Application for Financial Assistance – Genesee County Economic Development Center

Date: May 22, 2015

Project Name: Project Rubicon

Project Description: Warehousing buildings consisting of approximately 205,000 sf of new space combined between 2 new buildings adjacent to and contiguous with the existing plant/warehouse structure. Also included is a new warehousing/traffic office structure.

Project rationale: The rationale for the new buildings consists of several key elements:

- **Efficiencies** – necessary to compete in the domestic and growing international markets
- **Safety** – necessary to improve the safety environment that our employees work in by reducing the opportunity for safety related incidents
- **Quality** – necessary to further develop hygienic juncture between material handling and production spaces within the overall footprint of the operations; required by regulations, customers and good manufacturing practices
- **Growth** – additional room is needed to facilitate local growth at the O-AT-KA plant.

Project Benefits to Labor: In addition to providing a safer work environment, Project Rubicon provides opportunity for sustained growth through efficiency improvements and space to manufacture and store new products. Labor assumptions factored into the project include:

- **Sustained employment** for existing employee base. There will be reductions in labor as a result of elimination of duplicate touches or moves of raw materials and finished goods, however these employees will be offered an opportunity to take on other positions in operations where the hiring of skilled labor has proved to be difficult in recent months.
  - Estimate displaced workers = 7, absorbed elsewhere in operations, net = 0
- **Growth assumptions**, otherwise not sustainable, without this project:
  - **Years 1 to 3** over base period starting counts (base = 325 per NYS MN-45):
    - Union manufacturing positions = 14
    - Sales and Customer service positions = 3
    - Administrative support & management = 4
    - Total new positions = 21
- **Wage and Benefit growth**:
  - **Existing employees retained**:
    - Wages increases at an average of 3%/yr = $565,000/yr
    - Benefits @ 44% of wages = $248,000/yr
    - Subtotal = $813,000/yr
  - **New employees**:
    - Hourly and union employees: $14 to $22 per hour
      - Annualized equates to $39,000 to $50,000 pp
      - Annualized in aggregate = $741,000/yr
- Benefits @ 44% of wages = $326,000 yr
- Subtotal = $1,067,000 yr

- Management, office and supervisory would add to this
  - Total wages & benefits attributable to wage increases on retained positions plus that of new positions = $1,880,000 yr

Ownership: O-AT-KA is owned by two other cooperative organizations whose percentage of ownership can vary from year to year based on a rolling seven year ownership base determined by the value of the dairy products they supply to O-AT-KA each year. At present the ownership is approximately as follows:
- Upstate Niagara Cooperative, Inc. @ 93%
- Dairy Farmers of America @ 7%

Part 3 - Determination of significance. The Lead Agency is responsible for the completion of Part 3. For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation that the proposed action will not result in any significant adverse environmental impacts.

ATTACHMENT TO APPLICATION FOR FINANCIAL ASSISTANCE

Local Labor Workforce Certification

Project applicants (the “Company”), with projected / committed capital investment for facility construction of greater than or equal to $5,000,000, as a condition to receiving Financial Assistance (including a sales tax exemption, mortgage recording tax exemption, real property tax abatement, and/or bond proceeds) from the Genesee County Industrial Development Agency d/b/a Genesee County Economic Development Center (the “Agency”), will be required to utilize qualified Local Labor, as defined below, for all projects involving the construction, expansion, equipping, demolition and/or remediation of new, existing, expanded or renovated facilities (collectively, the “Project Site”).

Local Labor Defined

Local Labor is defined as individuals residing in the following Counties: Genesee, Orleans, Monroe, Wyoming, Livingston, Wayne, Ontario, Seneca, Yates, Niagara, Erie, Chautauqua, Cattaraugus and Allegany (collectively, the “Local Labor Area”).

Local Labor Requirement

At least 90% of the total number of Project employees, excluding construction project management, of the general contractor, subcontractor, or subcontractor to a subcontractor (collectively, the “Workers”) working on the Project Site must reside within the Local Labor Area. Companies do not have to be local companies as defined herein, but must employ local Workers residing within the Local Labor Area to qualify under the 90% local labor criteria.

It is understood that at certain times, Workers residing within the Local Labor Area may not be available with respect to a Project. Under this condition, the Company is required to contact the Agency to request a waiver of the Local Labor Requirement (the “Local Labor Waiver Request”) based on the following circumstances: (i) warranty issues related to installation of specialized equipment or materials whereby the manufacturer requires installation by only approved installers; (ii) specialized construction for which qualified Local Labor Area Workers are not available; (iii) documented lack of Workers meeting the Local Labor Area requirement; or (iv) cost differentials in bids whereby use of local labor significantly increases the construction cost of the project. Prior to the granting of said waiver, the lowest bidding contractor which bid said construction project using local labor would have the right of first refusal to bid and match the lowest bid as a remedy to ensure compliance with this policy. Comprehensive documentation and justification will be required including documented evidence and verification by GCEDC staff or agents that the “right of first refusal” remedy has been effected unsuccessfully.

GCEDC Application effective 4_7_15
The Agency shall evaluate the Local Labor Waiver Request and make its determination related thereto based upon the supporting documentation received with such waiver request.

Local Labor Reporting Requirement

Companies authorized to receive Financial Assistance from the Agency will be required to file or cause to be filed a Local Labor Utilization Report (the "Report") on such form as made available by the Agency, and as directed by the Agency, which will identify, for each Worker, the city, town, or village and associated zip code that each such Worker is domiciled in. The Report shall be submitted to the Agency or its designated agents as follows: (i) immediately prior to commencement of construction activities; and (ii) on or by the next following quarterly dates of January 1, April 1, July 1, and October 1 and each quarterly date thereafter through the construction completion date.

The Agency, or its designated agents, shall have the right, during normal business hours, to examine and copy the applicable books and records of the Company and to perform spot checks of all Workers at the Project site to verify compliance with the Local Labor Requirement throughout the construction period.

Enforcement

If Agency staff determines that: (i) the Local Labor Requirement is not being met; or (ii) upon use of its reasonable discretion, discovers or becomes aware of a compliance issue related to the Local Labor Requirement, then written notice delivered by Certified Mail of said Local Labor Requirement violation (the "Notice of Violation") shall be provided to the Company.

The Company shall have 10 business days thereafter to either:

(i) provide written confirmation to the Agency indicating that it has cured the violation and is now in compliance with the Local Labor Requirement;

(ii) submit the Local Labor Waiver Request as described above; or

(iii) confirm in writing its inability to meet the Local Labor Requirement.

If the Company does not respond to the Agency's Notice of Violation, or if the Company confirms its inability to meet the Local Labor Requirement then the Agency shall immediately terminate any and all Financial Assistance being provided to the Project in accordance with the terms of the underlying agreements between the Agency and the Company with respect to the Project. If a Local Labor Waiver Request is submitted and the Agency declines to issue the requester waiver, then the Company shall have 10 business days after receipt of the notice of the waiver request denial to provide written confirmation to the Agency indicating that it has cured the violation and is now in compliance with the Local Labor Requirement. If the Agency does not receive such confirmation, the Agency shall then immediately terminate any and all Financial Assistance being provided to the Project in accordance with the terms of the underlying agreements between the Agency and the Company with respect to the Project.
The foregoing terms have been read, reviewed and understood by the Company and all appropriate personnel. The undersigned agrees and understands that the information contained herein must be transmitted and conveyed in a timely fashion to all applicable subcontractors, suppliers and materialmen. Furthermore, the undersigned realized and understands that failure to abide by the terms herein could result in the Agency revoking all or any portion of Financial Assistance, whether already received or to be received by the Company, as it deems reasonable in its sole discretion for any violation hereof.
