement is contained herein. There are no other promises, representations, or warranties affecting this Agreement, and any other or different
terms and conditions in any purchase orders or other documents issued or accepted hereunder shall be deemed null and void.

Section 11 Authority to Enter Into Agreement. Each party hereby represents and warrants to the other that that it has the authority to enter into and perform its obligations under this Agreement; that it has received all necessary approvals required in order to enter into and perform its obligations under this Agreement and that entering into agreement does not violate any law, its organizational documents, or any agreement to which it is a party.

Section 12 Modification or Termination. No modification or termination of this Agreement shall bind either party unless expressly set forth in writing and manually signed and accepted by an authorized representative of the party sought to be bound by such writing.

Section 13 Execution. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original and all of which shall constitute one and the same instrument.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement on the day and year first above written.

SUBJECT: TOWN OF SHELBY

Dear Supervisor Smith:

Wendel is pleased to submit this engineering proposal to the Town of Shelby for technical assistance to the Town related to the discharge of the proposed GCEDC sanitary sewer forcemain for the STAMP site.

A. SCOPE OF SERVICES

The following represents the anticipated scope of services to the Town of Shelby.

- Review the May 22, 2020, Report titled “Stamp Discharge Analysis to Oak Orchard Creek” and all associated appendices as developed by JM Davidson Engineering, D.P.C. (JMD).
- Independently complete the statistical analysis provided in the report to confirm or dispute the flows provided.
- Review the HEC-RAS model created for the report to ensure that the geometric data, hydraulic boundary conditions, and flow conditions used are adequate for this study.
- Assess the summary discussion within the report to ensure that it properly reflects the analysis provided.
- Review Letter from the Town of Medina to the NYS DEC on September 2, 2021.
- Review response to this letter from GCEDC on September 17, 2021, and JMD response letter from September 22, 2021.
- Assess the responses provided by GCEDC and JMD to determine if we agree or disagree with the conclusions presented.
- Provide a letter report discussing the conclusions of the reviews and assessments completed by Wendel.
- Attend 1 (one) meeting with the Town of Shelby to discuss the letter report.

B. EXCLUSIONS

Any work not included in the scope of services above is excluded from this effort.

C. PROPOSAL FEE:

We trust the above scope of work meets the Town of Shelby’s requirements. Wendel proposes to provide the scope of work above on a lump sum basis for a fee of $4,900.00.

Fee Notes:
1) Expenses such as plotting costs, postage, telephone charges are included in the fee.
2) Should Wendel be required to perform additional services beyond those outlined above, Wendel shall be compensated on an hourly or fixed sum basis for a mutually agreed scope of services.
3) Our fee and schedule proposal is valid for 60 days. If we do not receive a signed notice to proceed before that date, we reserve the right to re-evaluate our proposal.
D. TERMS:

This proposal and the attached “Appendix A1 (Professional Services Terms and Conditions Excluding Services During Construction) are intended to represent the entire contractual relationship. Please contact me if you have any questions. If this proposal and attached general conditions are acceptable to you, please indicate your acceptance by signing both originals and return one (1) executed original to our office.

Respectfully Submitted,

PROFESSIONAL SERVICES TERMS AND CONDITIONS

AGREEMENT. It is mutually understood and agreed that the Client's acceptance of the agreement to which these terms and conditions are attached constitutes an incorporation of these terms and conditions which, together with any attached supporting documentation, embody and constitute the entire understanding between the parties with respect to the transaction contemplated hereby and constitute a binding legal agreement ("Agreement"). If Wendel is authorized by the Client to provide services set forth in this Agreement or a Change Order, either orally or in writing, prior to formal acceptance of either, such authorization shall be deemed an acceptance of this Agreement effective as of the date Wendel commences providing the services, and such services shall be provided and compensated for in accordance with the terms and conditions contained in this Agreement.

STANDARD OF CARE/PERFORMANCE. Wendel shall perform its services consistent with the professional skill and care ordinarily provided by design professionals practicing in the same or similar locality under the same or similar circumstances and shall perform its services as expeditiously as is consistent with such professional skill and care and the orderly progress of the work. No warranty, guarantee or fiduciary relationship, either express or implied, is made or intended by this Agreement.

OBLIGATIONS OF WENDEL. Wendel will prepare the work and deliverables in a timely manner but it is agreed between the parties that Wendel cannot be responsible for delays occasioned by factors beyond its control, nor by factors which could not reasonably have been foreseen at the time this Agreement was entered into. Wendel commits to provide adequate and qualified resources to meet the schedule, and will work with Proposal Recipient’s management in a manner that enables management to make informed decisions.

OBLIGATIONS OF PROPOSAL RECIPIENT. Client will work in a diligent and timely manner with Wendel to facilitate the contractual services required herein. To ensure a cooperative and successful effort, Client will commit to open disclosure of information required for the performance of services, will properly position Wendel with its staff, and will make available subject matter knowledgeable staff in a timely manner to address questions, unforeseen circumstances or other unexpected conditions that may arise.

PAYMENT. Progress payments shall be made in proportion to services performed and shall be due and payable within thirty (30) days of invoice submittal, without retainage. Overdue invoices shall bear an interest rate of 1-1/2% per month calculated from the 31st day after submittal. Wendel reserves the right to suspend services if payment of any undisputed invoice amounts are sixty (60) days overdue.

CHANGE ORDERS. During the term hereof the scope of services and compensation therefor may be adjusted by mutually agreed upon written Change Orders hereto.

SUSPENSION AND TERMINATION BY WENDEL. If the Client (i) fails to timely make payments due, or (ii) suspends the work for more than ninety (90) calendar days for reasons other than the fault of Wendel, or (iii) substantially fails to perform in accordance with the terms of this Agreement through no fault of Wendel, then Wendel may suspend services or terminate this Agreement upon seven (7) days advance written notice to Client, and Client shall pay all sums due for services performed prior to suspension or termination and any costs attributable to suspension or termination. Upon any resumption of services, Fees and time schedules shall be equitably adjusted. Wendel may terminate this Agreement for convenience upon not less than seven (7) days written advance notice and Client shall pay all sums due for services performed prior to termination.

SUSPENSION AND TERMINATION BY CLIENT. If the Client suspends the work, Wendel shall be compensated for services performed prior to notice of such suspension and Client will be liable for any expenses incurred in the interruption and resumption of services. Upon resumption of services, Fees and time schedules shall be equitably adjusted. If the Client terminates this Agreement for its convenience, the Client shall compensate Wendel for Wendel's services performed prior to termination, reimbursable expenses incurred, and costs attributable to termination, including the costs attributable to Wendel's termination of consultant agreements. Client may terminate this Agreement for default upon not less than seven (7) days' advance written notice should Wendel substantially fail to perform in accordance with the terms of this Agreement through no fault of the Client.

HAZARDOUS MATERIALS. To the fullest extent permitted by law, Client shall defend, indemnify and hold harmless Wendel, its affiliates, subcontractors and subcontracts, and their respective officers, directors, partners, employees, and agents from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) caused by, arising out of, or relating to the presence, discharge, release, or escape of asbestos, PCBs, petroleum products, radioactive materials, or any other hazardous materials at, on, under, or from the work site.

OWNERSHIP OF DOCUMENTS. All the documents, reports, boring logs, field data, field notes, laboratory test data, calculations, estimates, drawings, specifications and other documents, data or information prepared by Wendel in any form, including machine readable format, (collectively "Documents") are instruments of Wendel’s services and shall remain the sole property of Wendel. Wendel retains all ownership and all other rights, including copyrights, in all such documents.

LIMITATIONS ON USE OF DOCUMENTS. The Documents are prepared for use for the purpose and at the site identified in the Agreement or Change Order only and are not appropriate for use for any other purpose or site, except by the authorization and agreement in writing with the appropriate compensation to Wendel. Client agrees to release Wendel and its affiliates from any
PROFESSIONAL SERVICES TERMS AND CONDITIONS

liability associated with any unauthorized changes made to the Documents and their use thereof and further agrees to indemnify and hold harmless Wendel and its affiliates from any and all claims arising out of such changes or use.

MACHINE READABLE MEDIA. Where Wendel agrees to supply some or all of the Documents in machine readable format (hereinafter "machine readable media"), the parties understand and agree that any Documents supplied in such machine readable format are so supplied as a convenience to the recipient. Such Documents are not intended to replace the printed forms of such Documents. The content of the Documents supplied by Wendel in printed form shall govern over the contents of Documents supplied in machine readable format. The recipient shall be solely responsible for comparing the output of the machine readable media with the printed Documents designated by Wendel as the contract documents and determining the accuracy of such output. Recipient shall only use the output of machine readable media for the limited purpose agreed to by Wendel and shall not alter, modify or change the contents of such machine readable media in any way, or transfer to others, without the express written approval of Wendel.

CONFIDENTIALITY. Wendel shall not disclose or permit the disclosure of any confidential information except to its employees of Wendel and its affiliates, and other consultants who need such confidential information in order to meet contractual obligations under this Agreement.

PUBLICATION. Wendel has the right to photograph the work and to use the photos in the promotion of its professional practice through advertising, public relations, brochure or other marketing materials. Client agrees that Wendel has the authority to utilize its name as a client and general description of the work or service performed as references. Wendel will be given proper credit and acknowledgements for all services rendered including, but not limited to, planning, design and implementation. Proper credit shall be defined as being named by the Client (or their agent/owner) in project identification boards, published articles, promotional brochures and similar communications.

DISPUTE RESOLUTION. In an effort to resolve any conflicts that arise during the design or construction of the work or following the completion of the work, the Client and Wendel agree that all disputes between them arising out of or relating to this Agreement shall be submitted to non-binding mediation unless the parties mutually agree otherwise. The parties further agree to include a similar mediation provision in all agreements with independent contractors they retained for the work and to require all independent contractors and consultants to include a similar mediation provision in all agreements with their respective subcontractors, subconsultants, suppliers or fabricators retained, thereby providing for mediation as the primary method for dispute resolution between the parties to those agreements. In the event resolution of any conflict cannot be settled as a result of non-binding mediation, it will be addressed in an appropriate court of proper jurisdiction.

LIABILITIES. THE CLIENT AND WENDELS HAVE DISCUSS THEIR RISKS, REWARDS AND BENEFITS OF THE WORK TO BE PERFORMED, WENDELS TOTAL FEE FOR SERVICES AND HAVE ALLOCATED THE RISKS SUCH THAT, UNLESS STATED OTHERWISE ELSEWHERE IN THIS AGREEMENT, THE CLIENT AGREES THAT TO THE FULLEST EXTENT PERMITTED BY LAW, WENDELS TOTAL LIABILITY TO THE PROPOSAL RECIPIENT FOR ANY AND ALL INJURIES, CLAIMS, LOSSES, EXPENSES, DAMAGES, OR CLAIM EXPENSES ARISING OUT OF THIS AGREEMENT FROM ANY CAUSE OR CAUSES INCLUDING, BUT NOT LIMITED TO, WENDELS NEGLIGENCE, ERRORS, OMISSIONS, STRICT LIABILITY, BREACH OF CONTRACT OR BREACH OF WARRANTY SHALL NOT EXCEED THE TOTAL COMPENSATION RECEIVED BY WENDELS UNDER THIS AGREEMENT OR $500,000.00 WHICHEVER IS LESS.

INDEMNITY. Each Party agrees to indemnify the other from liability for losses, damages, or expenses (including reasonable costs and attorney's fees) to the extent caused by the Party's negligent acts, errors, or omissions relating to this Agreement, subject to any limitations of liability set forth elsewhere herein.

CONSEQUENTIAL DAMAGES. NEITHER PARTY WILL BE RESPONSIBLE TO THE OTHER FOR ANY SPECIAL, INDIRECT, OR CONSEQUENTIAL DAMAGES.

BUDGET/CONTINGENCY. The Client agrees to establish a realistic budget for the cost of the work; the budget will include a contingency fund which will be used solely for the purpose of paying for contractor change orders, addressing omissions from the construction documents, and Client approved Change Orders for Wendel's services.

OPINIONS OF CONSTRUCTION COST. Any opinion of construction cost prepared by Wendel represents its judgement as a design professional and is supplied for the general guidance of the Client. Since Wendel has no control over the cost of labor and material, or over competitive bidding or market conditions, Wendel does not guarantee the accuracy of such opinions as compared to contractor bids or actual cost to the Client.

FORCE MAJEURE. Neither Party shall hold the other responsible for damages or delays in performance caused by acts of God, strikes, lockouts, accidents or other events beyond the control of the other or the other's employees and agents.

PURCHASE ORDERS. Client acknowledges and agrees that any purchase order issued by Client in accordance with this Agreement is intended only to establish payment authority for Client's internal accounting purposes. No purchase order shall be considered to be a counteroffer, amendment, modification, or other revision to the terms of this Agreement.

WAIVER. No waiver by either Party hereto or any failure or refusal by the other Party hereto to comply with its obligations hereunder shall be deemed a waiver of any other or subsequent failure or refusal by such Party to so comply.
PROFESSIONAL SERVICES TERMS AND CONDITIONS

GOVERNING LAW. This Agreement shall be governed by and construed in accordance with the laws of the state in which the work or Project is located, without regard to principles of conflict of laws.

THIRD PARTY BENEFICIARIES. This Agreement is made solely for the benefit of the Client and Wendel, their successors and assigns, and no other person shall have any right, benefit or interest under or because of this Agreement.

AUTHORITY. Each Party represents and warrants to the other that it has the requisite authority to accept, deliver and perform this Agreement.
STAMP Payment for easements

**Discussion:** In conjunction with the installation of the force main from the STAMP site to the direct discharge point at Oak Orchard Creek, there are a number of easements needed. Based on a compensation model the following payments are needed for three easements:
1. Permanent Easement 1 and Temporary Easement 4 for a total of $1,125
2. Permanent Easement 2 - $500
3. Permanent Easement 5 - $850

**Fund Commitment:** $2,475 from the $33 million.

**Board Action Request:** Approval of payment of $2,475 to the holders of the easement numbers identified above.

STAMP POST TREATED EFFLUENT FORCE MAIN EASEMENT AGREEMENT

(PERMANENT EASEMENT NO. PE-1)

THIS STAMP POST TREATED EFFLUENT FORCE MAIN EASEMENT AGREEMENT (this “Agreement”) is effective as of __________, 2021 (the “Effective Date”) and is made by and between GENESEE COUNTY INDUSTRIAL DEVELOPMENT AGENCY D/B/A GENESEE COUNTY ECONOMIC DEVELOPMENT CENTER, a New York public benefit corporation having an office at 99 MedTech Drive, Batavia, New York 14020 (“Grantee”) and THOMAS A. FULLER and JEANNE C. FULLER, individuals having an address of 4957 Hellert Road, Medina, New York 14103 (“Grantor”). Grantor and Grantee are sometimes individually referred to herein as a “Party” or collectively as, the “Parties”.

RECITALS

A. Grantor is the owner of certain real property known as South Gravel Road, Town of Shelby, New York (SBL No. 101.-1-20.12) (“Grantor’s Premises”).

B. Under and through a portion of Grantor’s Premises, Grantee intends to construct, install and maintain a post treated effluent force main facility and related appurtenances (the “Facility”) for the benefit of Grantee’s project known as the Western New York Science and Technology Advanced Manufacturing Park (the “STAMP Project”).

C. Grantor intends to grant unto Grantee and its successors and/or assigns, a temporary non-exclusive easement for activities related to the construction and installation of the Facility on and through Grantor’s Premises and a permanent non-exclusive easement for access to and for the installation, maintenance, repair, replacement and operation of the Facility on and through Grantor’s Premises for the benefit of Grantee’s STAMP Project.

AGREEMENT

Therefore, Grantor and Grantee, for themselves, their successors and assigns, declare that Grantor’s Premises is and shall be held, transferred, sold, conveyed and occupied subject to the covenants, conditions, restrictions, and easements, hereinafter set forth:

1. Grantor hereby reserves unto Grantee, and Grantee’s successors and/or assigns, a permanent, non-exclusive easement (the “Force Main Easement”) on, through, over and under those portions of Grantor’s Premises as described on the legal description and map attached hereto as Exhibit “A” (the “Permanent Easement Area”) for access to and for the installation, maintenance, repair, replacement and operation of the Facility for the benefit of the Grantee and the STAMP Project. Grantee is also granted the non-exclusive right to install, maintain, repair, replace and operate, as necessary, pipes, mains, conduits, lines and related appurtenances, equipment, devices, facilities and improvements.
2. Grantor hereby reserves unto the Grantee, its agents, successors or assigns, a temporary right of way, easement and privilege (the “Temporary Easement”) on, through, over and under Grantor’s Lands (the “Temporary Easement Area”), to be used for activities related to the construction and installation of the Facility. This Temporary Easement shall automatically expire and be of no further force and effect upon the earlier of the final completion of the construction and installation of the Facility or August 31, 2022 (each being a, “Termination Event”). Upon the occurrence of a Termination Event, this Section of the Agreement shall automatically terminate.

3. Grantee shall install, operate, maintain, repair, alter and replace the Facility at Grantee’s sole cost and expense. The Facility shall be and remain the property of Grantee, and Grantee’s successors and assigns, forever. Notwithstanding, it shall not be the duty of Grantee or Grantee’s successors and assigns to perform routine property maintenance of the Temporary Easement Area or Force Main Easement Area or maintain said areas in a fashion that would typically be performed by Grantor in the normal course of the upkeep of Grantor’s Premises.

4. Grantee and Grantee’s servants, agents, employees, contractors and subcontractors, shall have the right, as applicable, to enter upon the Temporary Easement Area and Force Main Easement Area by vehicle and on foot, and to utilize the same, whenever necessary, for the exercise of the rights and privileges herein granted; provided such access does not materially interfere with the use and enjoyment of Grantor’s Premises, except temporarily while work is in progress.

5. Grantee shall use commercially reasonable efforts in the exercise of the rights granted under this Agreement to avoid interference with Grantor’s use of Grantor’s Premises. Grantee shall, at Grantee’s sole cost and expense and in each instance following the exercise of the rights herein granted, repair any damage to the Temporary Easement Area or Force Main Easement Area caused by or arising out of the exercise of the rights granted under this Agreement.

6. Both Grantor and Grantee hereby represent and covenant to each other that each Party has the right to grant the easement rights herein granted.

7. This Agreement, the Temporary Easement and the Force Main Easement shall run with the land and shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns, forever.

8. Nothing contained in this Agreement shall be deemed to be a gift or dedication of any portion of the properties subject to this Agreement.

9. Except as set forth herein, this Agreement may be amended, modified or terminated only in a writing mutually agreed to, executed and acknowledged by the Parties or their successors and/or assigns and thereafter duly recorded in the Orleans County Clerk’s Office.
10. The determination by any court that any provision hereof is unenforceable, invalid or void shall not affect the enforceability or validity of any other provisions hereof.

11. This Agreement shall be construed in accordance with the laws of the State of New York. Each of the parties hereto hereby irrevocably waives any and all right to a trial by jury in any legal proceeding arising out of or related to this Agreement or the transactions contemplated hereby.

12. This Agreement may be executed in counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

Batavia, NY 14020

Attn.: Senior Vice President of Operations, Mark A Masse CPA

RE: Consultation – Preparation of Cultural Resource Screening Reports (Historic Resources) for the relocation and removal of a mile portion of the Lockport – Batavia #112 ("112 Line") 115KV single circuit transmission line (the Project)

Dear Mr. Masse,

The Genesee County Economic Development Center ("GCEDC") plans to develop the Western New York Science & Technology Manufacturing Park (STAMP) on approximately 1,261.7 acres of land (Project) in the town of Alabama, New York. The STAMP Site is within the Tonawanda Seneca Nation’s ancestral territory and adjacent to its treaty-protected, federally recognized Reservation (Nation’s Territory). The United States Army Corps of Engineers, Buffalo District (the Corps), in consultation with the New York State Office of Parks, Recreation and Historic Preservation State Historic Preservation Office (SHPO) has determined the proposed project’s Area of Potential Effects (APE) are parcels where the character or use of historic properties, if any exist, may be altered by the associated development. It has also been determined that additional development at the STAMP Site outside of the APE may have direct and/or indirect adverse effects on historic properties. A Traditional Cultural Property (TCP) investigation is being undertaken by others to evaluate the eligibility of the Nation’s Territory for listing on the National Register of Historic Places (National Register). Archaeological investigations have been conducted to evaluate and identify archaeological properties on the STAMP Site. A Letter of Resolution (LOR) between the New York State Department of Conservation (DEC), SHPO, and the GCEDC has been executed.

Kta preservation specialists proposes the following scope of work for the preparation of a Cultural Resource Screening Report (Report) to identify potential National/State Eligible historic resources (buildings, sites, objects, structures, districts) identified in the New York State Cultural Resource Information System (CRIS), outside the APE, within the Nation’s Territory, which is located adjacent to the western boundary of the Project. In this way potential direct and/or indirect adverse effects on historic resources can be evaluated

https://www.kta-preservation.com/
from the proposed Project, which involves the decommissioning and removal of 1.2 miles of the existing Lockport – Batavia #112 115kV circuit (i.e., removal of 13 structures, Structures 174-184) and re-routing the circuit 1.9 miles around the southwestern end of the Science and Technology Advanced Manufacturing Park (STAMP) customer property (i.e., installation of 23 new structures, Structures 173½ – 184½). The Report will also identify applicable National Register Criteria and how the proposed project impacts may affect those criteria.

**Report Work Scope**

The Reports will be conducted using a methodology in accordance with the New York State Education Department’s *Work Scope Specifications for Cultural Resource Investigations* (NYSED 2004). The methodology and criteria used to evaluate properties are codified in the *Code of Federal Regulations, Title 36: Part 60* and reprinted in the National Park Service Publication *National Register Bulletin 15: How to Apply the National Register Criteria for Evaluation*. The guidelines followed for the evaluation and identification of National Register Eligible properties/districts are contained in the National Park Service Publications *Standards and Guidelines for Evaluation; Standards and Guidelines for Identification; and Guidelines for Local Surveys: A Basis for Preservation Planning*. The historic resources survey of the properties will be conducted through archival and literature searches, and historic map analysis. (Note: field investigation will not be conducted on the Tonawanda Creek Reservation.) The intent is to identify guidelines and criteria of specific relevance to the history and property types in the study area. By applying the strict rigor of the Department of the Interior (National Park Service), in addition to state and local criteria for evaluation, a comprehensive survey of the historic resources will be produced.

The Historic Context section of the Report will be a thorough study and analysis of the historic trends and themes that influenced social, cultural, economic, political, and industrial growth and development in the study area on a local, state, national, and international level. How these developments were manifest in the built environment will be studied using an historic map analysis of the project area to identify broad development patterns that can then be evaluated in conjunction with the historic trends and themes identified. Archival and literature research, and site file searches of local and state resources including, but no limited to, NYS-OPRHP, Local History Archives, and in the City Planning and Engineering Departments will facilitate study of the historic context.

The study and analysis of historic trends and themes, in conjunction with historic and contemporary map analysis will provide the information necessary to evaluate the properties applying all the National Register Eligibility Criteria to determine both individually potentially eligible properties, and the potential for a historic district.

https://www.kta-preservation.com/
Analysis of the information using maps and charts will be conducted to determine the number and distribution of resources. Having completed the Report, the investigator will note the existing condition of the property and potential direct and/or indirect impacts from the proposed project.

**Project Tasks**

- Mapping (2 hours)
- Draft Report (6 hours)
- Final Report (2 hours)
- Consultation/Meetings (2 hour)

**Total Hours: 12**

**Deliverables**

- Submission electronic copy of two Reports to GCEDC

The Report scope does not include any existing conditions documentation except as described above. The above hourly estimate represents a ‘not to exceed’ number. Any significant increase in the number of hours allotted for each task or additional scope must be approved by GCEDC.

The anticipated fee for the preparation of a Cultural Resource Screening Report as described above is One Thousand Four Hundred & Forty dollars ($1,440.00).

Sincerely yours,

Kerry L. Traynor  
Preservation Specialist

E3communications WNY STAMP Public Relations and Social Media Services Contract

Discussion: e3communications, a professional media and public relations firm/consultant supports the Genesee County Economic Development Center’s STAMP project through active stakeholder public relations services. In 2021, assistance supported all levels of STAMP planning, sales and marketing, notably services in support of the Plug Power project’s announcement and related activities.

e3communications also maintains and expands dedicated social media channels to promote and market WNY STAMP to various audiences, including those in economic development, workforce and higher education among others. This content also supports the GCEDC’s sales and marketing activities for the STAMP site, including directly with active sales leads.

Fund Commitment: $24,000 fund commitment. Funding is available and budgeted in the 2021 GCEDC Operations/Marketing budget and maintains costs at previous levels. National Grid has provided grant reimbursements of 25% of services in 2021 and a National Grid grant has been requested to reimburse the agency for 25% of the contract amount in 2022.

Board Action Request: A renewal of services for the Jan. 1, 2022 to Dec. 31, 2022 period of $24,000 per year.

RE: 2020 Agreement for Public Relations and Social Media Services for the Science Technology Advanced Manufacturing Plant (STAMP)

Dear Mark:

Please find below the scope of services that e3communications is proposing to once again implement to market and promote STAMP on behalf of the Genesee County Economic Development Center for 2022.

- Manage public relations activities and provide public relations and public affairs counsel for various issues that have the potential to impact the STAMP project including advocacy efforts to raise awareness of STAMP.

- Design and act as administrator of social media channels for STAMP, including Facebook, Twitter and Instagram.

- Write copy for a monthly calendar of social media posts, including but not limited to ongoing infrastructure work; relevant economic development information in related science, technology and advanced manufacturing sectors; advocacy efforts related to ongoing investment at STAMP; and other information.

- Provide an analytics report on a monthly basis that will demonstrate and profile users of these social media channels and what posts are generating the most interest and traffic. This latter is important for developing future posts and information as well as to assist with other marketing communications tactics to promote STAMP.

- Provide advice and counsel regarding government relations outreach.

- Participate in meetings and other communications with the members of the STAMP Committee and technical team.

- Assist in the coordination of special events (press conferences, familiarization tours, news briefings, etc.).
• Write materials for public meetings and presentations.

• Manage media relations activities to enhance the messaging as well as to announce local/regional events.

• Coordinate advocacy efforts to raise the awareness of STAMP regionally, nationally, and globally.

• Continue to monitor and track and distribute relevant news articles and placements and provide monthly report of marketing and public relations activities.

All work conducted by e3communications for STAMP will be billed at a flat monthly fee of $2,000 for a total fee of $24,000. A description of the services will be provided in each invoice for the work conducted in that month. All terms are 30 days payment.

The terms outlined in this agreement shall remain in effect from January 1, 2022 until December 31, 2022 or until modified or terminated by either party upon thirty (30) days written or verbal notice.

e3communications pledges its confidentiality to STAMP for all work e3communications performs on behalf of STAMP.

If you are in agreement with the terms and conditions outlined above please indicate by signing below. Thank you again for the opportunity to work on behalf of the Science Technology Advanced Manufacturing Park.

Sincerely,

E e3communications
