Marcia Hagelberger, Town of Darien Resident

II. CALL TO ORDER

The public hearing of CLP Darien Lake, LLC was called to order at 4:00 pm at the Darien Town Hall.

A notice of this public hearing describing the project was published in the Batavia Daily News, a copy of which is attached and is an official part of this transcript. The notice of public hearing was read to attendees.

III. PROJECT SUMMARY

C. Suozzi described the project as follows:

Darien Lake is investing $5.2 million into new park attractions and construction of new accommodations. Specifically, they would like to construct new cabins/accommodations for multi-family units, and install a new "launch ride" and laser light attraction. These upgrades will help Darien Lake add an additional six (full time equivalent) employees to their organization over the next three years after completion of their project. These additional six employees will bring Darien Lake's annual full time equivalent employees to 428.

Of the $5.2 million investment Darien Lake would like assistance on $2.52 million worth of investment. The GCEDC is seeking to assist the project with a sales tax exemption in the amount of $181,600 and property tax abatement based on the increase in assessed value estimated at $147,339.

Darien Lake History:
Darien Lake provides over 400 full time equivalent jobs with an estimated annual payroll of $11 million. Furthermore, Darien Lake generates approximately $2.5 million in revenues to local governments and school districts annually via property tax and sales taxes generated from the park.

Darien Lake was acquired by CNL Properties, a lifestyles properties real estate investment trust from Jacksonville, FL, in 2007. Darien Lake continues to be a major employer and economic contributor here in Genesee County and has made significant investments in our community despite an incredibly challenging economy. They remain one of the largest economic drivers in Genesee County and hire as many as 2,000 seasonal employees.
IV. COMMENTS

Mr. Suozzi accepted the following comments from attendees:

Michael Plitt first thanked Bob Montgomery and Darien Lake for their investments in Darien. He then said that he would not be representing the Town of Darien residents well without discussing the cost verse the benefit of having Darien Lake located in the Town of Darien. He mentioned that he was concerned that they did not receive any of the mortgage tax proceeds and that because much of the property has a PILOT on it they are unable to receive their full share of the sales tax generated in Genesee County.

Bob Montgomery commented that it is in the Town of Darien’s best interest and they will receive the best value from Darien Lake if investments are being made and the Park grows and attendance increases. If investments are not made less people will visit the Park resulting in less income for the Town of Darien.

Mr. Montgomery also commented that changes are being made to the concert venue. They are increasing their capital investments, increasing their security presence, they put up a fence to control people coming into the parking lot, they are taking a second look at the types of acts that are performing and they are looking into sound issues.

Mr. Plitt mentioned that criminal cases actually cost the Town money; it is not a revenue generator like speeding tickets. Funds generated from criminal cases are sent to the state, so it actually costs the Town money to prosecute criminal offenders.

Mr. Montgomery added that he wished that criminal offenders could be treated tougher as he feels like they are “bluffing” in a lot of cases because not a lot is done or can be done. They do hope that as the word gets out that this type of behavior will not be tolerated that there will be less criminal arrests made. Other changes are being discussed to combat under aged drinking, tail gating, drinking in the parking lots and changes to the entrance and exits of the parking lots are being looked at.

He mentioned that they are starting to bring local venues into the park like Anchor Bar buffalo wings and Webber mustard and that a major ride attraction is planned for 2014.

Mr. Montgomery sees the most growth from people who stay overnight verses the day visitors. In 2016 Darien Lake will be sold and in the end he hopes that we can work together to ensure that the Town of Darien has the right operator for Darien Lake that will offer stability. The Park will not be stable unless investments are being made.

Dave Hageleberger noted that Darien Lake should see a reduction in their County taxes as they were able to send the County $50,000 to help reduce taxes for the Town of Darien residence and businesses.
