Re: Project Double Reed Application to GCEDC - Project Application Requests

Dear Mark,

On behalf of Stream Data Centers, we are pleased to submit this formal response to the Project Double Reed application requests issued by the GCEDC on January 5, 2026.

Enclosed for your review is the revised application, including all associated exhibits, technical summaries, and the completed SEQRA EAF Part 1 Form. To facilitate an efficient review of these updates, we have also included a Comment Response Matrix. This matrix provides a detailed, point-by-point breakdown of how each request has been addressed within the revised materials.

We appreciate the GCEDC's diligent review of this project in accordance with SEQRA guidelines. Should you have any questions or require further clarification, please do not hesitate to contact us.

Sincerely,

Bradley Wells
