INDEPENDENT AUDITORS’ REPORT

To the Board of Directors
Genesee County Industrial Development Agency
D/B/A Genesee County Economic Development Center
Batavia, New York

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of Genesee County Industrial Development Agency D/B/A Genesee County Economic Development Center (“GCEDC”), (A Component Unit of Genesee County, New York) as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the GCEDC’s basic financial statements, as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the GCEDC as of December 31, 2022, and the respective changes in financial position and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of GCEDC and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about GCEDC’s ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.
Auditors’ Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and Government Auditing Standards will always detect a material misstatement when it exists. The Risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of GCEDC’s internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about GCEDC’s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management’s Discussion & Analysis on Pages 4 – 10 and pension schedules on Pages 28 - 30 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, and historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.
Supplemental Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise GCEDC’s financial statements. The accompanying combining statements are presented for purposes of additional analysis and are not a required part of the financial statements. The schedule of bonds and leases outstanding, schedule of bonds and leases terminating during the year, and schedule of land development agreements outstanding in the financial statements are presented for purposes of additional analysis and are not a required part of the financial statements, but it is supplemental information required by the Office of the New York State Comptroller. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and the other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated March 30, 2023; on our consideration of GCEDC’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of GCEDC’s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering GCEDC’s internal control over financial reporting and compliance.

Other Reporting Required by New York State Public Authorities Law

In accordance with New York State Public Authorities Law, we have also issued our report dated March 30, 2023, on our consideration of GCEDC’s compliance with Section 2925 of New York State Public Authorities Law. The purpose of that report is to determine whether GCEDC obtained and managed its investments in compliance with its own policies and relevant sections of the New York State Public Authorities Law.

Overview of the Financial Statements

This annual financial report is made of two parts: first, management’s discussion and analysis and secondly, the basic financial statements. The Genesee County Industrial Development Agency D/B/A Genesee County Economic Development Center (GCEDC) was established by the Genesee County Legislature in 1970 under New York State’s General Municipal Law. The GCEDC is a component unit of Genesee County (the County).

The GCEDC follows enterprise fund reporting. These statements are presented in a manner similar to a private business, such as a property management company. While detailed sub-fund information is not presented, separate accounts are maintained for each fund to control and manage transactions for specific purposes and to demonstrate that the GCEDC is meeting its contractual obligations.
Financial Analysis of the GCEDC

Net Position – The following table summarizes the GCEDC’s financial position at December 31:

</tbody>
</table>

Net Position:
- Investment in Capital Assets: $2,074 (24)%
- Restricted: $452,260 (6)%
- Unrestricted: $21,534,106 (12)%

Total Net Position: $21,988,440 (12%)

Current assets decreased by $3,869,860 (-19%) which is mostly attributable to a decrease in cash balances due to the following:
- The GCEDC holds cash in imprest accounts related to two Empire State Development (ESD) grants supporting WNY STAMP. In 2022, approximately $4.6M of these funds were expended. However, ESD deposited an additional $1.8M of funds into these accounts in 2022 as well.
- $1.17M of cash on hand from the 2021 Plug Power land sale was spent in 2022 toward infrastructure development at WNY STAMP.

Noncurrent assets increased by $3,320,833 (17%) mostly due to:
- Land Held for Development and Sale increased by $3.1M in 2022. The GCEDC has completed substantial design, engineering, and permitting for the initial infrastructure that will support the first tenants at the WNY STAMP site. Additional design, engineering and permitting for the large-scale capacities of the major utilities was completed in 2022. The construction for some of this infrastructure is anticipated to begin in 2023.

Current liabilities decreased by $2,765,779 (-23%) which is mostly attributable to:
- A decrease in unearned revenues of $2.5M. Grant revenue was recognized as eligible project costs were incurred and funds were expended.

Net position increased overall by $2,404,945 (12%) which is mostly attributable to:
- WNY STAMP Grant Income recorded with no corresponding expenditures. A large portion of grant funds are used to cover development expenses that are capitalized as Land Held for Development & Sale on the Statement of Net Position.
The following table summarizes GCEDC’s results of operations for the fiscal years ended December 31:

</tbody>
</table>

The $7,182,196 (-53%) decrease in operating revenues is attributable to the following:

- Fee revenue was 86% lower in 2022. The Agency closed on eight projects in 2022, which generated $404,968 in Project Origination Fees as compared to $3.7M in 2021. The Plug Power project generated a $2.9M project origination fee in 2021.
- Grant revenue was 35% lower in 2022. Grant revenue is only recognized as eligible project costs are incurred and funds are expended.
- Gain on Sale of Land Held for Development and Sale was significantly lower in 2022. The Agency sold land at Apple Tree Acres to Apple Tree Acres, LLC, which planned to build a 50,000 sq. ft. stand-alone facility.
Significant grant income recognized in 2022 includes:

- **$3,398,050** $33M ESD grant supports the design, engineering and permitting for initial infrastructure, along with construction of the main water line and main entrance road at WNY STAMP.
- **$914,262** $8M ESD grant supports the design, engineering and permitting for large scale infrastructure for 6 millions of gallons per day (mgd) of water and sewer, along with the 600 MW substation.
- **$20,870** PILOT Increment Financing that flows through the GCEDC in support of development at the Apple Tree Acres Business Park.
- **$105,235** PILOT Increment Financing that flows through the GCEDC in support of development at the Buffalo East Tech Park.
- **$448,553** CBA grant dedicated to support WNY STAMP by sourcing debt service payments to the county.
- **$16,813** National Grid strategic economic development outreach program grant used for WNY STAMP marketing expenses.

Total operating expenses decreased by $1,846,627 (-31%) in 2022 and is mainly attributable to a decrease in site development expense. Site development expense totals $2,566,713 for 2022 and is mostly related to the development of WNY STAMP. Installation of, or improvements to, infrastructure that is not owned by the GCEDC, or will be dedicated to a municipality in the foreseeable future, is recorded as site development expense when costs are incurred.

**Operating Activities**

The activities of the GCEDC are organized on the basis of sub-funds or account groups, each of which is considered a separate accounting entity.

A brief overview of the separate divisions of the GCEDC is as follows:

The **Operating Fund** of the GCEDC accounts for all sales, business and economic development, management and administrative activities that are used to promote and encourage economic development within Genesee County including the strategic marketing/business attraction program. The operating fund also accounts for all other operations of the GCEDC over which the Board of Directors has governing control. An annual commitment from Genesee County provides funds to cover a portion of baseline operating expenses. The GCEDC generates much of its own funding via project origination fees.

Following are just a few of the noteworthy projects assisted by the GCEDC during 2022:

- **J & R Fancher Property, LLC** is constructing a 14,000 square foot two-story mixed-use facility with market rate apartments. The project has a total capital investment of $1.7M.

- **Apple Tree Acres, LLC** is constructing a 50,000 square foot warehouse and manufacturing facility. The project has a total capital investment of $3.2M and has pledged the creation of 3 new jobs.
• **Mega Properties, Inc.** has acquired an existing 147,000 square foot facility for their operations. The project has a total capital investment of $8.5M and has pledged the creation of 11 new jobs.

• **Oatka Milk Products, Inc.** has installed two 18,000 gallon storage tanks and dilution tank with an expansion of 3,200 square feet to its existing facility. The project has a total capital investment of $3.1M and has pledged the creation of 2 jobs.

The **Real Estate Development & Management Fund** is responsible for corporate park property development and management activities associated with the Apple Tree Acres Corporate Park, Oatka Hills Corporate Park, and the LeRoy Food & Technology Park.

The Real Estate Development & Management Fund also interacts with affiliated entities (Genesee Gateway Local Development Corporation and Genesee Agri-Business, LLC), which are responsible for the development and management of several corporate parks.

**Apple Tree Acres**, located in Bergen, is a 185 acre park that is home to Liberty Pumps, Leonard Bus Company, Ad Tech Graphics, Insurance Auto Auctions, Craft Cannery and J Rentals. With Apple Tree’s location directly on Route 33, I-490 and near the New York State Thruway interchange, the park is an ideal spot for traditional or advanced manufacturers or distribution centers. The park is fully shovel-ready with gas, electric, water and sewer infrastructure. In 2022, Liberty Pumps completed construction of their new manufacturing facility expansion.

**The Oatka Hills Corporate Park**, strategically located at Exit 47 of the New York State Thruway and Exit 1 of I-490, has 40 acres between two parcels of land. The site location is located within a 30-minute drive of five counties, providing easy access to a population of 2.2 million people. Immediate access to major highways reduces distribution and transportation costs, resulting in significant savings potential.

**The LeRoy Food & Technology Park**, includes 73 acres located in the Town of LeRoy at the corner of West Bergen Road and Route 19 purchased by the GCEDC for the development of a new greenfield site for food processing companies and light manufacturers. The GCEDC has completed design and engineering for the main entrance roadway and is continuing to work on a plan for construction and deployment of other infrastructure.

**Revolving Loan Fund #1 (“RLF #1”)** was established with grant funds that the County received from the federal Small Cities Program in 1985 and 1986. Since 1985, the GCEDC has administered the fund pursuant to a perpetual agreement with the County and in accordance with Community Development Block Grant (“CDBG”) guidelines. Funds are available to County business owners as a means to fill a financing gap in local development projects and are typically loaned at the New York Prime lending rate over a three to ten-year term. These funds were defederalized in 2009 and are no longer subject to CDBG guidelines.

**WNY STAMP Fund:** **WNY STAMP (Science and Technology Advanced Manufacturing Park)** is a 1,250-acre advanced manufacturing park located 5 miles north of Exit 48A of the New York State Thruway in the Town of Alabama. It holds great potential to be the Western New York home for technology enabled advanced manufacturing leveraging the significant investment in nanotechnology and semiconductor R&D that New York State has made to date. At full build-out, the site could employ up to 9,000 workers directly and as many as 20,000 regionally when considering supply chain
and construction employment. WNY STAMP will be home to advanced manufacturing companies making technologies like semiconductors (computer chips), renewable energy products, photovoltaic cells (solar panels) or other technology oriented advanced manufacturing applications.

In 2021, the GCEDC completed the initial water lines to support up to 1 mgd to the site. The design, engineering and permitting for the wastewater force main was completed by the end of 2021 with anticipated construction starting in 2023. The additional design, engineering and permitting for the large-scale capacities of the major utilities was completed in 2022 with some construction of the major infrastructure to begin in 2023.

The GCEDC was successful in securing an additional $8M grant from Empire State Development in 2019 that will support facility design of a largescale water system, on-site sewer treatment plant and electric substation to serve the Northern Campus of the WNY STAMP site.

In 2021, the WNY STAMP site secured its first tenant, Plug Power, which has begun construction on their green liquid hydrogen production facility as well as the large 345 kV to 115 kV substation that will power their project. The GCEDC continues to see site visits from companies and has seen a significant increase of interest in the site from multiple large-scale manufacturers. In 2022, the GCEDC received a verbal commitment from its second tenant, Edwards Genesee.

**Workforce Development Fund** accounts for activity related to supplying the County with a well-educated, highly skilled workforce and to assist in up-skilling and re-skilling our labor force including preparing students in K-12.

**GAIN Loan Fund** was created in 2016 when the GCEDC entered into an agreement whereby the GCEDC is acting as a subrecipient to the Genesee/Finger Lakes Regional Planning Council (G/FLRPC) for a portion of a $3M Empire State Development (ESD) grant. Under the agreement with G/FLRPC, the GCEDC is authorized to administer a GAIN Loan Fund for the purpose of lending funds to eligible agricultural businesses in Genesee County.

**BP2 Fund** was established to record activity related to the Batavia Pathway to Prosperity (BP2) inter-municipal agreement was put into place in 2016 between the City of Batavia, Genesee County, the Batavia Development Corp. and the GCEDC. The fund will be capitalized by a portion of new City PILOT payments, County PILOT payments and school PILOT payments on all projects that utilize a PILOT agreement within the City of Batavia. The BP2 funds will be used for infrastructure improvements for future economic and brownfield redevelopment investments targeted within the City’s designated Brownfield Opportunity Area (BOA).

**Affiliated Entities**

The **Genesee Gateway Local Development Corporation (GGLDC)** was formed in 2004, as a 501 (c)(3) not for profit corporation, to assist in local economic development efforts by making real estate development investments to bolster shovel-ready tech and industrial park development. The GGLDC focuses on real estate and related large-scale development activities along with workforce development and small business/entrepreneurship programming that support the GCEDC’s economic development mission. The GCEDC is the sole member of this corporation. The GGLDC is reported as a related entity in the GCEDC’s audited financial statements. Pursuant to Government Accounting Standards Board Statement No. 14, as amended by No. 39, the GGLDC has not been included as a component unit of the GCEDC.
The GGLDC formed two new entities supporting the development of WNY STAMP. The **STAMP Water Works, Inc.** and the **STAMP Sewer Works, Inc.** were formed under Transportation Corporations Law of the State of New York to provide onsite water and sewer services to tenants at WNY STAMP.

The **Genesee Agri-Business LLC (GABLLC)**, is a single member LLC whose only member is the GGLDC. The GABLLC owns the Genesee Valley Agri-Business Park (GVAB) located in the Town of Batavia. The GVAB is a shovel ready park dedicated to food processing companies. This park is home to Upstate Niagara Cooperative’s food processing facility, a food processing support company, Marktec Products, Inc., and a dairy processing plant, HP Hood.

- Land Held for Development & Sale increased in 2022. The GCEDC completed substantial design, engineering, and permitting for the initial infrastructure that will support the first tenants at the WNY STAMP site in the Town of Alabama. Additional design, engineering and permitting for the large-scale capacities of the major utilities was completed in 2022. The construction of some of the large scale infrastructure is slated to begin in 2023.

**Contacting GCEDC’s Financial Management**

This financial report is designed to provide our clients and the public with a general overview of the GCEDC’s finances and to demonstrate accountability for the resources at its disposal. If you have any questions about this report or need additional financial information, contact the GCEDC, located at the Dr. Bruce A. Holm Upstate MedTech Centre, 99 MedTech Dr. Suite 106, Batavia, NY 14020.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Genesee County Industrial Development Agency D/B/A Genesee County Economic Development Center (GCEDC) have been prepared in conformity with generally accepted accounting principles in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the GCEDC’s accounting policies are described below.

A. REPORTING ENTITY

The accompanying financial statements include assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position, and the financial activities of the GCEDC, a component unit of Genesee County.

The GCEDC is a public benefit corporation of the State of New York (the State) created in 1970 by a resolution of the Genesee County Legislature to facilitate economic development in the County of Genesee, New York. The D/B/A name was adopted in 2003.

The financial reporting entity includes organizations, functions, and activities over which appointed officials exercise oversight responsibility. Oversight responsibility is determined on the basis of financial interdependency, selection of governing agency, designation of management, ability to significantly influence operations, and accountability for fiscal matters.

The financial reporting entity consists of (a) the primary entity which is the GCEDC, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary entity is such that exclusion would cause the reporting entity’s financial statements to be misleading or incomplete. The decision to include a potential unit in the GCEDC’s reporting entity is based on several criteria including legal standing, fiscal dependency, and financial accountability, in accordance with U.S. GAAP. No other organizations have been included in the reporting entity.

B. BASIS OF PRESENTATION

The GCEDC follows enterprise fund reporting. Enterprise funds are used to account for business-type activities. These activities are financed primarily by user charges and the measurement of financial activity focuses on a net income measurement similar to the private sector.

The accounts of the GCEDC are organized on the basis of sub-funds or account groups, each of which is considered a separate accounting entity. The operations of each sub-fund are accounted for within a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position, revenues, and expenses and which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations. Detailed sub-fund information is not presented on the Combined Statement of Net Position, but is included in the supplementary information. The following sub-funds are used:

Operating fund accounts for all resources over which the board of directors has discretionary control used to carry out the operations of the GCEDC.

Revolving loan fund #1 (RLF #1) was established with funds from federal programs. The GCEDC uses the funds in a custodial nature, lending money to businesses located in Genesee County for construction and rehabilitation of industrial properties, purchase of machinery and equipment, and working capital. The funds accounted for in RLF #1 were defederalized in 2009 and are no longer restricted.

Real estate development/management fund was established to break out funds earmarked for the development of land, infrastructure and buildings. WNY STAMP fund was established in 2012 to record activity related to land purchases and development of the Western New York Science and Technology Advanced Manufacturing Park (WNY STAMP).
**Workforce Development fund** was re-established in 2013 to record the activity related to supplying Genesee County with a well educated, highly skilled workforce and to assist in training existing employees. **GAIN Loan fund** was established in 2016 to record activity related to implementation of a Growing the Agriculture Now! (GAIN) revolving loan fund grant awarded to Genesee/Finger Lakes Regional Planning Council (G/FLRPC). See Note 11.

**BP2 fund** was established to record activity related to the Batavia Pathway to Prosperity (BP2) intermunicipal agreement that was put into place in 2016 between the City of Batavia, Genesee County, Batavia City School District, the Batavia Development Corporation and the GCEDC. The fund is capitalized by a portion of any new City, County, and school PILOT payments on all projects that utilize a PILOT agreement within the City of Batavia. The BP2 funds will be used for infrastructure improvements for future economic and Brownfield redevelopment investments targeted within the City’s designated Brownfield Opportunity Area (BOA). The net position associated with this fund is considered restricted for purposes of this fund.

**C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING**

The financial statements of the GCEDC are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place. Nonexchange transactions, in which the GCEDC gives or receives value without directly receiving or giving equal value in exchange, including grants. Revenues from grants are recognized in the fiscal year in which all eligibility requirements have been satisfied. The GCEDC is engaged only in business-type activities as defined in GASB Statement No. 34. The GCEDC applies all applicable GASB pronouncements, as well as, Financial Accounting Standards Board’s (FASB) Accounting Standards Codification unless these standards conflict with or contradict GASB pronouncements.

**D. REVENUE AND EXPENSE CLASSIFICATION**

The GCEDC distinguishes operating revenues and expenses from nonoperating items in its financial statements. Operating revenues and expenses generally result from providing services in connection with the GCEDC’s principal on-going operations. The GCEDC’s operating expenses include project and program costs and related administration expenses. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

**E. INCOME TAXES**

The GCEDC is a quasi-governmental organization. The GCEDC is not subject to federal or state income taxes, nor is it required to file federal or state income tax returns, therefore, no provision for income taxes is reflected in these financial statements.

**F. CASH AND CASH EQUIVALENTS**

The GCEDC's cash and cash equivalents consists of cash on hand, demand deposits, and short-term investments with original maturities of three months or less from date of acquisition.

**G. ACCOUNTS RECEIVABLE**

Accounts receivable are reported at their net realizable value. Generally accepted accounting principles require the establishment of an allowance for doubtful accounts. No allowance for uncollectible accounts receivable has been provided since management believes that such allowance would not be necessary.

**H. LOANS RECEIVABLE**

Loans receivable shown net of the allowance for bad debts in accordance with generally accepted accounting
principles. Receivables for loans are reviewed periodically by management to update the provisions for uncollectible amounts. These provisions are estimated based on an analysis of the aging of the receivable and any other factors known by management.

I. PREPAID ITEMS

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

J. DUE TO/FROM OTHER FUNDS

During the course of operations, numerous transactions occur between individual sub-funds that may result in amounts owed between sub-funds. Those related to goods and service type transactions are classified as “due to and from other funds”. All balances are eliminated on the Combined Statement of Net Position.

K. LAND HELD FOR DEVELOPMENT AND SALE

Land held for development and sale is valued at cost.

L. CAPITALIZED FINANCE CHARGE ON INDEBTEDNESS

Major outlays for land and land improvements are reported on the Statement of Net Position as land held for development and sale. Finance charges incurred during the construction phase of the WNY STAMP business park are reflected in the capitalized value of the asset acquired or constructed. There were no finance charges capitalized for the WNY STAMP business park for this fiscal year.

M. CAPITAL ASSETS

Capital assets are recorded at acquisition cost and depreciated over the estimated useful lives of the respective assets using the straight-line method. The cost of repairs, maintenance and minor replacements is expensed as incurred, whereas expenditures that materially extend property lives are capitalized. When depreciable property is retired or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts and any gain or loss is reflected in income.

Capitalization thresholds (the dollar value above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets reported in the GCEDC are as follows:

<table>
<thead>
<tr>
<th>Capitalization Threshold</th>
<th>Depreciation Method</th>
<th>Estimated Useful Life</th>
</tr>
</thead>
<tbody>
<tr>
<td>Software</td>
<td>$1,000</td>
<td>straight-line</td>
</tr>
<tr>
<td>Furniture and equipment</td>
<td>$1,000</td>
<td>straight-line</td>
</tr>
<tr>
<td>Buildings and improvements</td>
<td>$1,000</td>
<td>straight-line</td>
</tr>
</tbody>
</table>

N. INSURANCE

The GCEDC is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, personal injury liability, and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Judgments and claims are recorded when it is probable that an asset has been impaired or a liability has been incurred and the amount of loss can be reasonably estimated. Settled claims from these risks have not yet exceeded commercial insurance coverage for the past three fiscal years.
O. UNEARNED REVENUES

Unearned revenues arise when potential revenues do not meet both the measurable and available criteria for recognition in the current period. Unearned revenues also arise when resources are received by the GCEDC before it has a legal claim to them, as when grant monies are received prior to incurring qualifying expenditures. In subsequent periods, when both recognition criteria are met, or when the GCEDC has legal claim to resources, the liability for unearned revenues is removed and revenues are recognized.

P. COMPENSATED ABSENCES

GCEDC employees are entitled to accrue a maximum of 60 days of sick leave. No compensation for accrued sick leave will be paid in the event of termination of employment. Up to five days of unused vacation days may be carried over to the following year with approval. Upon termination of employment, employees will be paid for accumulated unused vacation days. Accrued vacation time for the fiscal year ended December 31, 2022, amounted to $12,594 and is included in accrued expenses.

Q. DEFERRED INFLOWS/OUTFLOWS OF RESOURCES

In addition to assets, the Combined and Combining Statements of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The GCEDC only has one item that qualifies for reporting in this category, and it relates to the pension reported in the Combined and Combining Statements of Net Position.

In addition to liabilities, the Combined and Combining Statements of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The GCEDC has only one type of item that qualifies for reporting in this category, and it relates to the pension reported in the Combined and Combining Statements of Net Position. See details of deferred pension outflows and inflows in Note 8.

R. INTERFUND TRANSFERS

The operations of the GCEDC give rise to certain transactions between sub-funds, including transfers of expenses and revenues to provide services and construct assets or to re-allocate funds. The interfund revenues and expenses for the fiscal year ended December 31, 2022 amounted to $6,500.

S. NET POSITION

Equity is classified as net position and displayed in three components:

a. Investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation.

b. Restricted - Consists of net assets with constraints on the use either by (1) external groups such as creditors, grantors, contributors, laws or regulations of other governments, or (2) laws through constitutional provisions or enabling legislation.

c. Unrestricted - All other net assets that do not meet the definition of “invested in capital assets” or “restricted”.

T. STATEMENT OF CASH FLOWS

For the purposes of the combined statement of cash flows the GCEDC considers cash and cash equivalents to be all unrestricted and restricted cash accounts including demand accounts and certificates of deposit with an original maturity of generally three months or less from date of acquisition.
U. USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

V. ACCOUNTING PRONOUNCEMENTS

The GCEDC has evaluated GASB Statement No. 91, Conduit Debt Obligations, GASB Statement No. 92, Omnibus 2020, GASB Statement No. 93, Replacement of Interbank Offered Rates, GASB Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statements No. 14 and 84, and a supersession of GASB Statement No. 32 and GASB Statement No. 98, The Annual Comprehensive Financial Report and have determined that there is no significant impact for the year ended December 31, 2022 related to these Statements. The GCEDC has evaluated and implemented GASB No. 87 Leases prospectively at January 1 2022. GASB No. 87 better meets the information needs of financial statement users by improving accounting and financial reporting for leases by governmental entities.

The following are GASB Statements that have been issued recently and are currently being evaluated, by the GCEDC, for their potential impact in future years.

- Statement No. 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements, which will be effective for the year ending December 31, 2023.
- Statement No. 96, Subscription-Based Information Technology Arrangements, which will be effective for the year ending December 31, 2023.
- Statement No. 99, Omnibus 2022, which will be effective for the year ending December 31, 2023.
- Statement No. 100, Accounting Changes and Error Corrections—an amendment of GASB Statement No. 62 which is effective for the year ending December 31, 2024.
- Statement No. 101, Compensated Absences, which will be effective for the year ending December 31, 2024.

NOTE 2 - DEPOSITS AND INVESTMENTS

The GCEDC’s investment policies are governed by State statutes. In addition, the GCEDC has its own written investment policy. GCEDC monies must be deposited in Federal Deposit Insurance Corporation (FDIC)-insured commercial banks or trust companies located within the State. The GCEDC is authorized to use interest bearing demand accounts and certificates of deposit. Permissible investments include obligations of the United States Treasury and its agencies, repurchase agreements and obligations of the State and its localities.

Collateral is required for demand deposits and certificates of deposits not covered by federal deposit insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies, obligations of the State and its municipalities and school districts and obligations issued by other than New York State rated in one of the three highest rating categories by at least one nationally recognized statistical rating organization.

As of December 31, 2022, cash balances were fully collateralized.

Investment and Deposit Policy

The GCEDC follows an investment and deposit policy, the overall objective of which is to adequately safeguard the principal amount of funds invested or deposited; conformance with federal, state and other legal requirements; and provide sufficient liquidity of invested funds in order to meet obligations as they become due. Oversight of investment activity is the responsibility of the GCEDC’s Treasurer.
Interest Rate Risk
Interest rate risk is the risk that the fair value of investments will be affected by changing interest rates. The GCEDC’s investment policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk
The GCEDC’s policy is to minimize the risk of loss due to failure of an issuer or other counterparty to an investment to fulfill its obligations. The GCEDC’s investment and deposit policy authorizes the reporting entity to purchase the following types of investments:

- Interest bearing demand accounts.
- Certificates of deposit.
- Obligations of the United States Treasury and United States agencies.
- Obligations of the State of New York and its localities.

Custodial Credit Risk
Custodial credit risk is the risk that in the event of a failure of a depository financial institution, the reporting entity may not recover its deposits. In accordance with the GCEDC’s investment and deposit policy, all deposits of the GCEDC including interest bearing demand accounts and certificates of deposit, in excess of the amount insured under the provisions of the Federal Deposit Insurance Corporation (FDIC) shall be secured by a pledge of securities with an aggregate value equal to 100% of the aggregate amount of deposits. The GCEDC restricts the securities to the following eligible items:

- Obligations issued, fully insured or guaranteed as to the payment of principal and interest, by the United States Treasury and United States agencies.
- Obligations issued or fully insured or guaranteed by the State of New York and its localities.
- Obligations issued by other than New York State rated in one of the three highest rating categories by at least one nationally recognized statistical rating organization.

NOTE 3 - LOANS RECEIVABLE – GAIN LOAN FUND

NOTE 5 - UNEARNED REVENUES

The GCEDC received a $100,000 Workforce Development grant from National Fuel in 2013. As of December 31, 2022, $99,075 of these funds were expended. The balance of $925 will be recognized in the year that qualifying expenditures are made.

In November 2018, the GCEDC received a $50,000 grant from the Town of LeRoy to support the development of the LeRoy Food & Tech Park. An additional $50,000 grants were received in November 2019, October 2021 and September 2022. Revenue will be recognized in the year the improvements are made and the funds are expended.

In January 2018, the GCEDC received $15,100,934 from Empire State Development (ESD) into an imprest account as an advance related to a $33,000,000 grant previously awarded. An additional $9,000,000 was received in October 2021. Authorization from ESD is required prior to releasing funds from the imprest account. As of December 31, 2022, $17,402,583 of these funds were expended. The balance of $6,698,351 will be recognized in the year eligible project costs are incurred and funds are expended.
In November 2019, the GCEDC received $4,000,000 from Empire State Development (ESD) into an imprest account as an advance related to an $8,000,000 grant previously awarded. An additional $2,200,000 was received in February 2021 and $1,800,000 was received in August 2022. Authorization from ESD is required prior to releasing funds from the imprest account. As of December 31, 2022, $6,387,983 of these funds were expended. The balance of $1,612,017 will be recognized in the year eligible project costs are incurred and funds are expended.

Interest received in advance related to loans receivable totaled $145 at December 31, 2022.

Annual administrative fees of $22,500 were received in advance at December 31, 2022.

NOTE 6 - LINES OF CREDIT

In September 2008, the GCEDC obtained a revolving line of credit from the Bank of Castile for $350,000 to assist in covering cash flows related to reimbursable grants and short-term debt requirements. Collateral consists of accounts receivable held by the GCEDC. A 7.5% interest rate will be charged on any outstanding balance. This agreement is subject to annual review and renewal. At December 31, 2022, there were no funds drawn against this line of credit.

In addition, the GCEDC has an existing revolving credit note with KeyBank National Association for $1,000,000. This financing is available to assist in covering cash flows related to the development of WNY STAMP to be reimbursed by Empire State Development. The note is collateralized by the revenues dedicated by Empire State Development to the WNY STAMP project. A variable interest rate equal to the LIBOR rate plus 2%, with a floor of 2%, will be charged on any outstanding balance. At December 31, 2022, there were no funds drawn against this credit note.

NOTE 7 – LOANS PAYABLE

In September 2014, the GCEDC obtained two loans totaling $2,100,000 from ESD to fund WNY STAMP land acquisition in the Town of Alabama. The loans have a 0% interest rate with no principal payment due for the first five years. At the end of the fifth year, ESD could make a determination as to whether to (1) require a full principal balloon payment; (2) waive the obligation to repay the loan; or (3) extend the loans for another five-year term with payment terms to be determined. These loans were extended with a new maturity date of May 2026.

In February 2015, the GCEDC obtained a $1,725,001 loan from ESD to fund additional WNY STAMP land acquisition in the Town of Alabama. The loan has a 0% interest rate with no principal payment due for the first five years. At the end of the fifth year, ESD could make a determination as to whether to (1) require a full principal balloon payment; (2) waive the obligation to repay the loan; (3) extend the loan for another five-year term with payment terms to be determined. This loan was extended with a new maturity date of May 2026.

In May 2016, the GCEDC obtained a $1,371,486 loan from ESD to fund additional WNY STAMP land acquisition in the Town of Alabama. The loan has a 0% interest rate with no principal payment due for the first five years. At the end of the fifth year, ESD could make a determination as to whether to (1) require a full principal balloon payment; (2) waive the obligation to repay the loan; (3) extend the loan for another five-year term with payment terms to be determined. This loan was extended with a new maturity date of May 2026.

In May 2018, the GCEDC received $4,000,000 from Genesee County (the County) pursuant to a Water Supply Agreement between the two entities. This loan has an imputed interest rate of 2.44% to .595%. These funds are to support water improvements located in the Town of Alabama and Town of Pembroke and other Phase II improvements as identified by the County. The GCEDC will make twelve annual payments of $448,500 to the County, which commenced in January 2020.
The following table summarizes the GCEDC future debt service requirements with the County as of December 31, 2022.

**NOTE 8 - PENSION PLAN**

**PENSION OBLIGATIONS**

**New York State and Local Employees’ Retirement System (ERS)**

**Plan Description**

The GCEDC participates in the New York State and Local Employees’ Retirement System (ERS), which is referred to as New York State and Local Retirement System (the System). This is a cost-sharing multiple-employer defined benefit retirement system. The net position of the System is held in the New York State Common Retirement Fund (the Fund), which was established to hold all net assets and record changes in fiduciary net position allocated to the System. The Comptroller of the State of New York serves as the trustee of the Fund and is the administrative head of the System. System benefits are established under the provisions of the New York State Retirement and Social Security Law (NYSRSSL). Once a public employer elects to participate in the System, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. The GCEDC also participates in the Public Employees’ Group Life Insurance Plan (GLIP), which provides death benefits in the form of life insurance. The System is included in the State’s financial report as a pension trust fund. That report, including information with regard to benefits provided, may be found at [www.osc.state.ny.us/retire/publications/index.php](http://www.osc.state.ny.us/retire/publications/index.php) or obtained by writing to the New York State and Local Retirement System, 110 State Street, Albany, NY 12244.

**Funding Policy**

The System is noncontributory, except for employees who joined after July 27, 1976 who contribute three percent (3%) of their salary for the first ten years of membership, and employees who joined on or after January 10, 2010, who generally contribute three percent (3%) to three and one half percent (3.5%) of their salary for their entire length of service. In addition, employee contribution rates under Tier VI vary based on a sliding salary scale. The Comptroller annually certifies the actuarially determined rates expressly used in computing the employers’ contributions based on salaries paid during the system’s fiscal year ending March 31st.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At December 31, 2022, the GCEDC reported the following asset for its proportionate share of the net pension asset to the System. The net pension asset was measured as of March 31, 2022, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of April 1, 2021. The GCEDC’s proportion of the net pension asset was based on a projection of the GCEDC’s long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. This information was provided by the System in reports provided to the GCEDC.

<table>
<thead>

</tr>
<tr>
<td>GCEDC’s contributions subsequent to the measurement date</td>
<td>64,500</td>
</tr>
</tbody>
</table>

**Total** $416,930 $712,344

GCEDC contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

### Year ended March 31:

</tr>
</tbody>
</table>

### Actuarial Assumptions

The total pension liability as of March 31, 2022 was determined by using an actuarial valuation as of April 1, 2021, with update procedures used to roll forward the total pension liability to March 31, 2022. The actuarial valuation used the following actuarial assumptions:

- **Inflation**: 2.7%
- **Salary increases**: 4.4%
- **Investment rate of return (net of investment expense, including inflation)**: 5.9%
- **Cost of living adjustments**: 1.4%

Annuitant mortality rates are based on April 1, 2015 – March 31, 2020 System’s experience with adjustments for mortality improvements based on the Society of Actuaries Scale MP-2020. The actuarial assumptions used in the
April 1, 2021 valuation are based on the results of an actuarial experience study for the period April 1, 2015 – March 31, 2020.

The long term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected return, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation as of March 31, 2022 are summarized below:

<table>
<thead>
<tr>
<th>Target Asset Allocation</th>
<th>Long-Term Expected Real Rate of Return</th>

</tr>
<tr>
<td>Cash</td>
<td>1.0%</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>100.0%</strong></td>
</tr>
</tbody>
</table>

Discount Rate
The discount rate used to calculate the total pension liability was 5.9%. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based upon the assumptions, the Systems’ fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of the Net Pension Liability to the Discount Rate Assumption
The following tables presents the GCEDC’s proportionate share of the net pension liability calculated using the discount rate of 5.9%, as well as what the GCEDC’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

<table>
<thead>
<tr>
<th>Discount Rate Assumption</th>
<th>Current Assumption</th>

<td>(6.9%)</td>
</tr>
</tbody>
</table>

GCEDC’s proportionate share of the net pension liability (asset) $ 516,292 $ (200,580) $ (800,210)

Pension Plan Fiduciary Net Position
The components of the current-year net pension liability of the employers as of March 31, 2022 were as follows:

<table>
<thead>
<tr>
<th>(Dollars in Thousands)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Employers’ total pension liability</td>
</tr>
<tr>
<td>Fiduciary net position</td>
</tr>
<tr>
<td>Employers’ net pension asset</td>
</tr>
</tbody>
</table>

Ratio of Plan net position to the Employers’ total pension liability 103.7%
Prepays to the Pension Plan
Employer contributions are paid annually based on the System’s fiscal year which ends on March 31st. Prepaid retirement contributions as of December 31, 2022, represent the employer contribution for the period of January 1, 2022 through March 31, 2023. Prepaid retirement contributions as of December 31, 2022, amounted to $21,500.

NOTE 9 - OUTSTANDING INDUSTRIAL REVENUE BONDS
Assets acquired with bond proceeds secure bonds issued by the GCEDC. The borrowing company leases the assets from the GCEDC, retiring the bonds through the required lease payments. The bonds are not an obligation of GCEDC, the County of Genesee or the State of New York. The GCEDC does not record the assets or liabilities resulting from the completed bond issue in its accounts; its function is to arrange the financing between the borrowing company and the bondholder(s). A trustee bank controls all funds. See Note 12.

NOTE 10 - OUTSTANDING CIVIC FACILITY REVENUE BONDS
Structured similar to Industrial Revenue Bonds, Civic Facility bonds are tax-exempt bonds issued for projects undertaken by not-for-profit "civic facilities" owned or occupied by not-for-profit corporations organized and existing under the laws of or authorized to conduct activities in this state. At December 31, 2022, there were no Civic Facility Revenue Bonds outstanding.

NOTE 11 – GAIN LOAN FUND
In 2016, the GCEDC entered into an agreement whereby the GCEDC is acting as a sub-recipient to the Genesee/Finger Lakes Regional Planning Council (G/FLRPC) for a portion of a $3,000,000 ESD grant. Under the agreement with G/FLRPC, the GCEDC is authorized to administer a GAIN Loan Fund for the purpose of lending funds to eligible businesses in Genesee County. GCEDC’s allocation of the total grant was $442,888, of which the total amount has been disbursed. The GCEDC is authorized to use repayments collected to fund additional loans to eligible projects. The net position related to this fund is considered restricted for the purposes of this fund. See Note 3.

NOTE 12 - SALE LEASE BACK - GCEDC
Pursuant to an Industrial Revenue Bond and a First Amended Lease Agreement between R.J. Properties, LLC and the GCEDC dated August 1, 2008, R.J. Properties paid the GCEDC $280,000 representing the purchase price of 12.82 acres of land at Apple Tree Acres Corporate Park. The title and interest in the land will be conveyed to R.J. Properties, LLC on August 1, 2028.

NOTE 13 - RELATED PARTY TRANSACTIONS
The GCEDC has related party relationships with the Genesee Gateway Local Development Corporation (GGLDC) and the Genesee Agri-Business, LLC (GAB, LLC).

The GCEDC entered into a lease agreement with the Genesee Gateway Local Development Corp., a related party, in July of 2009 to occupy 3,100 square feet of office space at the Med Tech Centre building. The term of the lease is for 15 years commencing in June 2010, upon substantial completion of the building. This lease was amended in October 2015 to include an additional 1,400 square feet of space. As of January 2022, the monthly rent rate is $1,580. At December 31, 2022, the GCEDC has a $2,832 security deposit with the GGLDC as required by the lease agreement.

The GGLDC granted $300,000 to the GCEDC during 2022 to support the continuing economic development program. During 2022, the GCEDC received a grant in the amount of $328,389 to support economic development.
The GCEDC is a co-borrower on a $3,000,000 loan to the GGLDC from the United States Department of Agriculture received on September 3, 2010. The loan has an interest rate of 4% and a term of 30 years. There was an outstanding balance of $2,178,455 at December 31, 2022.

The GCEDC is a co-borrower on a $700,000 line of credit that GGLDC obtained from Five Star Bank in 2011. The line carries an interest rate equal to the prime rate, with a floor of 4%. At December 31, 2022, there were no funds drawn against this line.

NOTE 14 - LEASES

The GCEDC is a lessee for non-cancelable lease of equipment (i.e., copier) and lease of real estate (i.e., office). The GCEDC recognizes a lease liability and an intangible right-to-use lease asset in the consolidated financial statements. GCEDC recognizes lease liabilities with an initial, individual annual value of $1,000 or more for equipment, furniture and buildings.

At the commencement of a lease, the GCEDC initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over the term of the lease.

Key estimates and judgements include how the GCEDC determines 1) the discount rate it uses to discount the expected lease payments to present value, 2) lease term, and 3) lease payments.

The GCEDC uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the GCEDC calculates an Implicit Borrowing Rate (IBR) using information from the lease terms. If a suitable IBR cannot be calculated, the GCEDC uses rates related to U.S. Treasury Notes based on the lease term.

The lease term includes the non-cancelable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option priced that the GCEDC is reasonably certain to exercise related to equipment.

The GCEDC monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease liability and lease assets if certain changes occur that are expected to significantly affect the amount of the lease liability. Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the consolidated financial statements.

The total amount of lease assets is recorded at a cost of $41,838 less accumulated amortization of $11,760.

The future lease receipts under lease agreements are as follows (in thousands):

NOTE 1 - FACTORS AFFECTING TRENDS IN THE RETIREMENT SYSTEM PENSION

The GCEDC’s proportionate share of the net pension liability of the pension system is significantly dependent on the performance of the stock market and the funds that the retirement system invests in. The discount rate in effect at each measurement date is as follows:

INTERNAL CONTROL AND COMPLIANCE
INDEPENDENT AUDITORS’ REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors
Genesee County Industrial Development Agency
D/B/A Genesee County Economic Development Center
Batavia, New York

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of Genesee County Industrial Development Agency D/B/A Genesee County Economic Development Center (“GCEDC”) as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise GCEDC’s basic financial statements, and have issued our report thereon dated March 30, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the GCEDC’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the GCEDC’s internal control. Accordingly, we do not express an opinion on the effectiveness of the GCEDC’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the GCEDC’s financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

31
Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the GCEDC’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the GCEDC’s internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the GCEDC’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

March 30, 2023
INDEPENDENT AUDITORS’ REPORT ON COMPLIANCE WITH INVESTMENT GUIDELINES FOR PUBLIC AUTHORITIES

To the Board of Directors
Genesee County Industrial Development Agency
D/B/A Genesee County Economic Development Center
Batavia, New York

We have examined the Genesee County Industrial Development Agency D/B/A Genesee County Economic Development Center (GCEDC) compliance with the New York State Comptroller’s Investment Guidelines for Public Authorities and Section 2925 of the New York State Public Authorities Law (collectively, the “Investment Guidelines”) for the year ended December 31, 2022. Management of GCEDC is responsible for the GCEDC’s compliance with the specified requirements. Our responsibility is to express an opinion on GCEDC’s compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether GCEDC complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether GCEDC complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination of GCEDC’s compliance with specified requirements.

In our opinion, GCEDC complied, in all material respects, with the aforementioned requirements for the year ended December 31, 2022.

This report is intended solely for the information and use of the Board of Directors, management and others within GCEDC and the New York State Authorities Budget Office, and is not intended to be and should not be used by anyone other than these specified parties.
