3b. Part 182 Take Permit Proposal - In December and January the GCEDC updated its studies for the endangered and threatened species of winter raptors per the NYSDEC’s request. The result of that study showed a few winter raptors at the site and the NYSDEC is determining if the STAMP site would be qualified habitat for those birds. If the NYSDEC takes Jurisdictional Determination over that habitat, the
GCEDC would need to complete a Part 182 incidental take permit to impact that habitat for potential development. CC Environment & Planning has prepared a proposal to complete that process.

**Fund Commitment:** $31,050 to be covered under the $8 million.

C. Yunker made a motion to recommend to the full Board the approval of Part 182 Take Permit Proposal with CC Environment and Planning not to exceed $31,050 as presented; the motion was seconded by M. Clattenburg. Roll call resulted as follows:

P. Zeliff - Yes  
C. Yunker - Yes  
M. Clattenburg - Yes  
C. Kemp - Yes

The item was approved as presented.

**3c. Visualization Services** - In conjunction with the March 2021 Letter of Resolution between NYSDEC, SHPO and the GCEDC, any project at STAMP that requires a discharge permit for stormwater from NYSDEC must complete an assessment of potential impacts to the Nation’s Territory. This proposal will be to prepare a visual assessment for the construction of the substation. This will include photo simulations along with line-of-sight profiles. This will also include the visual assessment for the GCEDC to apply to the Town of Alabama to increase the height limit of TD-1 from 110 feet to 150 feet.

**Fund Commitment:** $8,436 from the $33 million.

M. Clattenburg made a motion to recommend to the full Board the authorization of the Visualization Services with Saratoga Associates not to exceed $8,436 as presented; the motion was seconded by C. Kemp. Roll call resulted as follows:

KTA Preservation Specialists has prepared a proposal to prepare an assessment of any potential impacts to the Nation from the construction of the substation on the STAMP site.

**Fund commitment:** Not to exceed $1,440 included in the $33 million.

C. Yunker made a motion to recommend to the full Board the approval of the KTA Preservation Specialists contract not to exceed $1,440 for the evaluation of TCP issues as presented; the motion was seconded by M. Clattenburg. Roll call resulted as follows:
P. Zeliff - Yes
C. Yunker - Yes
M. Clattenburg – Yes
C. Kemp - Yes

The item was approved as presented.

3e. Limited Water Sampling Program - In conjunction with the NYSDEC’s review of the proposed WWTF to be constructed at STAMP, they have identified some items in the waste stream that may require additional treatment above and beyond what has been designed. To determine what level of treatment may, or may not, be required, the GCEDC wants to complete some analysis from the three different potential water sources for STAMP.

Fund Commitment: $4,200 ($3,700 plus the $500 five day turn around) to be covered under the $33 million.

M. Clattenburg made a motion to recommend to the full Board the approval of the proposal with C & S Companies not to exceed $4,200 as presented; the motion was seconded by C. Kemp. Roll call resulted as follows:
