5.1 Authority Self-Evaluation of Prior Year Performance - Public Authorities are required to perform a self-evaluation of prior year’s goals/measurements annually. This report shows the results against the goals and measurements that were set for 2022. This report will be posted to the website.

M. Masse stated that the Agency set a goal of capital investment commitment of $35M for 2022. The actual result from projects was $33M for 2022. If projects that exceed $50M in capital investment were included (Rochester Regional Health and YMCA Healthy Living Campus), the total for the year is $97 million. The Agency also pledged to create 90 jobs from projects in 2022. These projects resulted in 16 jobs pledged in 2022. If projects that exceed $50M in capital investment were included (Rochester Regional Health and YMCA Healthy Living Campus), the total jobs pledged for the year is 117. M. Masse reviewed, in detail, all agency performance results relative to 2022 goals.

5.2 Mission Statement & Measurement Report - The Authority’s Board must annually review the authority’s mission statement and performance goals to ensure that its mission has not changed and that the authority’s performance goals continue to support its mission.
Upon careful consideration, an amended mission statement is being brought forward for consideration and is as follows:

The GCEDC is the primary economic development agency in Genesee County, NY. The GCEDC’s mission is to facilitate local economic growth and development which fosters investment and job creation for the benefit of our residents and children. We do this by offering financial assistance, real estate solutions, workforce development programming and placemaking options in order to build back local and regional manufacturing and by supporting the continued growth and success of our local businesses all across Genesee County.

This report will be posted to the website and submitted into PARIS.

M. Masse stated that the capital investment and job creation goals are based on an average of the last four years of actual pledged capital investment and job creation. Mega projects are removed from this average. M. Masse recommends that the Agency set a goal of capital investment commitment of $47M for 2023, which does not include any Mega projects (over $50M capital investment commitment). M. Masse also recommends the Agency set a job creation goal of 93 jobs from projects in 2023, which doesn’t include any mega projects. The other suggested goals are over-arching goals that the entire staff can work towards achieving and are still consistent with the Agency’s mission.

C. Yunker read the Governance Certification to the Board:

1. Have the board members acknowledged that they have read and understood the mission of the public authority?
   
   Board of Directors Response: Yes

2. Who has the power to appoint management of the public authority?
   
   Board of Directors Response: The Board of Directors

3. If the Board appoints management, do you have a policy you follow when appointing the management of the public authority.
   
   Board of Directors Response: The Board has not adopted a final, written policy; however, the Board follows the prudent and reasonable past practice of appointing responsible individuals.

4. Briefly describe the role of the Board and the role of management in the implementation of the mission.
   
   Board of Directors Response: The role of the Board regarding the implementation of the public authority’s mission is to provide strategic input, guidance, oversight, mission authorization, policy setting and validation of the authority’s mission, measurements and results. The role of management is to collaborate with the Board in strategy development/strategy authorization and to implement established programs, processes, activities and policies to achieve the public authority’s mission.

5. Has the Board acknowledged that they have read and understood the response to each of these questions?
   
   Board of Directors Response: Yes

6.0 STAMP Committee – P. Zeliff

6.1 Tree Purchases for Planting – In conjunction with the Town of Alabama Planning Board approval of the substation, they requested that trees be planted in the open space area to the north of the substation entrance road to provide more screening to the residents. These 7 acres are in the 300-foot buffer area that is zoned Ag/Res and cannot be developed. Through the tree purchase program at Genesee Soil & Water Conservation District we can purchase these trees at a discounted rate. We will work with local organizations to get them planted at no cost. This will also reduce the amount of open space that would require annual maintenance such as mowing.

Fund Commitment: $4,473 from operational funds.

Board Action Request: Approval of payment of $4,473 to Genesee Soil & Water Conservation District.

At the STAMP Committee meeting held on February 28, the Committee recommended that staff and CC Environment and Planning find measures that will protect the investment in trees. The Committee stated that the deer population is prevalent in the area that the trees would be planted. R. Crossen estimated that 50 – 60% of the trees would be lost due to consumption by the deer.

Working with CC Environment and Planning, M. Masse found four potential remedies to prevent the deer from eating the seedlings. He believes that the most cost-effective remedy is to purchase rigid mesh tree tubing with bamboo stakes. This will cost an additional $5,100, plus freight.

C. Yunker made a motion to approve the purchase of trees from Genesee Soil & Water Conservation District not to exceed $4,473, as well as the deer prevention mechanisms estimated at $5,100 plus freight; the motion was seconded by P. Battaglia. Roll call resulted as follows:

- P. Battaglia - Yes
- T. Bender - Absent
- M. Clattenburg - Yes
- C. Kemp - Yes
- C. Yunker - Yes
- P. Zeliff - Yes
- M. Gray - Yes
The item was approved as presented.

6.2 Easement Approvals – In conjunction with the installation of the force main from the STAMP site to the direct discharge point at Oak Orchard Creek, there are several easements needed. We are seeking approval of the following easements:
   1. Permanent Easement 6 - $5,000
   2. Permanent Easement 13 - $500

Fund Commitment: $5,500 from the $33 million.

Board Action Request: Approval of payment of $5,500 to the holders of the easement numbers identified above.

This was recommended for approval by the Committee.

P. Zeliff made a motion to approve the ROW easement payments not to exceed $5,500 as presented; the motion was seconded by C. Yunker. Roll call resulted as follows:

   P. Battaglia - Yes
   T. Bender - Absent
   M. Clattenburg - Yes

Section 1. Based upon representations and warranties made by the Company, the Agency hereby authorizes and approves the Company, as its agent, to make purchases of goods and services relating to the Project, that would otherwise be subject to New York State and local sales and use tax in an amount up to $4,500,000.00, which result in New York State and local sales and use tax exemption benefits ("sales and use tax exemption benefits") not to exceed $360,000.00. WHEREAS, by Title I of Article 18-A of the General Municipal Law of the State of New York, as amended, and Chapter 565 of the Laws of 1970 of the State of New York, as amended (hereinafter collectively called the "Act"), the GENESEE COUNTY INDUSTRIAL DEVELOPMENT AGENCY d/b/a GENESEE COUNTY ECONOMIC DEVELOPMENT CENTER (the "Agency") was created with the authority and power to own, lease and sell property for the purpose of, among other things, acquiring, constructing and equipping industrial, manufacturing and commercial facilities as authorized by the Act; and

WHEREAS, pursuant to resolution adopted on May 5, 2022 (the "Authorizing Resolution"), the Agency authorized certain Financial Assistance (as defined in the Authorizing Resolution) with respect to a certain project (the "Project") to be undertaken by APPLETREE ACRES LLC (the "Company"), as agent of the Agency, consisting of: (i) the acquisition by the Agency of a leasehold or other interest in certain property located at Buffalo Road, Town of Bergen, Genesee County, New York (the "Land", being more particularly identified as tax parcel No. 13-1-59.221) and the existing improvements located thereon, consisting principally of the existing approximately 60,000 square-foot building (the "Existing Improvements"); (ii) the planning, design, construction and operation of an approximately 50,000 square-foot building to be utilized as a warehouse and storage facility (the "Improvements"); and (iii) the acquisition by the Company in and around the Improvements of certain items of machinery, equipment and other tangible personal property (the "Equipment"; and, together with the Land and the Improvements, the "Facility"); and

WHEREAS, in connection with the Project, the Agency and the Company entered into certain documents consisting of, among other things: (i) a certain Project Agreement, dated as of June 29, 2022 (the "Project Agreement"), and (ii) related documents (collectively, the "Agency Documents"); and
WHEREAS, the Company informed the Agency that the value of goods and services relating to the Project that will be subject to New York State and local sales and use tax will be in an amount of up to $1,970,000.00 (such amount being an increase of $600,000.00), which will result in New York State and local sales and use tax exemption benefits not to exceed $157,600.00 (such amount being an increase of $48,000.00); and

WHEREAS, the Agency desires to adopt a resolution (i) authorizing the Company to make purchases of goods and services relating to the Project in the amount of up to $1,970,000.00, which will result in local sales and use tax exemption benefits not to exceed $157,600.00, (ii) ratifying and confirming the findings made by the Agency in the Authorizing Resolution adopted, and (iii) if necessary, authorizing the execution and delivery of related documents.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE GENESEE COUNTY INDUSTRIAL DEVELOPMENT d/b/a GENESEE COUNTY ECONOMIC DEVELOPMENT CENTER AS FOLLOWS:

Section 1. Based upon representations and warranties made by the Company, the Agency hereby authorizes and approves the Company, as its agent, to make purchases of goods and services relating to the Project, that would otherwise be subject to New York State and local sales and use tax in an amount up to $1,970,000.00, which result in New York State and local sales and use tax exemption benefits ("sales and use tax exemption benefits") not to exceed $157,600.00. The Agency agrees to consider any requests by the Company for increases to the amount of sales and use tax exemption benefits authorized by the Agency upon being provided with appropriate documentation detailing the additional purchases of property or services. Pursuant to Section 875(3) of the New York General Municipal Law, the Agency may recover or recapture from the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project, any sales and use tax exemption benefits taken or purported to be taken by the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project, if it is determined that: (i) the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project, is not entitled to the sales and use tax exemption benefits; (ii) the sales and use tax exemption benefits are in excess of the amounts authorized to be taken by the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project; (iii) the sales and use tax exemption benefits are for property or services not authorized by the Agency as part of the Project; or (iv) the sales and use tax exemption benefits are taken in cases where the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project, fails to comply with a material term or condition to use property or services in the manner approved by the Agency in connection with the Project. As a condition precedent of receiving sales and use tax exemption benefits, the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project, shall (i) cooperate with the Agency in its efforts to recover or recapture any sales and use tax exemption benefits, and (ii) promptly pay over any such amounts to the Agency that the Agency demands.
Section 2. Unless amended by the terms hereof, the Agency hereby ratifies, confirms and reaffirms the findings made in the Authorizing Resolution and hereby re-approves the Project, as amended, and the Financial Assistance.

Section 3. The officers, employees and agents of the Agency are hereby authorized and directed for and in the name and on behalf of the Agency to do all acts and things required and to execute and deliver all such certificates, instruments and documents, to pay all such fees, charges and expenses and to do all such further acts and things as may be necessary or, in the opinion of the officer, employee or agent acting, desirable and proper to effect the purposes of the foregoing resolutions and to cause compliance by the Agency with all of the terms, covenants and provisions of the documents executed for and on behalf of the Agency.

Section 4. These Resolutions shall take effect immediately upon adoption.

The question of the adoption of the foregoing Resolution was duly put to a vote on roll call, which resulted as follows:

#### Opportunity Summary:

GSPP Route 262, LLC is proposing to construct a community solar farm project on Route 262 in the Town of Byron. The project will utilize ground-mounted solar panels to convert the sun’s energy into 5 MW of AC power. The project will provide enhanced property tax payments via a 15-year PILOT that are significantly greater than the current agricultural-vacant land value of the project.

The project’s PILOT will contribute $4,000/MWAC + a 2% annual escalator in payments to the Genesee County, Town of Byron, and Byron-Bergen Central School District. The PILOT is estimated to generate $345,868 in PILOT payments over the 15-year term. The project will also fund a community benefit agreement for workforce development and economic development projects in Genesee County, and has a proposed Host Agreement for the Town of Byron valued at $2,000/MWAC + a 2% annual escalator.

The project is aligned with New York’s aggressive goals for renewable energy, energy efficiency and greenhouse gas reductions, and will offer customers a 10% discount vs average market rates for the generated power.

#### Economic Impact:

This project is estimated to generate a $627,303 increase in property-tax type revenues to host municipalities, a $5.14 benefit for every $1 the project’s land is estimated to generate in its current use.

STATEMENT OF COMPLIANCE OF PROJECT CRITERIA LISTED IN UNIFORM TAX EXEMPTION POLICY (UTEPO)

PROJECT DESCRIPTION:

GSPP Route 262, LLC is proposing to construct a community solar farm project on Route 262 in the Town of Byron. The project will utilize ground-mounted solar panels to convert the sun’s energy into 5 MW of AC power. The project’s PILOT will contribute $4,000/MWAC + a 2% annual escalator in payments to Genesee County, Town of Byron, and Byron-Bergen Central School District. The PILOT is estimated to generate $345,868 in PILOT payments over the 15-year term. The project will also fund a community benefit agreement for workforce development and economic development projects in Genesee County.

The project is aligned with New York's aggressive goals for renewable energy, energy efficiency and greenhouse gas reductions, and will offer customers a 10% discount vs average market rates for the generated power.

Criteria #1 – The Project pledges to create and/or retain quality, good paying jobs in Genesee County.

Project details: N/A

Board Discussion:

Board Concurrence: YES NO If no, state justification:

Criteria #2 – Completion of the Project will enhance the long-term tax base and/or make a significant capital investment.

Project details: The project will enhance long term tax base with a planned new community solar farm and $13,201,274 in capital investment. A fixed 15-year pilot with a 2% annual escalator priced at $4,000/MWAC is proposed which is above the top end of the NYSERDA recommended range for projects located in National Grid territory in Western NY. The 5 MW solar farm will generate $345,868 in PILOT payments over the 15-year term which is far greater than current assessed value of this Ag/Vacant land.

Board Discussion:

Board Concurrence: YES NO If no, state justification:

Criteria #3 – The Project will contribute towards creating a “livable community” by providing a valuable product or service that is underserved in Genesee County.
**Project details:** The company is assisting with a $25,000 payment for STEM oriented workforce training/county economic development programming to support STEM 2 STAMP workforce development programs/local economic development programming. Residents will be offered a 10% discount to average local market rates for solar energy.

**Board Discussion:**

**Board Concurrence:** YES NO If no, state justification:

**Criteria #4:** The Board will review the Agency’s Fiscal and Economic Impact analysis of the Project to determine if the Project will have a meaningful and positive impact on Genessee County. This calculation will include the estimated value of any tax exemptions to be provided along with the estimated additional sources of revenue for municipalities and school districts that the proposed project may provide.

The 5 MW solar farm will generate $627,303 in PILOT payments, host payments and real property taxes over the 15-year term, which is far greater than the current assessed value of this ag/vacant land. This calculates to a rate of return based on the original property taxes of $5.14 to 1.

**Board Concurrence:** YES NO If no, state justification:

**Criteria #5:** The Project is included in one of the Agency’s strategic industries: Agri-Business and Food Processing, Manufacturing, Advanced Manufacturing and Nano-Enabled Manufacturing, Life Sciences and Medical Device.

**Project details:** The company is a “downstream” developer/installer of Photovoltaic (solar) energy generation systems which is a target industry cluster / strategic industry focused on by the Agency to attract Photovoltaic (solar) manufacturing at STAMP.

**Board Discussion:**

**Board Concurrence:** YES NO If no, state justification:

**Criteria #6:** The Project will give a reasonable estimated timeline for the completion of the proposed project.

**Project details:** The project is planning to begin construction in Spring 2023 and be operational within 9 months

WITNESSETH:

WHEREAS, Seller desires to sell approximately 50.38 acres located on South Lake Road in the Town of Bergen, County of Genesee, State of New York and known as tax account no. 13-1-63.1, to Purchaser, and Purchaser desires to purchase the real property and improvements thereon upon the terms and conditions as set forth herein.

NOW, THEREFORE, in consideration of the foregoing and of the mutual covenants and representations herein contained, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. Property. 2. Condition of Property. The Property shall be conveyed free of any and all liens, encumbrances, security agreements or other financing devices except as provided in Paragraph 8 of this Agreement (such exceptions in Paragraph 8 constituting “Permitted Encumbrances”).

3. Purchase Price and Deposit. The purchase price for the Property (the “Purchase Price”) shall be ONE MILLION FIVE HUNDRED THOUSAND AND NO/100 DOLLARS ($1,500,000.00) payable to Seller in cash or a bank check, or by wire, at Closing (as such term is hereinafter defined). 4. Purchaser’s Contingencies. This Agreement, and Purchaser's obligations hereunder, shall be expressly contingent upon the following:

(a) Purchaser shall have the right, to conduct at its sole cost and expense within the initial ninety (90) day period after the Effective Date (“Initial Due Diligence and Contingency”), Phase I
environmental assessments on the Property by an environmental engineer acceptable to Purchaser and Purchaser’s lender, which reports shall be certified to Purchaser, and the results of which shall be satisfactory to Purchaser in its sole discretion. Notwithstanding the foregoing, Purchaser shall, upon completion of its environmental assessments, be responsible for restoring the Property to substantially the same condition as existed on the Property prior to the undertaking of such assessments. Additionally, notwithstanding anything to the contrary stated herein, it is expressly agreed and acknowledged that Purchaser shall not have the right to conduct any invasive testing on the Property, including, but not limited to Phase II environmental assessments, without Seller’s prior written consent, which Seller may grant, condition, and/or withhold in its sole and absolute discretion.

Seller also agrees to provide Purchaser with any preexisting permits, surveys, and other documents relating to the Property in Seller’s possession which may be required by the Purchaser to obtain the governmental approvals required in this Section 4(b).

(c) As part of its Initial Due Diligence and Contingency Period, Purchaser shall, at its sole cost and expense, conduct a feasibility study to determine the adequacy of utilities available at the Property (including, but not limited to, water, sewer, electric and gas) to construct and operate its proposed facility.

(d) This offer is also expressly contingent upon Purchaser receiving authorization from its parent company Ploeger Oxbo Holding B.V., to consummate the acquisition of the Property within the Initial Due Diligence and Contingency Period.

Notwithstanding the foregoing, provided Purchaser is utilizing commercially reasonably efforts to complete the due diligence and contingencies in this Paragraph 4(a) through (d), and if Purchaser is unable to complete such due diligence and/or obtain all necessary approvals and consents within the Initial Due Diligence and Contingency Period, then upon written notice to the Seller, the Purchaser shall have the option to extend the Initial Due Diligence and Contingency Period and also simultaneously extend the date of Closing under Paragraph 5 of this Agreement for one additional 90 day extension period (“90 Day Extension Period”) without additional cost, provided such notice is given to Seller prior to the expiration of the Initial Due Diligence and Contingency Period. If the Initial Due Diligence and Contingency Period and/or the 90 Day Extension Period expires, then either Purchaser or Seller may terminate this Agreement by written notice of the other.

If any of the contingencies and due diligence requirements in this Paragraph 4 have not been satisfied or are found to be unsatisfactory to Purchaser in Purchaser’s sole discretion on or before the expiration of the Initial Due Diligence and Contingency Period or the 90 Day Extension Period (i.e., 180 days after the Effective Date), as applicable, then this Agreement may be terminated by Purchaser.
upon the giving of written notice of such termination to Seller provided such notice is given on or before the expiration of the Initial Due Diligence and Contingency Period. If Purchaser does not terminate this Agreement in accordance with this paragraph prior to the expiration of the Initial Due Diligence and Contingency Period, as the same may be extended by the 90 Day Extension Period, then the Deposit shall become entirely non-refundable to Seller.

It is understood that the contingencies set forth herein are for Purchaser’s benefit and may be waived by Purchaser in writing at any time.

The date of Closing shall also be extended for an additional 90 day period if Purchaser elects to extend the Initial Due Diligence and Contingency Period in Paragraph 4 of this Agreement. Closing shall take place at Purchaser’s attorneys’ office or at a location selected by Purchaser’s lender. Purchaser shall have possession and occupancy of the Property from and after the date of Closing, free and clear of any leases, tenancies or rights of occupancy.

6. **Deed/Title Search/Survey.** Seller will deliver to Purchaser at closing a properly signed and notarized Bargain and Sale Deed with lien covenant. At least ten (10) business days prior to Closing, Seller will furnish and pay for fully guaranteed tax, title and United States Court searches for the Property, dated or redated subsequent to the date of this Agreement (the “Searches”). Seller shall be responsible for and shall pay the cost of redating and continuation of the Searches to and including the Closing. Seller shall also prepare, at Seller’s sole cost and expense, an instrument survey of the Property dated or redated after the date of this Agreement for use by the Purchaser in conjunction with its proposed site approvals and for obtaining good and marketable title to the

The instrument survey shall be prepared or re-dated and certified to meet the standards and requirements of the Genesee County Bar Association, Purchaser's lender, and of the responsible agency for subdivision, if applicable. Notwithstanding anything to the contrary stated herein, Purchaser shall be responsible for up to $2,500.00 for the cost of the instrument survey map required for the Subdivision Approval (as hereinafter defined). Seller shall be responsible for obtaining all requisite approvals from any governing body having jurisdiction for subdivision or separation approval of the Property which shall be effected upon the filing of a subdivision plan map (the “Subdivision Approval”). Purchaser and Seller agree to promptly make joint application for Subdivision Approval and diligently pursue the application. The final approval, upon conditions acceptable to Purchaser and Seller, shall be obtained on or before the last day of the Initial Due Diligence and Contingency Period, as the same may be extended.

7. **Closing Costs.** At Closing, Seller shall pay any required transfer tax as well as any recording charges necessary to render good and marketable title as provided herein. Purchaser shall pay for any fees incurred for recording the deed and the mortgage and shall pay any mortgage recording taxes except as otherwise provided in Paragraph 8 below. Except as otherwise provided herein, each party shall bear its own costs, legal fees and expenses incurred hereunder without any claim against the other.

8. **Seller’s Title.**

   (a) Within ten (10) business days after the Purchaser’s receipt of all of the title documents for the Property, including an updated survey and redated abstract, Purchaser's attorneys shall deliver to Seller’s attorneys a written notice of any defects, encumbrances or other objections to title other than those to which this sale is subject. If it should appear that the Property is affected by any outstanding interest, or questions of title which render title unmarketable, or the intended use of the improvements illegal (being in violation of any effective law, ordinance, regulation or restriction), and as to which Purchaser is not obliged to take subject to in accordance with the terms of this Agreement, Seller shall have the option of either: (i) removing such outstanding interest or questions of title rendering title unmarketable or discharging such interest, for which purpose Seller shall have a reasonable time from the receipt of Purchaser's written notice, but in no event beyond the date of the Closing as set forth in Paragraph 5 above, or alternatively, (ii) promptly terminating this Agreement. Notwithstanding the foregoing, if the Property shall be affected by any lien or encumbrance which may be discharged by the payment of an ascertainable amount, then it shall be Seller’s obligation to discharge such lien or encumbrance. If Seller shall be unable to convey a good and marketable title, subject to and in accordance with the provisions hereof, Purchaser shall have the right to cancel this Agreement by giving written notice of such cancellation to the Seller whereupon all liability by reason of this Agreement shall cease; provided, however, if either party secures a commitment for title insurance containing standard exceptions only and provided that Purchaser agrees to accept title insurance as the solution to Seller’s title problems, then Seller shall pay the cost thereof and in such event this Agreement shall remain and continue in full force and effect. Purchaser may, nevertheless, at its option, accept such title as Seller may be able to convey, without reduction of the purchase price or any credit or allowance against the same and without any other liability on the part of the Seller. SELLER EXPRESSLY DISCLAIMS, AND PURCHASER ACKNOWLEDGES SUCH DISCLAIMER, ANY REPRESENTATIONS OR WARRANTIES OF ANY KIND REGARDING THE PROPERTY EXCEPT AS EXPRESSLY SET FORTH HEREIN, INCLUDING, WITHOUT LIMITATION, ANY REPRESENTATIONS OR WARRANTIES Regarding THE PHYSICAL CONDITION OR ENVIRONMENTAL COMPLIANCE OF THE PROPERTY. Consulting assistance on local labor policy reporting and conformity for projects

At the October 1, 2019 meeting, the GCEDC staff presented a sample proposal from Loewke Brill Consulting Group, Inc. on how they could assist companies that will have to report to the GCEDC under the local labor reporting requirements, including assistance with waiver requests and finding local contractors to bid their projects.

The GCEDC Staff had requested a quote for the costs related to a project in Pembroke. A copy of the application for incentives were sent to Loewke Brill for them to calculate the fee. They submitted the following:

$20,210 - 18 Inspections ($325 per visit), 18 Monthly Reports ($690 per month), 1 time set up fee ($1,250), assume 3 waiver requests ($230 per waiver)

The time period was determined by what the projects listed for the duration of construction in their applications. GCEDC staff has the following recommendation which is consistent with prior approvals:

**Fund Commitment:** $20,210 to be paid out of deposit from company.

**Committee Action Request:** Recommend to the full Board to move forward with a proposal from Loewke Brill Consulting for a project in Pembroke. This project will be making a deposit to cover all of the costs associated with the local labor inspection process.

Re: Proposed Supplement to Engagement Letter for STAMP Project -
Scope of Work for STAMP Business Park Association

Dear Mark:

Thank you very much for the opportunity to continue to assist the Genesee County Economic Development Center
(and Genesee Gateway Local Development Corporation) with the STAMP Project. The purpose of this letter is to
supplement our existing engagement letters (collectively, the “Engagement Letter”) relating to STAMP. This
supplement describes our proposed scope of work for creation of a STAMP business park association, and the
estimated legal fees for same, as set forth on the attached “Updated Scope of Work”. Upon receipt of your approval,
we will bill you on a monthly basis for such work as fees are incurred, consistent with our existing engagement. As
described on the attached “Updated Scope of Work”, the estimated legal fees assume that litigation is not pursued by
the property owners with respect to each easement taken.

If you are in agreement with the foregoing, please confirm same by signing and returning a copy of this letter to me.
Of course, if you have any questions, please let me know. Thanks again.

Sincerely,

Phillips Lytle LLP

STAMP Project - 3/15/2023 Supplement to Phillips Lytle Engagement Letter
Additional "Updated Scope of Work"
STAMP Business Park Association

1. STAMP Business Park Association: GCEDC is evaluating the formation of a business park association (the "Association") to handle de minimis property obligations for the STAMP project site, excluding the area to be used as a substation and the areas reserved for commercial/retail use (the "Site"). Formation of the Association would require compliance with New York General Obligations Law, including the submission of an application to the New York State Department of Law in compliance with Cooperative Policy Statement No. 7. The application will require the preparation of a declaration encumbering the Site and the negotiation of the declaration with existing or expected property owners including Plug Power and Edwards Vacuum (or their respective affiliates) and the entity that will manage the de minimis property obligations, NY Green, Inc. In addition, the application would include the preparation and/or marshalling of additional deliverables, including, but not limited to, statutorily required affidavits, a budget for the de minimis property obligations, along with documentation supporting the budget, deed(s) for the portions of the Site that will be maintained by NY Green, Inc., instrument survey maps for the Site and a legal description for the Site. Further, the application will need to be reviewed by the New York State Department of Law and may require revision and further negotiation based upon comments received from the New York State Law Department. Phillips Lytle will represent and assist GCEDC relative to the foregoing matter on an as needed basis.

Est. Legal Fees for formation of a STAMP Business Park Association: $25,000 - $30,000*

* the foregoing scope of work and fees assumes that no additional property owners or other entities will be involved in negotiation of the declaration. In addition, the scope of work does not include the costs of any deliverables that are to be provided by third parties. The foregoing also does not include any disbursements for filing and recording fees, which we estimate will be approximately $1,100 - $1,300.

Survey for Edwards Genesee Real Estate Transaction

Discussion: The GCEDC asked four companies for bids to survey the two parcels that are covered under the PSA and the Ground Lease agreement with Edwards:

The Instrument Survey Map shall show acreage inclusive of the rights of way, if any, show all recorded encumbrances, meet all of the Minimum Standard Detail Requirements for ALTA/NSPS Land Title Surveys and be certified as an ALTA/NSPS survey. The Instrument Survey Map shall be certified to meet the standard requirements of the Genesee County Bar Association and, if applicable, meet the filing standards for subdivision as set forth by the responsible agency of the county in which the Property is located.

The PSA calls for Edwards to reimburse us for the survey up to $2,500.

The results of the bids are as follows:
1. Bid of $7,760 – Frandina Engineering and Land Surveying
2. Bid of $6,500 - Welch & O’Donoghue
3. Townsend & Lamedola declined to bid

Fund Commitment: Not to exceed $6,500 to Welch & O’Donoghue for STAMP survey work from operating funds.

Board Action Request: Approval of survey contract for STAMP.

RE: STAMP ALTA surveys for Parcels A and B on Project Kingfisher
Alabama, NY

Dear Mr. Masse,

We have been preparing surveys at the STAMP site since its inception when the first parcels were assembled to create this world class industrial park. We are thoroughly familiar with every parcel and can be trusted to continue to provide accurate surveys as the project progresses.

Our quote is $7760 for the ALTA surveys of Parcels A (50 acres) and B (30 acres), as outlined on the “STAMP Master Plan – Project Kingfisher” map dated October 2022.

- It is assumed that the new parcel boundaries will follow the new road along the eastern boundary and the wetland buffer will form the proposed southern boundary.
- It is assumed that the new installed utilities will be located as per the CAD files supplied by CPL. No underground utility investigation is included in this proposal.

This is a one-time ALTA survey of the current existing conditions. It is not an As-Built of any future, proposed construction.

Our quotes assume:
- NYS Prevailing wage rates good until June 30, 2023
- No snow cover
- ALTA 2021 Table A items 1,2,3,4,6,8,11b,13,18.
- Certification parties to be supplied by the lender.

Boundary Survey
- Deeds, easements, title reports and existing surveys to be provided, prior to our field survey
  - Owner or client to provide current deed with legal description
  - We do not do title searches
  - Complete copies of the most recent title commitment is required PRIOR to starting work
No permitting or submission to municipal authorities
- Stakeout of corners (monuments) is included (if ALTA item #1 is checked)
- Zoning report to be provided (if ALTA Item #6 is checked)
- If easements are to be plotted, (if Item #18 is checked), the current title report must be provided before we start our mapping.

We must have these items PRIOR to starting the work, if not, extra hourly fees will be charged if received AFTER our survey is completed to cover the extra time to review the report and revise the survey.

TOPOGRAPHIC SURVEY
- Survey topographic limits - NOT INCLUDED
  - (only if #5 is checked) – NOT INCLUDED
- Utility locating Quality level C:
  - (only if #11 is checked)
  - Only visible utilities shall be located and inverts on accessible sewer structures shall be measured
  - No excavation, test pits or other methods of locating underground utilities are included.
  - We will request all available utility or record drawings within the survey limits thru an 811 DIGSAFE request.
  - However, they only provide information within the public right of way limits of the road and will not cover private services outside of the right of way.
- Record Drawings: Please provide any available record drawings prior to our field survey to aid in the mapping.
- Standalone trees, over 6” in diameter, will be located, and the size will be noted
  - wooded lots will be delineated by an outline of the tree line
- If soil borings or wetland flags are to be located, they should be installed prior to our field survey. No extra trips are budgeted for this.
- We will use the vertical datum of NAVD88 and the horizontal datum of NAD83, unless an assumed or other datum is specified.

DELIVERABLES
- 1 combined drawing showing both parcels
- The control points will be listed in a table on the drawing
  - no tie sheets will be prepared, please advise if they are needed.
  - no permanent bench marks will be set, please advise if they are needed.
- CAD file (Version 2023) and digitally stamped PDF of completed survey
- 4 paper copies of final stamped survey, no mylars
This quote includes the draft completed survey and then 1 round of comments from the lender. We have experienced comments from multiple lenders on ALTA surveys extending several months beyond our draft survey so we will address additional multiple comments at an hourly rate of $145 for CAD revisions.

Thank you for requesting this quote from us and please sign below if you want to proceed. Please confirm receipt of this quote.

Very truly yours,

Rosanne Frandina, PE, LS
President

Re: Survey of Approximately 80 acres on Crosby Road – Town of Alabama, Genesee County, NY. Parcel “A” containing 50+- Acres and Parcel “B” containing 30+- Acres

Dear Mark,

Thank you for the opportunity to provide you with a quote for surveying services in connection with the above referenced project. Based on a review of the document you provided, I have the following proposal.

The cost to provide you with an ALTA survey and Subdivision Plan would be $6,500.00

Per the ALTA Standards, I will need an up-to-date Commitment for Title Insurance to reference on the face of the ALTA Survey at some point before we can finalize the surveys. I would need six weeks to complete the work from the time of receiving notice to proceed.

If you have any questions or would like to discuss the details of the scope of the project, please contact me. The best number to reach me is my cell 585-455-0581.

This will also cover their oversight of the tree planting for north of the substation access road.

**Fund Commitment:** $30,000 to be covered under the $8 million.

Discussion: As part of their construction of their hydrogen facility, Plug Power would like to utilize the approximate 6.5 acre parcel directly to the south of their site as a construction parking area. Plug Power will be responsible for all DEC permits (except the Part 182) and compliance.

Fund Commitment: None.

Committee Action Request: Recommend approval of access agreement.
ACCESS AGREEMENT

THIS ACCESS AGREEMENT (this "Agreement") is made and entered into by and between PLUG POWER with an address of 6840 Crosby Road, Basom, New York 14013 ("Grantee"), and GENESEE COUNTY INDUSTRIAL DEVELOPMENT AGENCY D/B/A GENESEE ECONOMIC DEVELOPMENT CENTER, with an address of 99 MedTech Drive, Suite 106, Batavia, New York 14020 ("Grantor").

WHEREAS, Grantee desires to enter onto certain property, (which is more particularly described in Exhibit A attached hereto, the "Property"), for temporary parking purposes as set forth herein, and Grantor has agreed to grant Grantee the right to enter thereon for the purposes stated herein.

NOW, THEREFORE, in consideration of the sum of a one time payment of $10,000 paid by the Grantee to the Grantor, the parties hereto agree as follows:

1. Grant of Access/Use. Grantor hereby grants to Grantee and its employees, agents, consultants and contractors (collectively, "Grantee's Representatives") a non-exclusive, revocable license to enter upon the Property for the sole purpose of using it as temporary parking area for its construction workers ("Parking Project").

2. Term. This Agreement shall commence on the last date written below (the "Execution Date") and shall terminate upon the earlier of (a) that date that is two (2) years after the Execution Date; or (b) upon written notice for Grantee to Grantor that Grantee has removed the contents of its Parking Project and in fact all such contents have been removed and the Property has been returned to its original condition as existed immediately prior to the commencement of the Term of this Agreement as more fully set forth below.

3. Holdover. In the event Grantee holds over past the expiration of the Term of this Agreement the consideration therefor shall be $500 per month.

4. Interference. Grantee and Grantee's Representatives shall utilize commercially reasonable efforts to minimize disruption to Grantor's use of the Property, and to prevent damage to the building, structures and other improvements on the Property or any personal property of Grantor and others located at, on or near the Property, if any.

5. Compliance with Laws. In using the Property for temporary storage, Grantee and Grantee's Representatives shall obtain all permits required under, and shall otherwise comply at all times with all laws, rules, regulation, orders, directives and requirements of any kind imposed by any federal, state or local government or any agency or instrumentality of any such government which are applicable to the Grantee’s use of the Property, including without limitation any state or federal environmental laws and Grantee shall cause its employees, representatives, agents, contractors and subcontractors to so comply.

6. Part 182 and SEQR. The Grantor has performed a SEQR review of the proposed parking area and issued a Negative Declaration as a result. The Grantor is also in the process of
securing a Part 182 permit to allow for year round use of the area for temporary parking and will handle all mitigation associated with that permit.

7. **Third Party Access to woods.** The Grantee will not construct, or cause, any impediment to the third party owner of the wooded area west of the proposed parking area. The Grantee will ensure that the third party has a clear access to the wooded area from Crosby Road.

8. **Indemnification.** Grantee hereby assumes any and all risks associated with the use of the Property by Grantee, its employees, agents or representatives. Grantee hereby agrees to indemnify, defend and hold Grantor, its employees, agents and representatives harmless from and against any and all claims, demands, damages, expenses, losses, fees, costs, liabilities, obligations, penalties and/or suits or other actions (including reasonable attorneys and expert fees) arising in any way from the use of the Property by Grantee, or from any acts or omissions of Grantee, its agents, employees or representatives on the Property. Grantee shall promptly repair any damage to the Property caused by any Grantee Representatives and return the Property to as near as reasonably practicable to the condition it was in prior to the date of this Agreement including insuring that the property is free of trash and debris. All provisions contained herein relating to Grantee's obligations or insuring and indemnifying Grantor and restoring the Property shall survive any termination of this Agreement.

9. **Temporary fencing.** If the Grantee installs fencing, or other security improvements, to the property they must remove all of those improvements at the termination of the lease. Any other disturbance caused to the property by the Grantee must be restored back to its original condition prior to termination of the lease.

10. **Insurance.** Grantee shall, as a condition to the grant of the rights provided herein, comply with the insurance requirements set forth at Exhibit B attached hereto.

11. **Grantor Rules.** Grantor shall have the right to establish and enforce reasonable rules and regulations concerning this Agreement and Grantee's use of the Property and compliance with said rules and regulations by Grantee.

12. **Assignment/Subletting.** This Agreement is personal to Grantee and Grantee agrees not to sublease or assign it without the prior written consent of Grantor. Any purported assignment or sublease by Grantee shall be void *ab initio* and a basis for immediate termination of this Agreement.

13. **Binding Provisions.** This Agreement is intended for the exclusive benefit of the parties hereto and shall not be for the benefit of, and shall not create any rights in, or be enforceable by, any other person or entity.

14. **Governing Law.** This Agreement shall be governed by the laws of the State of New York as to, including, without limitation, matters of validity, construction, effect and performance, but exclusive of its conflicts of laws provisions.
